"THE BABIES' FRIEND."

FOR a quarter of a century FOLEY'S Honey and Tar has been curing babies of croup and whooping cough. In that time it has saved thousands of little lives and every year it goes on saving more. Physicians who have tested it know FOLEY'S Honey and Tar is the best medicine for little folks and much superior to the old time mixture of ammonia mixtures, so often prescribed by doctors, and which are so often ineffective. It's entirely free from opiates and it's unconditionally guaranteed. Little folks like it. BANNER SALVE is the greatest healer known.

Arbor Day Tree-Planting.

To Superintendents, Teachers and Pupils of the Public Schools.—The governor has issued his proclamation for the observance of Arbor Day and given good reasons for its religious regard. The future esthetic condition of the state depends upon the conduct of the people in tree-planting, for the adornment of public grounds, premises and roadsides. The kinds planted and care afterwards is very essential to good results. For planting select thrifty trees, four to six feet or under in height, of the "sugar maple," "linden," "white" and "red" elms, "yellow poplar," "red," "scarlet," "laurel" and "white" oaks, "white" and "green" ash "buckeye," "catalpa," "locusts," "chestnuts," "flowering dogwood," "mulberry," "service berry." For the "evergreens," "Norway maple," and other foreign varieties, I shall be glad to give information for their purchase at from \$4 to \$8 per 1,000, young seedlings. In taking up the trees, use great care not to strain or tear the roots and leave intact all the fibrous roots possible, as this will mean much for the success of the planting. In planting make good excavations and fill with soil, see that the roots are not cramped; set at least two inches deeper than the tree naturally grew to overcome upheaval by freezing, and protect by tree boxes or otherwise. To stimulate more extended planting, urge pupils to gather seeds and store them for spring plantings. The nuts of the "walnut," "hickory" and "beech," acorns of the best oaks and seeds from the "ash," "sugar," "catalpa" and "locusts" may be gathered and cured in a light airy room. Before the ground freezes, scoop out, on a well drained site, trenches two to six inches deep and in them place the seeds, large in deep and small in shallow trenches, and cover with a few inches of chaff, and over all put four or five inches of dirt or sand. Leave in store till May, keeping guard against rodents, when they should be removed and all that show germination should be planted permanently in well prepared places immediately, as drying would kill the germ. Because the public schools are the hope of the country, and through them sentiment stimulated, I urge all to whom this is addressed to encourage the tree-planting habit by thought and action in the schools and communities everywhere. W. H. Freeman, Secretary of the State Board of Forestry.

The Harrison Monument.

To the Superintendents and Teachers of the Schools of Indiana. Greeting: Through the columns of the press your attention has been called to the movement to erect in Indianapolis, the state's capital, a suitable memorial to General Benjamin Harrison. There are in the nation and state, boards, committees, and other organizations which seek to enlist the people in a general movement which will result in a memorial commensurate with the ability, patriotism and distinguished services of the only president we have given to the nation. In Indiana there is an organization known as the "Benjamin Harrison Monument Association," the officers of which are Hon. Chas. W. Fairbanks, president; Hon. Evans Woolen, secretary; and Hon. Frederick J. Scholz, treasurer. It is the desire of this association to encourage the citizens of our own state to take the lead in the matter. Accordingly they have requested the department of public instruction to assist by directing that the schools of the state set aside a day to be known as Harrison Day on which there shall be suitable exercises, commemorating the life and work of Benjamin Harrison; further, to acquaint the pupils of the state and through them their parents with the movement to erect a memorial, and lastly to collect through the schools a fund that shall be known as the "school children's gift to the Benjamin Harrison monument fund." In accordance with these desires, I earnestly request that you comply with the following suggestions and instructions:

1. We shall devote the last one-fourth day of Friday, November 22, 1901, to such exercises as may seem proper to you to commemorate properly the patriotic services of Benjamin Harrison. All programs should be arranged to cover his life as a boy, an industrious and honorable young man, a soldier, a lawyer, a statesman, the president, a citizen. Benjamin Harrison was Indiana's most distinguished citizen, her foremost lawyer, and her only president. Why should we not impress upon the children of the state the great virtues of his life?

2. Acquaint the pupils with the movement to erect a memorial; and, if possible, have them feel a keen interest in its success. Through the children it is desired also to enlist the parents.

3. On the day of the program or subsequent thereto, as you may direct, collect from pupils such amounts as they wish to give to the memorial fund, limiting the amount to be given by each pupil to five cents, and by each teacher to ten cents. No pupil should feel that he must give, neither should he feel it a hardship to give; therefore, the instruction to accept no more than five cents as the gift of one child through the channel of the schools.

4. After collecting money the teachers should forward it to the county superintendent or, in cities, to the city superintendent. With the remittance there should be a statement of the amount, the name of the school, and the roll of pupils giving. (Do not state the amount given by each child.)

5. All collections should be forwarded promptly by the county and city superintendents to the Department of Public Instruction in the form of P. O. orders or drafts, payable to F. L. Jones. Forward, also, the roll of school donation and a statement of the amount given by each.

6. All of the collections forward as above will be sent in a single sum to the treasurer of the Benjamin Harrison Monument Association as the "School Children's Gift to the Benjamin Harrison Memorial Fund."

Trusting that you will give this matter your careful and immediate attention, I am Yours very truly

France Has Not Modified Her Attitude Toward Turkey.

Paris, Oct. 22.—The fact that France has not yet employed coercive measures to enforce settlement of the Lorraino claim by Turkey is due to the unsettled condition of the interior of that country. It is feared that such action might bring about the disruption of Turkey. The misgovernment of Macedonia, the excesses committed in Armenia, and the dissatisfaction in the island of Crete have reached such a point as to constitute a menace to peace. The powers, acting on the initiative of Russia and France, are now discussing the basis of an understanding for joint representations to the Porte and for eventually obliging the sultan not only to carry out the clauses of the treaty of Berlin relating to Macedonia and Armenia, but to give guarantees for further reforms and the settlement of numerous pending questions.

The opportunity will be taken to seek a fresh solution of the Cretan question. Russian appears to have sounded Germany on the subject and that the adhesion of Austria and Italy is considered certain. It is believed that Lord Salisbury, who proposed the Armenian reforms of 1894, will support the projected action. France, in the meanwhile, does not intend to waive her right of enforcing her present claims.

Ministers Unite.

Tell of Magic Results Brought About in Burning, Itching, Bleeding Skin Troubles By Dr. A. W. Chase's Ointment.

Dr. Chase's Ointment draws more praise from ministers, physicians and lawyers than any other medicine in the world. It is endorsed by every profession.

Extracts from their Letters.

Rev. W. N. Edwards, Baptist minister, 107 Trinity Place, Buffalo, N. Y., writes: "For over fifteen years the itching piles have been a source of constant annoyance to me and frequently, too, the suffering has become intense. At times there was bleeding and the itching and burning was beyond endurance. The results I have derived from Dr. Chase's Ointment have been magical and the benefits lasting. I feel it my duty to fellow sufferers to recommend it."

Rev. J. N. Van Natter, Methodist minister, Albion, Wis., writes: "My wife was terribly afflicted with protruding piles and contemplated a surgical operation when her notice was drawn to Dr. Chase's Ointment, and less than one box effected a cure."

"I then used it for an unsightly and troublesome skin affection, which baffled medical skill for twenty-five years. Dr. Chase's Ointment thoroughly cured it. For piles and skin disease it is worth its weight in gold."

Rev. Chas. Fish, Methodist minister, 102 Dunn Avenue, Toronto, Ont., writes: "Ten years ago eczema began on my ears and spread over my head and hands. During that time I was a great sufferer. I tried many remedies and some of the best physicians—specialists on skin diseases—treated me. The first box of Dr. Chase's Ointment gave much relief and five boxes completely cured me. I think my cure a marvel, and gladly recommend Dr. Chase's Ointment."

Just as good for every form of skin trouble, no matter how long standing, 50 cents a box all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.
