

PETITION FOR MACADAM ROAD.

State of Indiana, County of Adams, ss:
Before the Board of Commissioners
of the County of Adams.

We, the undersigned, each and all of whom are resident adult freeholders and voters of St. Mary's Township, in Adams County, Indiana, respectfully petition your honorable body and ask that you construct and complete a free macadamized stone road in said township, over and upon the public highway situated upon the following route to-wit:

Commencing at a point on the Piqua Road where the same crosses the Township line dividing St. Mary's Township and Washington Township and near the south-west corner of Section Six in said St. Mary's Township, thence running on and over said Piqua Road in a south-easterly direction to the Shafer Macadamized Road near the south-west corner of Section Nine in said Township and there to terminate, all in township 27 north, range 15 east, in Adams County, Indiana.

Said proposed road runs across and through Sections Seven and Eight in said Township, and is less than Three miles in length and connects at the beginning thereof with Township line and a free Macadam Road and at the terminus thereof with a free Macadam Road and that a United States Rural Mail Route passes over the highway thus sought to be improved.

Your petitioners aver and say that the highway herein sought to be improved is a public highway, already established and in use and is one of the public highways of said St. Mary's Township and that the same will be of public utility and benefit.

Your petitioners ask that said public highway above described be drained and graded, and that this improvement be made upon the old road bed now in use on said highway, and that the stone now thereon be considered in the construction of said road.

Your petitioners further ask that said highway be improved to the width it now is, being about forty feet and that said highway be graded to a width of twenty-four feet and that stone screening be placed thereon and roads are usually built in said Township; that said improvement be made a double track and that the same be called "The Suman Macadam Road, Extension No. 1."

That to pay for said improvement we ask that bonds be issued by the County of Adams, in the State of Indiana, payable in twenty semi-annual installments or series and for the payment of which we ask that a tax be levied upon the taxable property of said St. Mary's township, in a sufficient amount to pay the interest and principal of said bonds as they become due.

That said improvement be made and constructed and that said bonds be issued and said tax be levied upon the taxable property of said Township in accordance with the Acts of the Legislature of the State of Indiana passed in the year of 1905 beginning on Page 550 and as amended in the Acts of 1907 and as amended in the Acts of 1909 now in force provided for the extension of free gravel or macadam roads and all other and any amendments thereto.

We further ask the Board to take all the necessary steps required by law to have said improvement constructed and made as petitioned herein, that the same be constructed without submitting the question of building the same to an election of the voters of said St. Mary's Township, and that the Board construct the same under the laws of the State of Indiana, providing for the extension of free gravel or macadam roads, by township taxation.

Respectfully Submitted,

NOTICE OF PUBLIC LETTING.

Notice is hereby given that the Board of Commissioners of Adams County, Indiana, will receive bids for the construction of a macadamized road in French Township, in said county, known as the Jacob Isch Macadam Road, up and until 10 o'clock a. m., on

Tuesday, June 3, 1913,
at the regular meeting of said Board of Commissioners, held in the City of Decatur, Adams County, Indiana, sealed bids will be received for the construction of said road in accordance with the plans, specifications and report of the viewers and engineer, which are now on file in the Auditor's office of said County, said road to be built of crushed stone alone.

A bond must accompany each bid in twice the amount of the bid filed, conditioned for the faithful performance of said work, and that the bidder, if awarded the contract will enter into contract therefor and complete the same according to such contract and in accordance with the bid filed.

All bids shall be made so as to give the amount for which said road will be constructed for cash, payable on estimates to be made by the Engineer in charge, not to exceed eighty per cent of any one estimate, out of the funds to be hereinafter raised by the sale of bonds as required by law.

The Board of Commissioners reserves the right to reject any and all bids.
T. H. BALTZELL,
Auditor, Adams County, Indiana.

The successful bidder will be required to furnish, pay and make up whatever amount that be necessary to sell the bonds for said improvement.

NEAR-WINNER TRIES AGAIN

RALPH DE PALMA

Ralph DePalma, the young Italian American race driver, who is perhaps more popular in this country than any other man who is seen at the wheel of a speed car, will head the Mercer team which has been formally entered in the third annual 500-mile International Sweepstakes Race at Indianapolis Motor Speedway, May 30. DePalma has completely recovered from the injuries sustained in a smash-up during the Grand Prix race at Milwaukee last autumn. It will be remembered that DePalma all but won the 500-mile race at Indianapolis on May 30 of last year, his engine going bad when the Italian had scarcely a lap to go in order to win by a large margin. Although his professional record has been brilliant ever since those days when as a mere boy he developed the speed mania as a bicycle racer, it was his unfortunate accident at the Indianapolis Speedway last year that served to thrust him most prominently into the limelight. DePalma is fully convinced that he will be able to retrieve the fortune he lost at that Indianapolis course early in the Indian-apolis season for the coming 500-mile race. His team-mates will be Spencer Wishart, who teamed with him last year, and Caleb Bragg, who drove the car with which DePalma collided at Milwaukee.

This petition will be presented to the Board of Commissioners on
Tuesday June 3, 1913,
at which time the taxpayers of Washington township may appear and make such objections as the law may provide for. THOS. H. BALTZELL, Auditor.

GETTING GRAY?—USE SAGE TEA TO RESTORE NATURAL COLOR OF HAIR.

Says Sage and Sulphur Darkens Hair Beautifully and Ends Dandruff.

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair, says a well known local pharmacist. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and even today this simple preparation has no equal. Millions of women and men, too, who value that even color, that beautiful dark shade of hair which is so attractive, use only sage tea and sulphur.

Nowadays we are not bothered with the task of gathering the sage leaves and the mussy mixing at home. Simply ask any drug store for a 50 cent bottle of the ready-to-use preparation, called "Wyeth's Sage and Sulphur Hair Remedy." Customers like this best because it darkens so naturally; so evenly, that nobody can possibly tell it has been applied. Besides, it contains ingredients which take off dandruff, stop scalp itching and falling hair. No, it isn't a dye or even like it. You just dampen a sponge or soft brush with "Wyeth's Sage and Sulphur" and draw it through your hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two it is restored to its natural color.

What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it brings back the gloss and lustre and gives it an appearance of abundance. Holt house Drug Co. m-w-f
