

A NEW BANK EXAMINER

Indianapolis, Sept. 18.—Charles C. Kelley, the new bank examiner appointed by State Auditor Billheimer, entered upon his duties yesterday. His territory is in the northern part of the state. Mr. Kelley was formerly chief clerk in the state building and loan department and represented Starke and Pulaski counties in the legislature of 1907. Mr. Kelley is the state's fourth bank examiner. He succeeds Capt. J. H. Henry, resigned. The other examiners are Charles W. Camp, E. M. Hinshaw and J. W. Levings.

DID NOT BEGIN THE WORK

As had been confidently expected, the firm of Julius Haug & Co., of Decatur, which was awarded the contract for paving east Berry street with creosoted block, flatly turned down the job. The firm was represented at the meeting of the board of public works Thursday night by Attorney H. C. Hanna and not only declined to enter into the contract but asked that as much of its \$150 bidding deposit as exceeded the actual damage to the city by the firm's failure to enter into the contract be refunded. —*Fort Wayne News*.

BISHOP McCLOSKEY IS DEAD

Oldest Catholic Prelate in the United States.

Louisville, Ky., Sept. 17.—Right Rev. William George McCloskey, Catholic bishop of Louisville, and the oldest Catholic prelate in the United States, both in years and services, died at 7 o'clock this morning. The dead prelate had been bishop of Louisville since 1868 and a priest since 1852. He was born in Brooklyn November 10, 1823, and received his education at St. Mary's college, Emmitsburg, Md. After his ordination he spent a year in Mission work in New York and was then appointed to a chair in St. Mary's. He was a professor of moral theology and sacred scripture there for a time and in 1858 he became the first president of the American college in Rome, continuing in that post until made bishop of Louisville in 1868. Bishop McCloskey passed away as peacefully as though he were falling asleep. Death was due to a gradual lessening of the vital forces. For several weeks he had been growing weaker, but he was conscious and as alert mentally as ever. Shortly after 7 o'clock this morning he died.

The Adams County Horsechief association held a meeting in this city Saturday at the Grand Army hall, and from the secretary, John D. Stultz, we publish the following report of the meeting. The association was called to order at ten o'clock, and about the first business transacted was the election of officers, the old ones being unanimously called to serve for another year. The officers are T. J. Durkin, president, John D. Stultz, secretary, Michael Miller, treasurer, and James Hurst, captain. During the year past they have served the association faithfully and well and their re-election was well merited. A special meeting will be held on October 16, and at that time Captain Hurst will appoint his twelve lieutenants. The executive committee is composed of Homer Faust, C. H. Getting and C. A. Clark, and the delegate to the national meeting was given to James Hurst, with Fred Fruchte as alternate. The past year has been a successful one for the association, and the reports made were all pleasing to every member. The association is a benefit to the community and to every law-abiding citizen of the county, and they deserve the respect and confidence of everyone.

A crowd of young people enjoyed a day of pleasure Sunday when they proceeded to the country home of Mr. Henry Worthman, about seven miles west of the city. The day was spent in various ways to make the day a happy one, and those present report it as such. At the noon hour a sumptuous dinner was served by Mrs. Worthman and her daughter and it was as good a meal as they ever sat down to. Those who attended were Emma Terhaar, Amelia Weber, Lillian Meyers, Ode and Lettie Fullenkamp, Chas. and Joe Lose, Gus Puls, Lawrence Kleinhenn and Mart Flannery, of Kokomo, and Ollie Lochlin of Elwood, Ind. Toward evening they departed for home and also thanked the Worthmans for their way of entertaining.

The ladies of the Maccabees are all requested to meet at the hall tonight at 7:30 o'clock. Business of importance. Something doing.

Sunday was the birthday of J. C. Patterson and daughter Marie. In honor of the occasion a splendid birthday dinner was served at the home in Second street by Mrs. Patterson to the following guests: Mrs. Sarah King and Miss Rose King of Terre Haute; Mr. Will Lehne and Dr. and Mrs. Fred Patterson.

Harry Bowman, a brakeman on the Chicago & Erie, was painfully but not seriously hurt Saturday evening, while a west bound freight was switching in the yards here. Bowman was standing on the ladder between two cars when the air was thrown on and the train slackened so quickly that the cars jammed together and caught the man. His hips and legs were badly pinched and it was at first feared that the bones had been crushed. He was taken to the station and sent to his home at Huntington on the five o'clock fast train. A report from that city Monday said that Bowman was recovering and that it is not believed that he will suffer from any serious effects. It was a mighty close call, however, and the man's companions feared that he was severely hurt. It was at first reported on the streets that he had been killed and several people went out expecting to find this true. The young man's friends were glad to hear today that his injuries will keep him from work but a few days.

John Fleming, who for four years

past has served as agent for the Chicago & Erie railroad company at this place will leave on the 1st of this week for Kenton, Ohio, where he will assume a similar place. The change is a dandy promotion and while Mr. Fleming and wife will regret leaving here where they have made so many good friends, they are of course delighted with the advanced salary and the recognition of Mr. Fleming's services by his company. The family came here four years ago July 19th from Huntington and during that time, have been splendid citizens of Decatur. Mr. Fleming has been clever, accommodating and always on the job, looking out for his company's interests, but always gentlemanly and courteous and business like. Kenton is one of the best stations along the line, being a city of 10,000 population, located about twenty-five miles east of Lima. It is a good town, with numerous manufacturing industries and in the center of a splendid agricultural community. The Erie does a large business there and the increased salary for the agent is a half more than here. It has not yet been reported who will take Mr. Fleming's place as agent in this city, but this will be announced, no doubt, within a day or two.

WENT TO KENDALLVILLE

And Were Defeated by the Team of That Place.

The Decatur Shamrocks went to Kendallville Sunday morning, where they met the fast Kendallville team, and were defeated by the score of nine to nothing. Decatur had one of the best lineups they could find, but were unable to score at least one run. Tom Ralling and Harry Smith formed the battery for Decatur, and if they would have received proper support the score would no doubt be somewhat different. Some very sensational plays were made during the game, and Decatur is entitled to some of them. A return game will no doubt be played in the near future, and the locals will try hard to even up.

Miss Ruth was but a year old and her death was caused from cholera. The funeral services were held there Monday afternoon and interment will be made at that place.

DEATH OF ROBERT C. REYNOLDS

A Prominent Wells County Citizen is Dead.

After a long illness death came to the relief of Ex-County Commissioner Robert C. Reynolds, one of Bluffton's well known citizens, who passed away Friday evening at 5:30 at his home on west Market street. Death was due to a chronic disease of the kidneys. On last February Mr. Reynolds went to Indianapolis for an operation, the opinion of his doctors being that in such an ordeal lay the only hope of recovery. Mr. Reynolds was in the hospital for three weeks and in that time underwent three operations. After his return he showed some signs of improvement but the partial return of his health was only temporary and for the last two weeks he has been in a very precarious condition. —*Bluffton News*.

CELEBRATED 80TH BIRTHDAY

Springfield, O., Sept. 20.—Surrounded by her family, with the exception of her son, former Vice President Charles W. Fairbanks, and wife, who are in the Philippines, Mrs. Mary Adelaide Fairbanks celebrated her eightieth birthday anniversary yesterday at the home of her daughter, Mrs. M. L. Milligan, on south Fountain avenue. The markers will not only act as a mark of respect to those who are dead and gone, but it helps to distinguish the graves of the union soldiers at any time.

CURED HAY FEVER AND SUMMER COLD

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and the doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success."

THE HOLTHOUSE DRUG CO.

That the Indiana Lighting company meant business when they announced that they intended to pipe artificial gas into Bluffton was furnished with substantial proof today when the local manager, Henry Honeck, inserted advertising in the local papers, for fifty men, to commence work Wednesday morning, at Kingsland, to lay the pipe line into Bluffton from that point. The company will use all the men who are available and will have the line into Bluffton in the course of three to four weeks. They will then be ready to furnish gas just as soon as the city lines can be thoroughly tested and put in shape for the artificial gas. In fact, it is understood that Jack Monahan has orders to come here from Decatur to take up the work of putting the city lines in shape just as soon as he gets his work completed in that city. Many of the city lines here will not stand the test of the artificial gas and extensive repairs will be necessary. The action of the Fort Wayne company in piping gas into Bluffton gives an opportunity here for a gas fight, and if W. A. Kunkel and his associates in promoting a local company go forward there may be a lower rate. The Fort Wayne company has as yet no franchise stipulating a rate for artificial gas, but expects to get the same rate established that was named in W. A. Kunkel's franchise, one dollar per thousand. The council has stood positively against amending the old perpetual franchise and the Fort Wayne company has refused to relinquish the old franchise for a new one and the courts may have to decide the question. —*Bluffton News*.

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." It will cure you.

The American League of the True Chapter of Decatur will hold a meeting next Friday evening at the home of Mrs. Noah Mangold. The organizer and head of the league is R. G. Lewis, whose name is well known all over the land, as he is connected with nearly every magazine and publishing house in the country. The ladies who belong in this city take subscriptions for magazines and the subscriber not only gets his magazine but profits his community, since fifty per cent. of the magazine price comes back to his city, to the members of the league and to the chapter and to the chapter house fund. The movement in Decatur deserves support.

TO HAVE A SHORT CAMPAIGN

Anderson, Ind., Sept. 21.—Anderson Republicans have decided on a short campaign and it is announced that candidates for the various city offices will not be chosen until Oct. 16, which is the last day they may qualify under the law. It has not been decided as yet whether a primary election or a delegate convention will be used in choosing the candidates. As yet only two candidates for mayor have announced themselves. They are James Hurst and Dr. S. C. Newlin. No announcements have been made for the offices of city clerk or councilmen.

Mrs. Mary K. Jenkins, the old lady who became suddenly very ill Saturday evening at the home of Mrs. John France, where she was staying, remains in practically the same condition. Her physician stated that she was a trifle better this morning, but that this afternoon her condition re-

in my report to the public of April 4, 1906. I knew that some bad influence was at work and had been at work. Every city order that could be floated in the banks, amongst the laboring people, and the different supply houses were turned loose. The credit of the city was trailed in the mire of dishonor. Circuit court judgments were rendered against her. All because we had a valuable piece of property that some one wanted. All because the council had been listening to the advice of the Benedict Arnolds of our city. I, afterward, learned that some of our moneyed men had arranged to help the city by taking the plant off their hands at the lowest possible price, issue bonds, run the business as long as possible without repairs, stick the bond money and as much revenue as possible in their pockets and throw the whole business back on the bondholders. Then we would have been in the hands of the syndicate. All this would have been done while we were making political snoots at each other. We never would have been in the light again unless we were able to pay ten or twelve cents a kilowatt to get it. I am not trying to kill either political party, but if I had my way about it, the ward healer would be able to put flowers on his own political grave and weep at his own political funeral. We did not lose our plant and here is our indebtedness July 31, 1909:

"THE FARMER'S DAUGHTER"

"The Farmer's Daughter" will be the attraction at the Bosse opera house on Friday, Sept. 24, and it is said to be one of the best rural plays ever written, easily ranking with "The Old Homestead" and "Way Down East." There is something about a rural play that seems
