Clerk Haefling has received a copy of the new clerk's bill passed by the legislature over the veto of former Governor Hanly. The bill contains the veto of Governor Hanly, and in that he says he vetoes the bill because supreme court decisions confirm him in the belief that it is the law without this additional bill. The law is a lengthy one and defines more explicitly that which belongs to the officer and the fees which go to the county. It is a great help to the clerk in this county, where they have rigidly followed what they believed to be the law. The additional fees will likely figure something like five hundred dollars a year, and will be a nice nest egg for Clerk Haefling, and his friends are all glad to see him get it.

The treasurer's office is already daily receiving taxes for the May spring installment, there being many coming in to wipe the slate of this indebtedness. The force in the office are just completing the work of making out the spring receipts and after that they will be prepared to handle the crowds, no matter how strong they come.

The auditor's office is receiving a new coat of wall paper and after the finishing touches are made it will fairly shine with neatness and cleanliness. It was a needed addition and will be appreciated by all that travel into that official sanctum.

GOODRICH TO RESIGN THE PLACE

Talk Winfield T. Durbin Being Made State Chairman.

Indianapolis, March 12.—According to arrangements made by the Republicans during the session of the legislature a meeting of the Republican state committee will be called some time within the next thirty days, when a state chairman to succeed James P. Goodrich will be chosen to fill out the unexpired term, ending in 1910. The preliminary plans for the meeting, it is understood, provide for the election of Winfield T. Durbin to the place. Harry S. New, it is said, is also talked of for the place, although he is reported as not being at all anxious to assume the chair. Durbin, on the other hand, it is said, has signified his willingness to fill out the unexpired term, and has said that he is willing to give it the time and attention required to shape up preliminary affairs for the state campaign of 1910. Charles F. Remy, formerly clerk of the supreme court, also has been mentioned for the place.

WILL BOOST PENNVILLE.

The Pennville Improvement Association has filed articles of incorporation with a capital stock of \$10,000 divided into shares of \$50 each. The object of the association is stated to be "to purchase, own and sell real estate, contract for and erect buildings, if desired, for either business or factory purposes; also to lease, trade or otherwise use for a profit such property as they may own." The incorporators are A. D. Parks, Pennville; Lewis W. Edmundson, Balbec; Byron P. Carroll, Charles C. Winget, Albert Paxson and Lowell P. Grisell, all of Pennville. The life of the association is to be fifty years. A board of six directors was named for the first year, the officers are A. D. Parks, president; L. W. Edmundson, vice-president, and Byron P. Carroll, secretary and treasurer. The intention of the new organization, it is said, is to have an active and important part in the rebuilding of the business section of Pennville, destroyed by fire several months ago.

ENLISTS IN THE U. S. NAVY

Leon Locke, of Bluffton, Left Yesterday to Report for Duty.

Leon Locke, only son of Landlord Dell Locke, of the Bliss hotel, was in Ft. Wayne yesterday accompanied by his mother, and completed all details of enlistment in the United States navy. He came home to spend the night and this morning reported back at Fort Wayne and took charge of a squad of ten men whom he will take to Norfolk, Virginia, where all of them report for duty. They passed through this city on the south bound 11:57 train over the Lake Erie and all appeared to be happy in anticipation of their navy service. Mr. Locke will doubtless prove a good man in the service and will doubtless receive advancement as he has had experience as a member of the state militia and is well versed in rules and regulations, tactics, etc. He probably will be on a training ship for a short time and then assigned to some battleship. —Bluffton News.

The Fort Wayne baseball enthusiasts are anxious that big Tom Railing of this city be given a tryout on the summit city Central League club and we understand that negotiations are now under way for his purchase from the Southern Michigan league. If given a chance there is no question about the big twirler making good at Fort Wayne, for they did not have any center mound decorators last season that has anything on Tom in pitching, hitting or base running. Then, too, Tom would draw big crowds from Decatur to Fort Wayne, as his following here is large and unwavering. A dispatch from Fort Wayne has the following to say in regard to the proposed purchase of the Decatur pitcher: Tom Railing, the lanky pitcher who is under contract to the Flint club, of the Southern Michigan league, would like to get a berth with Varnell's Central league club, and has written the local owner to attempt to secure his release from Flint. Railing was one of the best in the Wolverine league last year, hitting at the top of the heap with an average of .333, and fielding .965. He was used all year in the outfield mainly on account of his hitting, but at that is a pitcher that has enough to hold him with any minor league club. He pitched several games in this city against the Shamrocks for VanWert, and for some time was with Mart Cleary's aggregation. His work here was high class and a number of the fans would like to see him given a tryout with the local club.

This office has been called from all parts of the county today expressing delight over our published statement that the three mile gravel road law still stands, and that it was only amended instead of repealed. While there are many petitions pending and they would not have been repealed, yet there are many petitions that have not been made, but in the course of time, when the finances of the various townships will permit, petitions will be made and the roads built. Two years will see many more miles of good macadam roads added to the long list of good roads now on the tax duplicate. There is not a county in the state that has made the progress in road building as has this county, and they have done it too, with good will to every one concerned. This Washington township, is perhaps the best macadamized township in the county, there being but a few miles that is yet unimproved. But every township in the county has to a more or less extent taken advantage of the three mile law and made great progress with their roads. Several will be built this year, there being four contracts already made awaiting the sale of the bonds for completion, and one road will be sold at the next term of commissioner's court. Besides these, six roads were sold at the December session and they will be built during the coming summer. Other petitions are on the way, and we expect to see no letup in the macadamization of the roads in the county.

Joseph H. Vogelewede, guardian, vs. John Glutting, a petition was filed by the plaintiff for an order for the defendant to show cause why monthly allowance has not been paid. The order was made.

The Iona Runyun vs. Daniel Runyun divorce case is scheduled for Monday, and some of the boys are already looking ahead for the big show. It promises to be rich, rare and racy.

The Gallmeyer case, which comes up Tuesday, will be a warm member. It will likely take the remainder of the week to complete the hearing and get a verdict.

Four jury cases are calendared for the week following, and all this means the Adams circuit court promises to be a busy place for the remainder of the term.

MRS. MARSHALL IN HOSPITAL.

A letter from Governor Marshall, received yesterday, conveyed the news that Mrs. Marshall is in an Indianapolis hospital to undergo an operation, and the governor, therefore, is compelled to decline invitations to attend two banquets in Fort Wayne this week. The formal banquet of the stockholders of the Anthony hotel is to be held Friday evening, and the Shrine club banquet is to be given on Thursday evening. The governor had been asked to officiate as toastmaster at both functions. Mrs. Marshall did not state the nature of Mrs. Marshall's illness. —Fort Wayne Journal-Gazette.

DANNER-FUHRMAN WEDDING.

Sunday afternoon at 2:00 o'clock occurred the quiet wedding of Mr. Forest Wilbur Danner to Miss Irene Fuhrman. While the bridal couple was led to the marriage altar and during the ceremony a wedding march was played by Miss Pruda Adalia Danner, the groom's sister. Immediately after the ceremony was performed by the Rev. D. O. Wise, the newly married couple retired to the dining room, where they with their parents and relatives seated themselves around a sumptuous table loaded with all kinds of palatable eatables. After the dinner a song was sung by Master Harry Danner, after which other music was rendered. The groom is the son of Mr. and Mrs. Amos Danner, who are classed among the most prominent and reputable farmers of Adams county. For several years Mr. Forest Danner has taught school in the rural districts and displayed remarkable ability as a teacher. His character is admirable. He has engaged himself with a firm in Fort Wayne, and expects to do office work. He was dressed in conventional black. The bride, too, is a fine young lady and comes from one of Adams county's most prominent and prosperous farmers. She is the daughter of Mr. and Mrs. David Fuhrman, who live five miles south of Decatur. She is a jovial, sweet-spirited young woman, and possesses a beautiful character. She was dressed in a dark blue. The newly married couple expect to make their future home in Fort Wayne. May their life be one of continued joy and happiness.

Frederick G. Grumme, who for several years has been the secretary and manager of the local foundry of the Portland Foundry and Machine company, has tendered to the board of directors his resignation, effective April 1. He expects to go to Robinson, Illinois, where he will have charge of a similar plant owned by the same company. The business in the Robinson oil field has far outstripped that here and demanded the attention of a man of the experience of Mr. Grumme, who has devoted the last ten years of his life exclusively to that business. He will still retain charge of the buying of supplies for the local plant. In charge of the other duties, secretary and manager he will be succeeded by Charles E. Artman, who a few days ago, returned from Dallas, Texas. Grumme will also embark in the oil business at Robinson as an operator. —Portland Sun. Mr. Grumme formerly lived at Geneva, and is well known in this county.

Mrs. Clarence Baughman went to Bluffton today on business.
