

Modest Women

Modesty in women is no less a charm than beauty and wit. Is it any wonder that women afflicted with physical disorders peculiar to their sex shrink from personal examinations by male physicians? The weaknesses and irregularities of women may be recognized by certain unfailing symptoms. Backache, headache, bearing-down pains, irritability and extreme nervousness indicate derangement of the delicate female organism. Bradfield's Female Regulator is the standard remedy for characteristic diseases of women.

FIGHT AT OLANGAPO

REAR ADMIRAL WATSON'S SHIPS BOMBARD THE TOWN.

Marines Land, Capture the Filipino's Works and Have but One Man Wounded—Town Riddled by Shells and a Big Krupp Gun Destroyed.

Manila, Sept. 25.—The United States cruiser Charleston, the monitor Monterey and the gunboats Concord and Zafiro, with marines and blue jackets from the cruiser Baltimore, left Cavite Sept. 18 and, as already cabled, proceeded to Subig bay to destroy an insurgent cannon there.

Owing to the bad weather the operation was postponed until Saturday when the warships for three hours bombarded the town of Olangapo and the entrenchments where the gun was situated.

Men from the Charleston, Concord and Zafiro were then landed under a heavy insurgent fire, proceeding to the cannon which was utterly destroyed by gunboats and then returning to the warships.

Americans had one man wounded during the engagement.

The Monterey opened fire with her secondary and main batteries, the Charleston and Concord joining immediately. The insurgent cannon answered, the first shot passing close to the Monterey's smokestack. The gun was fired twice only.

The American bombardment then became general and the Monterey advanced to a range of 600 yards, using her main battery.

Two hundred and fifty men were landed about 800 yards east of the cannon, under severe Mauser fire from the shore. The men from the Charleston were the first to reach the beach, but the Concord's men were the first at the gun. The cannon was found to be a 16-centimetre Krupp gun, presumably obtained from the Spaniards.

Meanwhile the warships continued to shell the shelving beach on the east and west side to silence the insurgent fire upon the sailors from the trenches skirting the beach.

Cadet Brinzer, with the Concord launch, armed with a Gatling, did excellent work on the left of the landing party. Captain Myers of the marines captured a muzzle-loading field piece. Lieutenant McDonald was in command of the landing party and the movement was splendidly executed and controlled.

The number of the Filipinos could not be ascertained, and no dead were seen.

The Monterey fired for four hours—21 shots from her 10-inch guns and 17 from her 12-inch guns. The town, which was riddled with shells, took fire at several points.

Ordered to Attend Dewey Reception.

Seattle, Wash., Sept. 23.—Captain Coghlan, commandant of the Port Orchard drydock, has been ordered east to attend the Dewey reception. He was in command of the Raleigh during the battle of Manila.

The archbishop of Canterbury has in his keeping the book in which the signatures of all royal brides and bridegrooms married in England are written.

MISS JULIA DENT GRANT

Married to Prince Cantacuzene at Newport, R. I.

Newport, R. I., Sept. 25.—In accordance with the rites of the Russian Orthodox church, Miss Julia Dent Grant, daughter of Brigadier General and Mrs. Frederick Grant and granddaughter of General Ulysses S. Grant, and Prince Cantacuzene, Count Spersky of Russia, were married last night. Simple and impressive ceremonies were conducted by Father Hotsky of the Russian church, New York, in the parlor at Beaulieu, the summer residence of Mr. and Mrs. Potter Palmer.

The statutes of the United States still remained to be conformed with before they were man and wife, and the conformation took place today at noon in All Saints Episcopal church. The summer colony here, as well as the numerous friends, diplomatic, military and civil, crowded the church to witness the ceremony.

NEW FINANCIAL BILL

To Be Submitted to a Caucus Before Being Referred to a Committee.

Washington, Sept. 23.—A prominent Republican member of the next house of representatives yesterday informed a reporter of the Washington Post that it was the purpose of General Henderson of Iowa, who will be the next speaker, to submit the new financial bill, drafted by a special committee of Republicans, to a Republican caucus soon after the house is organized and have it considered in caucus before reference to any committee. By this plan it is hoped to avoid any wrangle over the proper reference of the bill and to secure speedy action on it in the house.

THREE MEN KILLED

Boiler Explosion in a Gin—Girl's Feet Blown Off.

Pottsville, Pa., Sept. 26.—The boiler at Henderson & Mangus gin blew up yesterday afternoon demolishing the building and killing Engineer Grant Corder, Pressman Nann Steele and a boy named Jones. Miss Jones, sister of the boy, had both feet blown off and a thigh broken in two places.

Run Down Two Sectionmen.

Jefferson, Wis., Sept. 25.—A special train on the Chicago and Northwestern railway, carrying a theatrical troupe from Janesville to Jefferson Junction, while rounding a curve three miles north of this city ran down a handcar containing two sectionmen, James Anderson and William Smith. Anderson was instantly killed, and Smith sustained injuries which the doctors say will prove fatal.

Stung to Death by Bees.

Alliance, O., Sept. 26.—John Carson, a farmer, aged 65, of Newton Falls, was stung to death yesterday by bees. Carson desired to work in his apiary and, to quiet the bees, burned sulphur. This only enraged the bees, however, and they swarmed over him, stinging him in hundreds of places. He made his way to the house, where he fell to the floor. Several hours later he died.

The Inevitable.

"So the whole thing ends in both of us being obliged to give up the throne," said one Samoan king. "Yes," answered the other. "It's the old story of competition being crushed out by combines. If you're not in the syndicate there's only one thing to do, and that's to abdicate."—Washington Star.

New York, Sept. 26.—Captain Charles D. Sigbee yesterday hurriedly left his vessel, the battleship Texas, which is at anchor with the rest of the fleet in the bay, and started for Rheoboth Beach, Del., having received a telegram from that place announcing that his daughter Ethel had died there suddenly of heart disease.

Warned.

"Did I understand you to say something about teaching the young idea how to shoot?" asked a Clay county (Ky.) citizen.

"Yes," answered the man who is interested in the work of education.

"Well, so far as this part of the country is concerned you're working on the wrong line. What you want to do is to watch the boys at recess and lam the first one that brings a gun to school with him."—Washington Star.

AWFUL EARTHQUAKE

REV. S. JACKSON DESCRIBES THE SHOCK IN ALASKA.

People in Doors Hurled Violently Across Their Rooms—Houses Are Rocked and Bells Rang—People Fled to the Hills Panic Stricken.

Port Townsend, Wash., Sept. 25.—Concerning the recent earthquake along the coast of Alaska, Rev. Sheldon Jackson, educational agent for Alaska, writes as follows from Yakutat under date of Sept. 17:

"The first shock was experienced on Sunday, Sept. 3, but being slight, caused no alarm. During the following five hours there were 62 distinct shocks, culminating at 3 p. m., in a shock so severe that people of Yakutat were hurled violently across their rooms, or if outside, they were thrown to the ground while pictures fell from the walls and dishes and crockery crashed on the shelves and the houses rocked and swayed and whirled while the mission bell rang violently in the shaking church tower.

"Panic stricken, the inhabitants regained their feet and attempted to flee to the hills, only to be again and again thrown to the earth. Gaining the hills and looking seaward, they were transfixed with horror as they saw a great tidal wave, apparently a wall of water, 30 feet high approaching with the speed of a race horse, that would engulf their village and sweep away their homes. Before the shore was reached the earth opened in the bottom of the harbor and into this chasm the tidal wave spent its force and around it the sea swirled like a great maelstrom. This saved the village from destruction. The tide would rise 10 feet in the space of four or five minutes and in an equally short time go down again. These sudden fluctuations were frequently repeated. Tents were pitched on the hills back of the village and nearly the whole population are camping out, fearing that another tidal wave may come. From the 10th inst. to the present time there have been frequent shocks, one having occurred this forenoon.

"Great spruce forests for miles along the shore were uprooted, broken into pieces and massed into great piles with a roar that was deafening. Large rocks, weighing 40 tons or more, were rolling over one another down the mountain like so many pebbles.

"Hubbard glacier, with its two and a half miles of seafront and thousands of feet thick, extending for miles back to the summit of the mountain, broke from its mooring and with a grinding, indescribable roar that shook the surrounding hills, moved bodily from one-half to three-quarters of a mile into the sea."

STAGE TRAGEDY

Leading Lady in "Mr. Plaster of Paris" Kills the Leading Man.

Chattanooga, Tenn., Sept. 23.—Julia Morrison, leading lady of the "Mr. Plaster of Paris" Farce Comedy company, shot and killed Frank Leiden, leading man of the company, last night on the stage of the city opera house just before the curtain rose for the performance to begin. Three shots were fired by the woman, all taking effect in Leiden's head, and he was dead in a few minutes. The woman was arrested and taken to the city jail.

It appears that they quarreled over the woman's alleged bad acting. Leiden accusing her of being but an amateur. The woman claims that Leiden repeatedly insulted her; that he had made improper proposals to her, and in self-defense she shot him. The verdict of the coroner's jury was to the effect that the murder was premeditated and wholly unjustifiable. The woman's husband, a man named James, has been arrested as the instigator of the crime.

COULDN'T BE A PRINTER

Young Man Becomes Annoyed at the Attention of a \$20,000 Heiress.

Columbus, Sept. 26.—Maud Danielson, the 5-year-old heiress of Granton, N. J., who ran away from her uncle's home to see her sweetheart, William Asimus, a young printer here, and who the police are detaining upon orders from her uncle, will be sent home today in company with an officer. Her uncle claims she took \$150 of his money when she left. Young Asimus was annoyed by the girl's letters and told the authorities of her whereabouts. Miss Danielson is said to be one of three heirs to an estate estimated at \$60,000.

Consul Willshire Butterfield.

Omaha, Sept. 26.—Consul Willshire Butterfield, a brother of the wife of Pere Hyacinthe, whose marriage created such a sensation in Catholic circles some years ago, is dead at his home in South Omaha. Butterfield was the author of several widely read historical works, principally relating to revolutionary times, and the years immediately succeeding.
