Curtis Cline of the Wemhoff Monumental Works, who had his eyes
burned some time ago by molten lead,
which splashed into them as he was
using it in his work at the shop, is
getting along well, though he is still
confined to a darkened room. Experi-
ments, however, show that his eye-
sight is not destroyed and it is
thought that his sight will be as good
as ever.

A son of John Harley, who lived on
the John Postal farm south of the
city, is suffering with facial paral-
ysis. The young man, who is about
twenty years of age, was worrying
about the fire which occurred on the
farm last week, destroying the resi-

SMITH HOME QUARANTINED.

Marie Smith Takes Scarlet Fever
Fever While at School.

The Jesse Smith home on Eleventh
street is quarantined on account of
scarlet fever, Marie, the eleven-year-
old daughter, having been sick with
that disease since Monday afternoon.
On that day she had attended school
as usual in the fourth room of the
West ward, when she complained of a
sore throat, fever and chills and was
allowed to go home in the afternoon.
A doctor was called and pronounced
her illness scarlet fever. The case
is a very mild one. Only Mrs. Smith
and another daughter are at home, the
other members of the family having
taken their abode elsewhere to avoid
the confinements of the quarantine.

The farmers of the southern part
of the county are growing enthusiastic
over the prospect of the sugar beet
industry, according to J. T. Burley,
one of the prominent farmers of that
section, who gave an address before
the farmers' institute Wednesday.
The farmers of the southern part of
Adams county will experiment this
year in the growing of sugar beets
and if successful, a sugar refinery
will be located at Geneva by the Fre-
mont Sugar Refining company, which
will employ at the plant about fifty
men, with five hundred or more re-
quired over the fields. The plant
wants five hundred acres of sugar
beets put out this year, contract for
about two hundred having already
been secured. This year's crops will
be sent to the refinery at Fremont,
and if all goes well, and the farmers
promise their continued support in
the raising of the sugar beet, the re-
finery will then be located in the Ad-
ams county town. Among the men of
Geneva who are pushing the enter-
prise are A. Hardison, A. G. Briggs
and W. A. Aspy, all of whom, with
a large number of farmers, believe
the enterprise to be a good thing.

A lively little blaze that played
about the roof of the home of William
Winters and his sisters, the Misses
Martha and Lizzie Winters, on Chest-
nut street, about 9 o'clock Wednes-
day evening, might have resulted with
much damage had not the neighbors
discovered it just in time. The fire
is said to have resulted from the over-
heating of a stovepipe from the sitting
room, which was run up through the
floor to the upstairs and thence
through the roof of the house in lieu
of a chimney. The pipe became over-
heated Wednesday evening and con-
sequently ignited the roof. Neighbors
who fortunately saw the blaze hastened
to the home of U. S. Cress nearby,
from where the alarm of fire was
sent in, and in the meantime other
neighbors busied themselves with
climbing to the roof, where they were
successful in extinguishing the fire,
with scarcely no damage to the house.
When the fire was out an attempt was
made to send in the message, but as
the telephone office is a busy place
at such a time no word could be got-
ten to the fire department headquar-
ters until long after that body had
started for the scene of the distur-
bance, where they found the fire had
been long extinguished before their
arrival. Miss Martha Winters, who
underwent an operation for the removal
of a cancer some time ago, is in
rather feeble health, and the excite-
ment incident to the fire is said to
have made her slightly worse, though
not seriously so.

Linn Grove, Ind., Feb. 24—(Special
to Daily Democrat)—The boom is on
and Linn Grove is going some, this
easily being the banner year in its
history. Among the latest enterprises
which is needed and is meeting with
popular approval is the establishment
of a state bank with a twenty-five
million line is already carrying much
ed that the same will be chartered
and be ready for business by the first
day of April. It may be that a build-
ing will be erected, built suitable for
the banking business, at any rate such
an institution is a certainty and that
it will soon be doing business here.
The stock will be taken by the busi-
ness men and farmers in this local-
ity, no one person being permitted
to have more than a thousand dollars
of the stock. It at least is safe to bet
that a new bank will start right off
the reel with a prosperous line of busi-
ness and that it will be a great ad-
vantage to the other business inter-
ests of Linn Grove. The new trac-
tion line is already carrying much
freight and as a consequence is hard
to equal. The prediction is made
that the road will prove a successful
financial venture from the start.

Mrs. J. M. Miller and Mrs. Ed Beery
went to Fort Wayne yesterday af-
ternoon to call on their sister, and
sister, Mrs. Jane Butler, who was op-
erated upon two weeks ago at the Lu-
theran hospital. She is recovering
nicely and it was thought that she
would be allowed to sit up today for
the first. She will probably be able
to come home a week after she is
able to sit up.

A. D. Suttles, chancellor commander
of the Decatur Knights of Pythias,
has received from the committee on
arrangements for the district meet-
ing of the K. of P. to be held at
Dunkirk March 3rd, a letter asking
that the Decatur lodge send a speaker
for that occasion. The local Knights
will hold their regular meeting, this
evening, at which time definite ar-
rangements will be made regarding
this, though the speaker in all prob-
ability will be D. N. Erwin. Mr.
Erwin is a speaker of much ability
and it is safe to say in advance that
his part of the program will be one
of the best. The meeting this even-
ing is the first since the dedication
services and as many matters will no
doubt come before the order, it is
desired that all be in attendance this
evening promptly at the hour of open-
ing.

Ell Wagner writes us again from
Cascade, Montana, describing that
country as the greatest on earth for
the farmer. They raise everything
that is raised here and more, and then
they have the wild hay, which is suf-
ficient to feed the stock all through the
winter. Mr. Wagner says he has used
no other hay this winter. Land is
cheap there, and he will be glad to
give any one any information they
may desire if they write him at Cas-
cade.

Geneva, Ind., Feb. 24—(Special to
Daily Democrat)—The Florida land
frauds which were exposed by this
paper in its issue of February 21st
was thoroughly interesting to many
of our Geneva friends, some of whom
had invested a little in land near
Taft, Florida. The expose was made
in a letter from D. E. Studabaker, who
is spending the winter in the south,
and which was published in the Demo-
crat on the day stated. A thorough
investigation will be made before any
more investors are found in the vicin-
ity of Geneva for real estate near
the town of Taft. Mr. Studabaker is
being praised and thanked by many
people here for giving them the tip be-
fore they got their fingers scorched.

Dr. Franz of Berne was here Tues-
day to see Charles Idlewine, who is
sick at his home on Harrison street.
Mr. Idlewine has been suffering with
pleurisy with symptoms of appendi-
citis. His many friends hope for the
good news of a speedy recovery.

William Glendening, living four
miles west of Geneva, received a car
of thirty-eight head of yearling cattle
from Chicago Wednesday. Mr. Glen-
dening is one of the most prosperous
farmers in this locality and deals ex-
tensively in cattle.

Henry and W. N. Spahl of Route
4, John Burris of Geneva, John
Dritz and D. T. Brown of Bryant,
were Muncie visitors yesterday, where
they attended the mid-winter jubilee
of the Odd Fellows' lodge. All of the
gentlemen named are members of
Geneva Lodge, No. 834, and on their
return this morning they reported a
fine time, which included a banquet
and many other pleasures.

(United Press Service.)
Marion, Ind., Feb. 24—As a result of
the republican primary election held
in this county yesterday the following
were nominated: For judge, H. J.
Paulus; prosecuting attorney, George
Koon; senator, John P. Strange, rep-
resentatives, Harry E. Connelly and
A. E. Ratliff; clerk, Fred Drake of
Van Buren; auditor, Edward H. Kim-
ball; treasurer, William H. Saunders;
sheriff, Tony George; coroner, Dr. E.
C. Cameron; assessor, E. J. Lubman;
surveyor, Fremont Wilson; commis-
sioners, O. L. Brumfield, A. B. Comer
and William Baldwin.

Levi Estell, aged seventy-eight
years of age, passed away at about 2
o'clock Thursday at the home of
his son, Charles Estell, five miles
south of this city, from ailments due
to old age. Mr. Estell was a resident
of this county for more than a quar-
ter of a century and has a large ac-
quaintanceship, who will be grief-
stricken to hear of his demise. His
wife preceded him in death by several
years, but he leaves the following chil-
dren: Charles of this county; Dan-
iel and William of Cincinnati, Ohio;
Emma Carpenter and Martha Fugate
of this county. The funeral ar-
rangements have not been made.

OBITUARY.
Glenn A. Gilpen, son of S. B. and
M. E. Gilpen (deceased) was born
in Paulding county, Ohio, on January
3, 1897, and died at the home for
feeble minded at Fort Wayne, Ind.,
February 23, 1910, of scarlet fever and
Bright's disease at the age of 13 years,
1 month and 20 days. He leaves to
mourn their loss two brothers and
three sisters, besides a host of other
relatives and friends. No funeral ser-
vices were held. Burial took place in
Mt. Tabor cemetery.

W.B. Reduso

CORSETS

**The Perfect Corset
for Large Women**

It places over-developed women on
the same basis as their slender sisters.
It tapers off the bust, flattens the ab-
domen, and absolutely reduces the
hips from 1 to 5 inches. Not a
harness—not a cumbersome affair,
no torturing straps, but the most
scientific example of corsetry, boned
in such a manner as to give the wearer
absolute freedom of movement.

New W. B. Reduso No. 770. For large
tall women. Made of white coutil. Hose sup-
porters front and sides. Sizes 20 to 36. Price \$3.00.

New W. B. Reduso No. 771. Is the same as
No. 770, but is made of light weight white batiste.
Hose supporters front and sides. Sizes 20 to 36.
Price \$3.00.

New W. B. Reduso No. 772. For large
short women. The same as No. 770, except that the
bust is somewhat lower all around. Made of white
coutil, hose supporters front and sides. Sizes 20 to 36.
Price \$3.00.

New W. B. Reduso No. 773. Is the same as
No. 772, but made of light weight white batiste. Hose
supporters front and sides. Sizes 20 to 36. Price \$3.00.

Ask any dealer anywhere to show you the new W. B. "hip-subsiding" models,
which will produce the correct figure for prevailing modes, or any of our numerous styles
which are made in such a variety as to guarantee perfect fit for every type of figure.

From \$1.00 to \$3.00 per pair.

Bend.

Muncie, Ind., Feb. 28—(Special to
Daily Democrat)—As the result of the
muddled condition in which the fi-
nances were left of the incorporated
suburban town, Riverside, when J.
Frank Mann, a well known attorney,
quit the office of town clerk and treas-
urer, he has just paid into the treas-
ury the sum of \$427.95. The expert
accountant, who went over his books,
says they were kept poorly and that
there is yet concerning them that has
not been explained. The investiga-
tion covered only two years, while
Mann was in office seven and one-
half years. Mann says the discrep-
ancy was not intentional.

Marion, Ind., Feb. 28—(Special to
Daily Democrat)—Charles Ferguson
and Harry Imel, two of the nine men
arrested a month ago for stealing
horses, appeared in circuit court
here this morning and plead guilty
to the charge of stealing a horse val-
ued at \$200. They have not been
sentenced yet.

Muncie, Ind., Feb. 28—(Special to
Daily Democrat)—Jesse Anderson,
aged twenty-five, was swept to his
death in the cold waters of a swollen
creek a few miles from here some
time Sunday night. He was employed
on the farm of County Auditor Joseph
Davis and had borrowed a horse
and rig from him with which to drive
to the home of his sweetheart. While
returning from there he drove into
the stream and was swept to his
death. The body has not been recover-
ed, but the dead horse and buggy
were found in the creek. Two weeks
ago Anderson was driving across the
interurban tracks in this city and his
rig was struck by a car, killing his
horse and demolishing the rig.

Pointers on Poultry.
Mrs. D. A. Brooks, Sturgis, Ky.,
says: "I have been using Bourbon
Poultry Cure and think it is the best
poultry remedy I have ever used. If
you will get our druggist here to
handle it, I can recommend it. I am
an old hand at raising chickens and
so many come to me for pointers on
poultry. Sold by H. E. Bremerkamp."

PROF. GILPIN AND WIFE HERE.
Will Give Exhibitions of Their Won-
derful Hypnotic Power.

The Gilpins' Hypnotic Comedy com-
pany will appear at the Bosse theater
all this week with a complete change
of program each evening, no two per-
formances being alike. They come
highly recommended from neighbor-
ing cities where they have been play-
ing and giving satisfaction in their
marvelous demonstrations of hypno-
tism and mental telepathy.

Mr. and Mrs. Gilpin are classed as
superior to all other operators in men-
tal telepathy and those that attend
will no doubt be convinced and leave
the house fully appreciating the op-
portunity offered to see them. Mrs.
Gilpin is the foremost lady hypnotist
before the American public today and
her charming personality and costly
costumes are well worth the price of
admission.

You will see many new and novel
features in this newly developed sci-
ence of hypnotism and telepathy;
performances that are refined, instruc-
tive and up-to-date in all details.

The young man who was put to
sleep over the long distance telephone
Saturday night in Teepe's, Brandy-
berry & Peterson's window will be
awakened at the theater tonight at
8:30 sharp by Professor Gilpin. To-
morrow morning a subject will be
placed at a piano in the Yager Bros.
& Reinking store and will play that
piano all day, till 7:30 p. m., when
he will be taken to the theater, where
he will continue until 8:30 and be
awakened by Professor Gilpin.

HAS EIGHTY TURKEYS.
Mrs. Ellora Sonnenmaker, Glasford
Ill., says: "My neighbors have lost
all their young turkeys. I have
eighty head of fine Bourbon turkeys
and I give them Bourbon Poultry Cure
in the drinking water twice a week
and have not lost any." Sold by H.
E. Bremerkamp.

GETTING READY FOR TRIAL.
Attorneys Taking Depositions in Dis-
tant Cities.

The scenes in the Krauss case today
are shifted to cities of two states,
both far removed from the surround-
ings amid which its first setting was
staged, and, before activities are once
more centered here, attorneys, inter-
ested in the celebrated suit, will have
carried their operations half way
across the continent.

Saturday depositions of important
witnesses were taken at Kansas City,
Mo., and Fort Wayne, Ind. Monday
depositions will be taken by witnesses
in Fort Smith, Ark., and Thursday the
written testimony of a New York City
resident will be taken. The evidence
of other witnesses, who are not now
residents of this or adjoining counties
and who, under the law, cannot be
compelled to attend the trial in per-
son, will be examined before a no-
tary, and their testimony taken in
writing by the attorneys for one side
or the other.—Hartford City News.

A Cure For Gapes.
Mr. Frank P. Clay, Paris, Ky., says:
"Last year I raised hundreds of
chickens free from gapes by giving
them Bourbon Poultry Cure in their
drinking water. I also find this rem-
edy to be a cure cure for cholera
and limberneck. Sold by H. E. Bre-
merkamp."
