### RECORD OF DAILY OCCURRENCES AMONG INDIANA PEOPLE.

#### Interesting Events Gathered by Wire For the Benefit of Our Readers—What is Happening in All Sections of the State—Notes.

Nashville, Ind., April 5.—Solomon F. Hines, a leading attorney of this county, who was shot by Charles Henderson last Saturday night, is dead. There had been trouble between the two of long standing over some land and it was renewed on Friday at Storyville at the Democratic primary election. On the next day Hines and Henderson met at Stone Head, a small village of this county, and it is reported that without provocation Henderson fired the fatal shot. Considerable excitement prevails on account of the murder. Henderson is under arrest.

#### W. E. ENGLISH.

#### How He Assisted a Baptist Church at His Birthplace.

Lexington, Ind., April 4.—A year ago a mortgage was foreclosed on the Baptist church here. The congregation was given one year in which to redeem the property. Some one was struck with the idea of appealing to Hon. William E. English, who was born here, to assist in raising the indebtedness, basing the claim to his charity on the ground that this town was his birthplace and the church members were poor. Mr. English promptly replied that if the congregation would raise one-half of the debt he would pay the other. The money was raised and Mr. English sent his check for \$323.

#### INDIANA CROPS.

#### Bright Outlook For the Hoosier Farmers This Year.

Indianapolis, April 5.—Captain J. B. Connor, chief of the state bureau of statistics, reports that there are excellent

prospects for generous crops of all kinds, including fruit of every description. He believes that this will be the best year for crops and fruit Indiana will have seen for a long time. The wheat crop, he says, is very promising with the exception of some low land places where the floods did some damage. Most of the low land, he reports, however, is reserved for corn.

#### OFFICERS ELECTED.

#### Action of Northern Indiana Teachers' Association Meeting.

Kokomo, Ind., April 4.—At the closing session of the Northern Indiana Teachers' association, held here Saturday, the following officers were elected: President, W. C. Bellman, of Hammond; vice-president, Charles E. Vanmeter, Muncie; secretary, Miss Beula Evans, Marion; recording secretary, G. W. Ellis, Goshen; treasurer, W. A. Millas, Attica. The next meeting will be held at Fort Wayne in March, 1899.

#### Judge Donahue Dead.

Greencastle, Ind., April 4.—Judge D. C. Donahue died suddenly at his residence Saturday night. He had apparently been in good health and was on the streets a short time before death. He was born in Paris, Ky., 84 years ago. Judge Donahue was one of the commissioners of colonization sent to Hayti by President Lincoln and had held other government positions. He was also a member of the Tenth Indiana regiment.

#### To Make Meal Out of Potatoes.

Indianapolis, April 5.—State Treasurer Scholz has received a letter from John G. Neumann, formerly of Evansville, now of Cincinnati, stating that he has invented a process for making meal out of potatoes. The invention, Mr. Neumann believes, is one that will attract wide attention, and he has about decided to establish the first factory for the manufacture of the meal in this city.

#### Lake Shore Freight Wreck.

Waterloo, Ind., April 4.—Late Satur-

day evening a freight train on the Lake Shore and Michigan Southern was wrecked on the main tracks at the station here. #### Old Landmark Burned.

Greencastle, Ind., April 2.—The residence on the old Black homestead, one mile west of the city, burned yesterday. The residence was one of the landmarks of the county.

#### Strike Postponed.

Elwood, Ind., April 5.—The window-glass strike has been postponed. The executive committee of the cutters and flatters reported no decision at Pittsburg and will wait several days to hear from the different locals before acting. The point at issue is the avowed intention of manufacturers to put in nonunion men should there be a strike.

#### Ancient Runjag.

Tipton, Ind., April 5.—Frederick Trautman has in his possession a pair of silver knee buckles worn by his grandfather, who served under Washington, and also a runjag made of oaken staves, now called a canteen, which was part of a soldier's outfit in the war of the revolution.

### GOVERNMENT RECEIPTS.

#### Comparative Statement of Monies Received and Disbursed.

Washington, April 2.—The comparative statement of the government receipts and expenditures during March shows that the total receipts were \$32,958,750, a loss of about \$3,000,000 as compared with march, 1897.

The expenditures during March aggregated \$31,882,444, an increase of nearly \$5,000,000 over March, 1897. This increase is largely due to expenditures under the recent appropriation for the national defense.

The customs during the month were over \$7,000,000 less than March a year ago, which were then abnormally heavy on account of the pending tariff act. The receipts from internal revenue increased last month about \$1,000,000.

#### Senate and House.

Washington, April 5.—The senate yesterday, after listening to four set speeches on the Cuban situation, took up the sundry civil appropriation bill which was under consideration for the remainder of the day. The house passed the bill authorizing the president to erect fortifications on private land where the consent of the owner was received without waiting for condemnation proceedings.

#### Public Debt.

Washington, April 2.—The statement of the public debt issued shows that the debt at the close of business March 31, less cash in the treasury, was \$1,008,716,351, a decrease for the month of \$1,387,865.

The receiver's bond was fixed at \$300,000. At the offices of the insurance company nothing could be learned regarding the receivership. The company was organized last November. Its capital was filed at \$200,000 and, as each share sold at \$115, a surplus of \$30,000 was added to the company's capital. The concern has large offices magnificently fitted up.

#### FRANK EARLY.

#### Condemned Wife Murderer Still Hopes His Life Will Be Saved.

Columbus, O., April 5.—Frank Early, the Cincinnati wife murderer, who is under sentence to be electrocuted April 14, still hopes his life will be saved. He still claims his crime was not premeditated and that he did not intend to shoot his wife. He says the testimony

about his making threats against his wife was false. "I did not threaten to kill her and had no intention of doing so," he said to a reporter. His mother is in the city and visits the condemned man every day. Warden Coffin has frankly told her that he didn't believe there was much cause for hope.

#### MONONGAHELA MINERS.

#### Ten Thousand Diggers Expected to Be on Strike Tomorrow.

Pittsburg, April 5.—All indications point to a general suspension of coal mining along the Monongahela river and by tomorrow it is expected 10,000 diggers will be on strike. The operators have been requested by the miners to acknowledge the interstate agreement and comply with its terms. Thus far only a portion of the firms have acceded to the demands and the others propose to fight it out with their employees and the United Mineworkers' association.

#### FIENDISH WORK.

#### Pen of Fine Hogs Brutally Cut to Pieces by Vandals.

South Charleston, O., April 5.—Some inhuman wretch or wretches entered the hogpen belonging to Warren & Duffendal and brutally cut to pieces 18 fat hogs. The instrument used must have been a meatax or a cornknife. The pen presented a sickening sight, as some of the animals, while horribly mangled, yet had strength enough to walk about. No reason is known for the deed.

#### Relief For Cubans.

Omaha, April 5.—The World-Herald has collected \$10,258 in cash and 18 carloads of supplies of all sorts for the relief of Cubans. About \$6,000 will be spent in buying four more carloads of supplies here and the remainder of the sum will be remitted in cash to the Cuban relief commission at New York. There are over 7,000 contributors to the fund, scattered all over western Iowa, South Dakota, Nebraska and northern Kansas.
