

Ordinary clothing, it is pointed out, keeps the skin of man in almost complete darkness. A London physician advises that consumptives wear white clothing and that it be of linen or cotton, never of silk. Blue and violet pass the higher rays fairly well, and might be worn, but red, black, yellow and green transmit little rays, and should be avoided.

Mr. and Mrs. Frank J. Dunten, of Lagrange, were in the city Sunday on their way to Indianapolis. Mr. Dunten is grand chancellor of the Knights of Pythias of the state and will attend grand lodge in Indianapolis this week. The K. of P. order now numbers over 60,000. After attending grand lodge at Indianapolis Mr. Dunten will go to New Orleans La., next week to represent Indiana in the meeting of the supreme tribunal in that city.—Fort Wayne Journal Gazette.

Vince Bell and his grandson Dwight Bell, and Mrs. Sarah Wake had an exciting experience as they drove home from town Thursday. Their horse frightened at a baby carriage and it upset their rig and threw all of them out into the ditch. Luckily the horse did not run and none of them were injured and the buggy only slightly damaged—Bluffton News.

### STRONGEST PLAY ON ROAD

Is "The Girl From Kansas" Say  
Those Who Know

A masterly drama of life in the streets will be presented at the Bosse opera house on Saturday, September 29.

"The Girl From Kansas" is a play which thrills the nerves, stirs the souls, compels the tears and evokes the laughter of all who witness it.

It is a play that will make you look forward to its next visit with pleasure, and secure your hearty recommendation to your friends. In fact it is the strongest play of its class ever written. It touches the heart and leaves you a nobler man or woman.

The capable company presenting "The Girl From Kansas" are actors and actresses of undisputed ability, each with characters that fit them like a glove. The supporting company is above the average. Clever, dainty, catchy specialties will be distributed between acts, the tiresome overtures having been dispensed with. "The Girl From Kansas" has been royally received at all points, and there is no doubt that their visit to this city will be no exception to the rule. The advisability of securing seats in advance should be clear to all.

A new mail carrier made its appearance this morning at the home of Mr. and Mrs. Will Dorwin. and Will is busily engaged in receiving congratulations and handing out cigars.

The case of the state against Frank Smith, charging him with running an automobile contrary to law and taking the wrong side of the road was heard Saturday afternoon before Squire Stone and resulted in a verdict of not guilty and the defendant was discharged.

The grand jury at Bluffton returned indictments against Frank Cotton and John Wilson for perjury. If the case is proven the two boys will land in the penitentiary. This ought to be a warning to some of the people of this county that give testimony in court, and before the grand jury.

## ANNUAL FALL INSPECTION TRIP

### Officers of G. R. & I. Railroad Went Through Here.

On a special train, General Manager Hughart, of the G. R. & I. railroad, with other officials of the company including the division officers of both northern and southern divisions on the road, passed through this city Wednesday afternoon, on their annual fall inspection trip of the company's lines. In the party, besides General Manager Hughart, were J. W. Hunter, of Grand Rapids, superintendent of the northern division; R. E. Casey, trainmaster; B. H. Hudson, of Fort Wayne, superintendent of the southern division; J. Stewart, roadmaster of the northern division; Darius Wright, roadmaster of the southern division; C. L. Barnaby, engineer of maintenance of way; H. M. Large, Master Carpenter; and E. H. Barnes, chief engineer. They reached here shortly after noon from Richmond, and spent a short time looking into the manner in which the company's property had been kept. It did not take long, and they were here but a few minutes. They reached Mendon, spent the night. The trip extended over the entire northern division, concluding at Machinac, Michigan.

### HE IS AN ELOQUENT SPEAKER

Held the Audience Spell Bound for  
an Hour and a Half.

Mr. Culliss again gave evidence of his remarkable versatility in his lecture on "appearances" in the most masterly manner. For an hour and a half he held his audience spell bound or convulsed them with roars of laughter. Few speakers have the happy faculty of combining the eloquent, instructive and amusing address in such perfect harmony as he, and fewer still are able to present the practical lessons of life with such weight and character, and apply them in a manner so perfectly irresistible. His peroration was a master piece of oratory, and called forth a burst of applause, and sent everybody home feeling they had enjoyed one of the richest intellectual feasts that has ever been offered to the inhabitants of Decatur. Mr. Culliss expects to leave within a few days on his next season's evangelistic and lecture work, but he can feel sure that his many friends and admirers will watch his career with interest, and be ever ready to welcome him back to Decatur.

### CAMPAIGN IS OPENED.

Two Democratic Meetings Held Last  
Night.

The campaign in Adams county was formally opened last evening with speeches on the issues by Judge R. K. Erwin, Henry B. Heller, James T. Merryman and A. P. Beatty. Large and enthusiastic audiences at both Pleasant Mills and at the Boocher school house, in Jefferson township, greeted the speakers and gave expressions of approval of the position assumed by the democratic speakers. Indications point to a lively campaign and from this time on politics will be the absorbing topic. As a matter of information we will say that it is now too late for a person to move from one township to another and vote on November 6, and that after next, Saturday removal from your precinct will lose your vote.

We are glad to chronicle the recovery of J. W. Place whose illness and at one time serious dates back several months. He is sitting up part of the time eats and sleeps well and is daily gaining strength.

This year, while his crop is not quite so good as that of last year, he will also be able to pay for an acre of land for each acre planted to tomatoes.

## OTHER NEWS FROM GENEVA

### H. A. Fristoe Proprietor of the Economy Store—Township Schools Will Open Monday

The officers of the U. B. Sunday School are making a determined effort to increase the attendance of the school and are using a new method for getting and keeping scholars. A badge is given to each scholar and after three months of regular attendance the first badge is exchanged for a better one. At the end of six months regular attendance a still better badge is given out and at the end of nine months the scholar is given a solid silver badge. If the attendance has been regular for a year a solid gold badge will be the reward and it is believed that this method will be a great success in building up an already large school.

The stock of the Economy store has been invoiced and H. A. Fristoe, the new proprietor took charge of the same Tuesday though the store will not be opened to the public for several days yet during which time the room will be improved with paint and paper. Among other improvements Mr. Fristoe will install a new Forde Lighting plant. The new proprietor is here for business and will add to the already well selected stock, such lines of goods as are found in the racket stores of much larger places than Geneva.

A rather curious and odd looking specimen of horse flesh belongs to Fred Pyle. It is a last springs colt which is perfectly normal in all respects save for its ears and tail. These two extremes will never meet for the ears are just about one inch long and the tail isn't long at all because there is no tail just a long stump. The colt is growing nicely but will have to have ear trumpets and a feather duster.

The Wabash township schools will convene for the fall and winter sessions on next Monday and Trustee Henry Decker has all arrangements completed for the same. Eleven teachers are employed in the township schools and everyone of the eleven are splendid instructors. The attendance this year will be up to and probably even better than the average while the work will be better than ever.

F. M. Sullivan now has both his fast pacers here and it is probable that he will not race them any more this season. "Judge Askin" has a record of 2:11 in a winning race with a trial of 2:07 on a half mile track. "Billy G" has record of 2:19 with a trial of 2:12. Mr. Sullivan believes that the horses hitched double could do a mile in 2:12. Each has paced a mile in one minute and have done an eighth in 14 seconds. "The Judge" will be wintered here and trained for work next season on the Geneva Park Club's track.

A broad, scholarly, and sympathetic treatment of all educational matters.

A square deal to every educational interest. Such supervision of the township high school as will make its work a recognized and credited part of the school system.

Such conservative changes in taxation as will make it possible to further improve the rural schools by lengthening the term, securing better prepared teachers, and paying better wages.

## REV. MOON TO BE TRIED

A Warren Pastor Has Violated His  
Contract

The Moon which has been shedding the light of the gospel over the congregation of the Wesleyan church at Warren is now in a state of darkness.

Rev. William Moon, who has been officiating as pastor of the flock, is now charged by his church with a grave infringement of church law. It is said that he went to another church and preached without the consent of the pastor of the church visited. Besides this grave offense, Mr. Moon, who has heretofore shone so brightly, has become somewhat unorthodox in his views on the church doctrine, and to this disposition on his part exceptions are taken and he will be compelled to stand a trial before a committee composed of Elders J. J. Coleman, of Plymouth; C. S. Smith, of Wabash, and three lay brothers who will be chosen by the clergymen named.

It seems that Rev. Moon is not blamed so much for what he has done but his statement that he will do it again whenever he feels like it is what has brought about the charges.

One of the accommodating and good looking "hello" girls in the employ of the local telephone company could not wake up and get to the office on time, so a friend bought her an alarm clock. When it went off next morning she rolled over and said in her usual sweet tone, but asleep: "Line is busy; call again."
