A number of arrests have been made at Jeffersonville at the direction of the irate fathers whose daughters have eloped and married, although not of legal age. The Same Old Story. J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States, and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, S. C. For sale by Holthouse, Callow & Co.

Instead of letting the rose bushes grow straight up, bend over the larger canes and hold them down with a hooked peg of wood. When so treated new shoots will start from the whole length of the cane, and it is on this new wood that the flowers will be produced. Even the hybrid, or June roses, which bloom but once during the season, treated in this manner can be made to produce flowers through a much longer season.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of ye scribe. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer time.—Lansing Journal. For sale by Holthouse, Callow & Co.
