CORPORATION ELECTION.—The Corporation election passed off with the usual quiet on Monday. S. C. Bollman was elected clerk; D. J. Spencer, treasurer; John King, A. Bollman and A. Hill, Trustees in the first, second and third districts respectively; Frederick Melz, Marshal.

CONFINE YOUR DOGS.—The Board of Trustees at their session on Saturday evening, passed an ordinance prohibiting dogs from running at large, in consequence of the hydrophobia excitement of last week. Persons from the country visiting town should leave their canine stock at home, or they may come in contact with the marshal's club, or the one he is supposed to ought to have.

PLANTING.—Our farmers commenced planting this week, and unless the rain interferes a large amount of corn will be planted during the week. Many farmers have had their ground prepared for some time, but have been waiting for warm weather to set in before planting. The ground is in good order, and if the weather was warm would be a favorable time to plant. A large crop will be planted.

KNOFF'S PICTURE GALLERY.—Persons visiting town, should not fail to call and see Knoff. His gallery is one of the established institutions of the place, and he is by far the best artist that has located here from time to time. He studies his business and applies himself diligently, which is the secret of his success. Any thing wanted in his line will be promptly furnished, at the lowest rates possible to furnish good work.

THE COUNTY CEMETERY.—We would call attention to the dilapidated state of the fence enclosing the cemetery, and to the fact that cattle and hogs are able to enter it at various places, and in several instances have thrown down monuments and headstones, besides disfiguring and destroying the shrubbery and flowers that have been planted and cultivated by friends who cherish the memory of those who have gone before. The enclosure should be repaired immediately, and substantially. The old fence was built by the contributions of our citizens, and we presume the funds necessary to keep it in repair must necessarily be derived from the same source. Will not some of our citizens take the matter in hand, make an estimate of the amount it will require to make suitable repairs, and circulate a subscription paper? There will be no trouble to raise the money if the matter is taken in hand, and the money once raised there are plenty to perform the labor.

METHOD FINANCES.—At the late quarterly meeting, Decatur station raised \$124.90, to support their pastor. The circuit raised \$29.00. We believe the station and circuit are each to pay the pittance of four hundred dollars respectively to their pastors, but at the rate of \$29 per quarter, the circuit will hardly raise the amount. And what is plainer still, we do not believe they ever have paid any minister in full, that has traveled the circuit. Legally they are not bound to pay, but morally they are, and those who refuse or neglect are so far dishonest, which is the mildest term we can use truthfully.

This may seem like harsh language, but it will cause the people to reflect and do what is right in the matter, we will have accomplished our purpose. Ministers must have something more than promises for subsistence, and it is a disgrace to any church to neglect supporting their ministers, it matters not of what denomination. If this hurts some of the brethren who are proverbial for their piety, let them pay up, and we will drop the subject, otherwise we may recur to it again. The names and amount contributed by each member, would make an interesting article at the close of the year.

MARRIED.—April 19th, by J. H. Stepler, Minister, Mr. Jacob Reiffe and Miss Melinda Caplain.
April 17th, by the Same Mr. John Gottschalk to Miss Elizabeth Stagill.

FAITHFUL MINISTER OF HEALTH.—In examining the vessels at the various wharves we find among the curiosities of our commerce the brig Miranda, just in from Truxillo with a cargo of Honduras Sarsaparilla from Dr. J. C. Ayer & Co., of Lowell. So particular are the firm as to the articles used in compounding their various remedies, that they have this drug, like some others they consume, gathered for them by a skillful agent of their own in the tropical regions of its growth. He informs us that there are many species of this plant, but two of which are really valuable in medicine; the qualities of these are also affected by the time of gathering, mode of curing, etc., operations which in that region of unreliable workmen impress a heavy labor upon him. One of the inert varieties of Sarsaparilla grows wild in our own forests, while several others, nearly worthless, abound in Central and South America. The intelligent agent assured us that the virtues of this drug had never been fully told and that the reason of the low esteem in which many hold it is mainly due to the importation of such immense quantities of the worthless varieties. His accounts of his trip to Honduras and his business excursions along the Gulf of Dulce and the rivers of Montagua and Santiago and among the adjacent mountain were of intense interest. We can but commend and honor his employment for the faithfulness and energy with which they execute their trust as ministers to the public health, and we suspect that this course is at least one of the reasons why their medicines are held in such extraordinary favor throughout the civilized world. —[New York City News.

SORT-JOURNAL.—The Sort-Journal and Farm Machinist for May, a magazine devoted to "northern cane and sugar-beet culture, improved farm machinery, and progressive husbandry," has been received. The principal contents of the number are a

"New Refining and Defecating Process, Seasonable Suggestions, Cultivating Sorghum—Wine Growing and Distilling, Cane Mill and Evaporators, Correspondence and Notes, Communications, Query Corner, Peach Trees—Bolmer's Process, Horse Education, Hamburg Patent Claims, Lumber—Defective Mills, Evaporator Swindle, Cultivation of Sorghum—Concentration of Sirup by Freezing, A New Sugar Evaporator—Fall Planted Cane, Scientific Paragraphs, The Weight of Hay in Mows—Starch 'em, Farmer's Items, Moral Maxims—Sorghum Sirup, Prayer of Paris, My Neighbors and Myself, Bones."

It is an excellent journal of its kind and we would be pleased to see our farmers who raise Sorghum, subscribers, and believe it would be a valuable investment. Terms \$1.00 a year. Address, S. J. JOURNAL AND FARM MACHINIST, 116 Main St., Cincinnati, Ohio.

THE HERALD OF HEALTH.—This is a magazine devoted to physical culture and hygienic medication, bodily development and the laws of life. We note the following among the contents of the May number:

"Our Mission, Associated Effort, To the Young Men of America, Tobacco, A Word About Normal Schools, Fruit in Egypt, Ill, Personal Beauty—No 2, The Cattle Disease in Europe, Joseph Mazzini, Doctor's Visits, Shall We Eat Meat? Case of Small Pox, What is Disease? Physique of Different States, Pears Suitable for Table Use, Last Words, More Hygienic Homes, The Cattle Plague, Twaddellum, Wickes vs. Woman Doctors."

SPECIAL NOTICES.

Dr. Franklin and the South Carolina Planter.

A friend relates to us that the Summer before the war at the house of a hospitable South Carolina planter, he was up one morning with the sun and was about to venture forth on a morning walk, when he was checked by the planter at the door.

"You cannot pass, Sir. Too early."

"Too early! Why, my dear Colonel, what says Dr. Franklin?"

"Early to bed and early to rise will make a man healthy and wealthy and wise."

"Very fine, sir; but all a fallacy. Early rising and the inhalation, upon an empty stomach, of the morning malaria of this country, North and South, have been the death of thousands—the death of thousands, sir, from the time of Capt. John Smith to this day. Wait till after breakfast, fortify your stomach with a cup of hot coffee, and then the noxious vapors of the night being exhaled by the sun, we will take a morning ride."

"But, my dear Colonel, I am always fortified with a wine glass of HOPBITTER'S CELEBRATED STOMACH BITTERS."

"Ah, then, sir, you may stick to Dr. Franklin. HOPBITTER'S agent at Charleston supplies me, and I am expecting a box to-day with my wagon. Those Bitters, I find, are a sure protective against all the fevers resulting from malaria. Doctor Franklin held a good, sir, even in the swamps of South Carolina, if fortified with HOPBITTER'S Bitters."

A Cough, Cold, or Sore Throat, Requires Immediate Attention, and should be checked. If allowed to continue, Irritation of the Lungs, a Permanent Throat Affection, or an Incurable Lung Disease IS OFTEN THE RESULT.
