Charles Simcoe is now located in St. Louis where he is enjoying the accrued benefit of a lucrative position in the public schools of that city.

Gus Krouse who has been at Detroit, Mich., for the past three months, being employed at the Cadillac Automobile works arrived in the city today and has resumed his position with the Schafer Hardware Co., where he will be the general repair man. This firm have the agency for the Cadillac in this county.

Mrs. Robert Blackburn received another letter from her sister, Mrs. Lane McConnell of Whittier, California stating that the condition of her mother, Mrs. Charles Miller is unchanged, and that the doctors there entertain no hopes for her recovery. Mrs. Miller was stricken about ten days ago with paralysis and as she is very old lady the chances for her recovery are against her.

C. N. France better known as Charlie, will leave in a few days for Midland, Michigan, where he expects to make his future home, having accepted a very lucrative position there, the nature of which he does not desire to have mentioned at the present time. He will make his home with Jerry Archer and family who leave at the same time and who lately bought a large farm there near the city of Midland. Jerry and Charlie have always been citizens of this county and we hate to see them go but as the move seems to be for the best we wish them success at their new home.

William Doehrmann proprietor of the Peoples Restaurant of this city received word from his uncle at Fort Wayne announcing the death of his aunt, Mrs. Herman Miller. Mrs. Miller had been sick some time prior to her death but our informant was unable to inform us what the direct cause of her death was. She leaves a mother, three sisters and five brothers to mourn her loss. Mrs. Miller was formerly an Adams county girl being born and raised in Preble township, where she has a host of friends who will undoubtedly be surprised to learn of her death as her sickness was not known to be so serious.

Simon Phillips is the pioneer auctioneer of northern Indiana. He has lived in Bensselaer since 1849, and is 81 years old. He is six feet, seven and one half inches tall, and his form is as straight and erect, his eyes bright and his laugh as hearty as a man 50 years his junior. He declares that he will put up \$100 that he can outfight, out run and outjump any man of his age in Indiana. The only condition he makes is the fight must come off first, for he thinks by the time that is over the other man will be out of running and jumping. He has retired as an active auctioneer in favor of his son, Col. Fred Phillips, but some times takes the latter's place when he is sick. After he was 80 years old he cried four public auction sales in one week.

A few days ago while at Bluffton, on business for the firm he is traveling for, John Kern of this city purchased a fine full blooded hunting dog, at least that is what John told a number of his traveling friends but from all reports up to the present, the only good hunting the dog has shown is for his meals, still that is a good sign and John should not become discouraged. He purchased this dog from John Jones, who is quite a dog fancier, that is when some one is not looking or the owner is not around to see how much he fancies them, and he paid the handsome price of one dollar for the dog and he paid it in actual cash and not in stage money. Still John is satisfied with his bargain and proud of the dog.

The committeemen from Root township have selected their delegates to the state and congressional conventions those selected for the state being L. H. Boknecht as delegate and Charles Dirksen as alternate, and for the congressional Henry Zwick delegate and Charles Fuelling alternate.

J. Fred France, is a candidate for the democratic nomination for Mayor of Huntington, the primary to occur March 4. Hon. J. Fred is a native of this city and has hundreds of friends here who hope he may win the honor to which he aspires. He is well qualified and would make an admirable officer.

John Wilkie left for Delphos, Ohio, where he will again make his future home and will open up for himself a cigar and tobacco store, and also engage in the manufacture of cigars for himself. John came here last fall and took charge of the cigar factory for Blume and Bogner acting as foreman, but since being here he has been dissatisfied and has reached the above conclusion as being the best thing for him to do. John is a fine cigar maker and a thorough business man and we regret to lose him, but as the move is for the best we wish him all manner of success.

Ralph and George Miller gave a birthday party at the home of their parents Mr. and Mrs. Martin Miller on South Fifth street. Ralph is ten years old and George four and the event was duly celebrated. A number of their little friends were present and a merry time was enjoyed by speeches, singing, music, taffy pulling and playing various games. Those present were Dan Tyndall, Lucile, Rutha and Lilly Buhler, Richard Meyers, Grace Purdy, Verna Hammond, Charley Hammond, Verna and Edna Segur, Bessie Mann, Opal Haruff, Esther and Albert Cook and George Mann.

Jacob Loser, living north of Berne, is contemplating a visit to this native country, Switzerland. Mr. Loser is soon to have a sale and he says that he may go abroad soon thereafter. He came to this country 21 years ago and settled in West Virginia. His home was in the mountainous district south east of Charleston, the capital. Land in this section of the state was not adapted to farming and Mr. Loser went to Ohio. He says that people in his neighborhood were so poor they could not buy a postage stamp. After coming to Indiana Mr. Loser found farming a profitable business and he has since accumulated a great deal of property.—Berne News.

Fred Colchin, a boy aged about sixteen years, and who lives near the jail had the serious misfortune this morning to break his left leg between the knee and ankle. Fred was riding along on Third street on a horse that was not shod and in turning the corner at the Murray Hotel to come east on Madison street the horse slipped and fell, falling directly across the left leg of the boy. Several men who were sitting in Fred Scheiman's Meat Market at once hastened to the boy's aid and in a few moments had him liberated. They carried him into the shop and Dr. C. S. Clark was hastily summoned and reduced the fracture. Joe was then taken home where he will undoubtedly be confined for some time.

The fact has been brought to the notice of the Mayor and other city officials that some hoodlums or miscreants are taking great pleasure in shooting out the electric lights in the river bridge and also some of the lights out at the edge of town. Of course the city officials realize that these lights make good marks but is rather a costly pastime to the tax payers of the city and should at once be looked into. The large glass bulbs encircling the light cost the city on an average of one dollar apiece and at the end of the year when added up amounts to a very neat sum. This of course is not laid up against any honest citizen but is thought to be the work of several drunken hoodlums whose names we withhold, but who are under surveillance of the officers and should the guilty parties again be caught in the act of destroying the public property, he or they will be dealt with to the full extent of the law. The lights are placed there for a public benefit and not to furnish amusement or target practice for any special party. So the guilty one had better put an end to this kind of work and save themselves further exposing and needless trouble.

Passenger train No. 2, south bound on the G. R. & I., struck a man at Kalamazoo, Mich., Thursday morning. Neither the engineer nor any one aboard the train saw the man hit, and the discovery was not made until the train got to Vicksburg, nine miles away. At this station the body of a man was found lodged in the truck of the pilot, one arm having caught over the axle. One of the legs was gone. This was subsequently found at Austin lake, about half way between where the man was struck and Vicksburg. The body proved to be that of Benjamin F. Daniels, fifty-seven years old, residing in Kalamazoo.

With the opening of spring will come a demand for houses and Detroit is in need of a number. Here is an opportunity for some capitalist to realize on his investment and do a good turn for his town. The county recorders books for the past few days show many transfers. Scarcely a day passes that we do not receive inquiries for homes and real estate offices say they are unable to meet the demands for people who want to move here. City property and rents are higher this spring than ever before and it behooves some one to build new houses and at once. The city should not be stunted on account of a lack of homes.

Martin Ault an employee of this office, had a very narrow escape from death Friday morning. The water tank attachment to the gas engine was overflowing and he attempted to climb up to see what was wrong. The ladder slipped throwing him over against the large fly wheel of the engine and dragging his arm into the wheel. The speed of the wheel threw him down and away thus freeing his arm, which however was badly wrenched and is black and blue from his shoulder to the elbow. Had he fallen a half foot further he would probably not have been able to tell how the accident happened as it would have resulted in sudden death. Mart was certainly very fortunate in this mishap and states that he will be more careful in the meantime.

One of the best and largest sales of horses that was ever conducted in this city was held Saturday by the firm of Beery & Holthouse, at their Fashion Stables on North Second street. The sale opened promptly at ten o'clock and closed at three, after every horse that was advertised was sold at a fair price. The sale was conducted by Col. Fred Reppert who held the crowd by his clever auctioneering, at all times having the crowd present in good humor. He offered for sale fifty as fine horses as were ever placed on the block, including coach, draft, family and fast horses, and the cleanest and best bunch ever sold. The horses all brought a fair price, and the bidding was spirited owing to the fact that a great number of outside horsemen were present, and all desiring horses of this nature for the eastern market. The sale in all respects was a complete success and adds greatly to the reputation of this firm.

M. Krohn, manager of the Burt House cafe, received a letter Sunday from C. A. Day, Secretary for the Barnum & Bailey's circus offering him a position as lithographer and cartoon man for the coming season. In other words this means boss bill poster. This position carries with it a very handsome salary and is a responsible position to hold as the whole circus depends upon their advance guard. Mose is well versed in this line of work having followed this profession several years ago and should he accept he will be compelled to join the circus at Birmingham, New York by April 5th. Some of the boys here doubt very much what Mose is saying as they are under the impression that he will be an attraction in the side show and all he will be compelled to do is to sit all day long on a raised platform, pass himself off as a strong man and sell his photographs to the ladies who stand around and admire his form. Perhaps the boys are right but Mose says not, and we leave our readers to draw their own conclusions.
