Remember the Beatty Fair at Steele, Sept. 15 and 16. A great time is expected.

A number of students will soon leave this city to take up their work in the various colleges.

Miss Grace Miller returned the latter part of last week from an excursion trip to Niagara Falls.

Have you a premium list of the Portland fair? If not send to C. O. Hardy, Secretary, for one.

For Trade.—A three year old Jersey cow with calf. Will trade for sheep. Address, F. J. Houk, Decatur, Indiana. 25-2

The Fair to be held in Beatty's grove, Blue Creek township, September 15 and 16 promises to be a grand success.

The Portland Fair Association has a new regulation race track. Over \$1,000 in purses on the races alone are offered.

An Elizabethan seal top silver spoon weighing one ounce and a half was sold in London recently for \$150; that was \$100 an ounce. This is a record price for old silver.

Here is a recommendation which a Berkshire county (Mass.) farmer gave an incompetent man who had worked for him: "This man has worked for me a day and I am satisfied."

Des Moines, Iowa, last year had a Semi On Sed festival and many of the people wish it was repeated annually. The title looks weird; examination shows that it is the name of the city reversed.

The police pension board of Chicago has awarded a pension of \$1,250 a year, which is half police captain's pay, to the widow of Inspector Michael J. Schaak. He served the city twenty years as catpain of the police.

The entry books of the Portland fair are now open. Entries in the speed department close at 6 p. m. on day preceding races. Entries in the exhibition departments close Sept. 26, at 6 p. m. Make your entries now. Address, C. O. Hardy, Sec'y.

R. K. ERWIN.
The first monument to the dead of the war has just been completed. It stands in the suburbs of Cincinnati, and bears a tablet to the memory of the fallen heroes of the Sixth Ohio Volunteers. It is one hundred feet high and upon the four sides bronze tablets, bearing the inscriptions have been placed.

The mosquito was doubtless created for some wise end, but it is not easy to tell what that end is, unless it is to afford the race a wholesome but painful reminder that life was not intended to be all a picnic. The original plans and specifications of the mosquito included a thirst for human blood, and the insect is still built in the old way.

A Kalamazoo crockery dealer was just closing up his store for the day when one of his customers, a grocer, came in in a great hurry. "Here," said he, "I packed this jar full of butter and the jar split from top to bottom. Perhaps you can explain the phenomenon." "Oh, yes, I can," was the ready reply, "the butter was stronger than the jar."

There was a high, though deserved compliment to Americans in the reply which the British consul is said to have made to a Spanish woman of Manila, who had gone to him, after Dewey's victory and asked for protection. "Madam," he is reported to have replied, "honor and virtue are safer in Manila today than they have been for 300 years."

A Clever Trick.
It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back and weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. The New Albany Tribune says. The colored troops have fought nobly, patriotically and bravely in two wars; and there has not been known an instance where a colored regiment, or company or man flinched in the hour of danger. And now it begins to look as if the government will have to depend on colored troops to discharge absolutely necessary garrison duty in Cuba and Porto Rico.

Last year says an exchange, hunters thought they saw many quail, but when the season opens this fall they will find that the 1898 crop is much larger. Quail can be found in every field and on every fence. One reason for this is that the winter was not severe. Quail breed fast and it requires lots of shooting to exterminate them. Given mild winters and the quail are as hard to wipe off the face of the earth as the English sparrow.

Ten Million Wheelman.
It is stated by competent authority that there are ten million people in America who are bicycle riders. Probably each one gets an average of one hurt in a season, and that is just when Henry & Johnson's Arnica & Oil Liniment gets in its good work. Nothing has ever been made that will cure a bruise, cut or sprain so quickly. Also removes pimples, sunburn, tan, or freckles. Clean and nice to use. Take it with you. Costs 25 cents per bottle. Three times as much in a 50 cent bottle. We sell it and guarantee it to give satisfaction or money refunded.—Page Blackburn druggist.

A man who has lately been in eastern Michigan says apples are plenty and cheap there. If so, it is the only place except northern Texas that has any to keep or ship. The majority of orchards in this country are old and have been neglected until the fruit they bear is limited in quantity and poor in quality nearly every year, however favorable the season may be. Before the young trees now growing come to bearing, good apples will not be plenty here.

Chronic Diarrhoea Cured.—This is to certify that I have had chronic diarrhoea every since the war. I got so weak I could hardly walk or do anything. One bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy cured me sound well. J. R. Gibbs, Fincastle, Va.

I had chronic diarrhoea for twelve years. Three bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy cured me. S. L. Shaver, Fincastle, Va.

Both Mr. Gibbs and Mr. Shaver are prominent farmers and reside near Fincastle, Va. They procured

the remedy from Mr. W. E. Casper, a druggist of that place, who is well acquainted with them and will vouch for the truth of their statements. For sale by Holthouse, Callow & Co. s

David Pence, who farms near Cherubusco, Ind., is either a monumental liar or has had a strange experience. He claims a large bull snake robbed a guinea's nest of eight eggs upon which the bird had been setting. He killed the snake, and noticing a bulging out near the center cut the snake open, found the eight eggs intact, placed them back under the hen, and now has eight chipper young guineas as a result.

A Philadelphia policeman the other day received a letter informing him that a "speak easy," by which term an unlicensed saloon is designated, was in operation near Franklin and Spring Garden streets. His detective instinct was at once aroused and made an investigation, only to discover that he was the victim of some practical joke. The place referred to, proved to be an Episcopal church for the deaf.

Three Terre Haute sportsmen were having good luck squirrel hunting on a farm in Vermillion county, Indiana, when a farmer appeared and pleasantly told them that they were trespassing. The hunters departed, after telling in forcible language what they thought of the farmer. "I'll see you later," said he. That afternoon they were summoned to appear next morning for trespassing. They did so and found that the farmer was ex-Governor Matthews. Their fun cost them \$40.

In speaking how to protect the game fish in Indiana streams and get rid of the German carp, Judge Elliott of Marion county, says: "The only way to get rid of the carp is to permit seining at certain times of the year. Let the law state the time and when it may be done, and between seasons, compel all owners of seines to deposit them with a fish warden or some one authorized to take care of them. Seining will remove very few of the game fish. The law ought also to make dynamiting of streams a penitentiary offense."

Millions Given Away.
It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on Page Blackburn, druggist, and get a trial bottle free. Regular size 50c and \$1. Every bottle guaranteed or price refunded.

Keeps Folks Well.
It is better to keep well than to get well, although when one is sick it is desirable to get well. When considered that eight-tenths of the ailments that afflict the American people are caused by constipation, we shall realize why it is that Baxter's Mandrake Bitters "keeps folks well," or if sick, enables them to get well. Baxters Mandrake Bitters cures constipation. Price 25 cents per bottle. Why not step in and get a bottle and by using it be assured of good health through the trying hot months. We sell it and guarantee it to give satisfaction or money refunded.—Page Blackburn, druggist.

In addition to the complete up-to-date exhibits in the various buildings, the Portland fair has secured the most exciting special feature ever exhibited on a fair ground, a trained animal exhibition and European circus each day of the fair, Sept. 26, 27, 28, 29 and 30.

Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little one was unequal to the struggle, and its life was yielded up to the fearful poison. For six long years I suffered untold misery. I was covered with sores and ulcers from head to foot, and no language can express my feelings of woe during those long years. I had the best medical treatment. Several physicians successively treated me, but all to no purpose. The mercury and potash seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. We got two bottles, and I felt hope again revive in my breast—hope for health and happiness again. I improved from the start, and a complete and perfect cure was the result. S. S. S. is the only blood remedy which reaches desperate cases.

Of the many blood remedies, S. S. S. is the only one which can reach deep-seated, violent cases. It never fails to cure perfectly and permanently the most desperate cases which are beyond the reach of other remedies.

S.S.S. For The Blood

is PURELY VEGETABLE, and is the only blood remedy guaranteed to contain no mercury, potash, or other mineral.
