Jeweler-Lalley.  
LEGISLATIVE.—The Indiana Legislature meets next Thursday.  
ABSENT.—The editor is absent this week, sojourning in Chicago.

A HAPPY NEW YEAR to our patrons. May peace and plenty smile upon you.

JEWELRY, &c.—Attention is directed to the advertisement of Mr. Jas. Lalley, in to-day's paper.

RAILROAD MEETING.—Don't forget the Railroad Meeting to-day; everybody should attend. Business of importance to transact.

COLLECTION FOR ORPHANS.—The collection taken up in the Catholic Church, in this place, on Christmas, for the benefit of the orphan children of this Diocese, amounted to \$72 75.

LEGAL TENDER.—Good hickory, maple and beech wood, will be found a legal tender in payment of subscriptions for the EAGLE, for a few days, and hard cash never refused. Listen!

OUR RAILROAD.—A large and enthusiastic railroad meeting was held in Portland, Jay County, Dec. 22d, and a Committee appointed to solicit stock. The people of Jay are moving in the matter in earnest.

CHICAGO HOG MARKET.—The Chicago Times, of Wednesday, has the following in relation to the hog market:

"Drovers and sellers were a sickly lot of individuals yesterday. The pens were full of hogs, ready for the packers, but the packers were not ready for the hogs. The excuse was, money was too tight, and prices too high. Toward the close sales were made at 88 25@8 50, for lots of 180 to 200 lbs."

APPRAISEMENT OF REAL ESTATE.—We learn the Auditor of State has issued a circular directed to the County Auditors, requesting them to instruct the appraisers of real estate that all appraisements must be made upon a greenback basis. The appraisers in several counties have signified their intention to work upon a gold basis, and to secure uniformity the order was issued.

"PLAYED OUT."—A New York special to the Cincinnati Commercial, under date of the 25th inst., contains the following item:  
"Joseph Howard, Jr., managing editor, Franklin J. Ottarson, night editor, and John Armstrong city editor of the Democrat, and other members of Pomeroy's staff, leave the paper next week. The opinion in Printing House Square is that Pomeroy has at last discovered his mistake, and that the notoriety of his journal having passed away, he will soon be obliged to discontinue its publication."

OSTER SALOON AND CONFECTIONERY.—Bill Closs has opened an Oyster Saloon and Confectionery establishment in his new building on Monroe Street, two doors west of Closs's Shoe Store. Bill has the neatest saloon in town, and everything appears in "apple pie order." Our citizens will always find him supplied with fresh oysters, fruits, candies, pies, cakes, etc. As there are no liquors sold at this establishment, the ladies will find it a pleasant resort, and should not fail to give our young friend a call. Everybody should patronize him.

NATIONAL MONUMENT.—The Washington National Monument Society has addressed an appeal to the pastors of the religious congregations of the United States asking them to cause collections to be taken up in their respective churches on the Sunday immediately preceding the 22d of February, the amount to be remitted to the treasurer of the society, in order that the work on the monument may be resumed. The appeal is signed by Andrew Johnson, President, ex officio; S. J. Bowers, first vice President; Ulysses S. Grant, second vice President; W. A. Corcoran, third vice President; J. R. H. Smith, Treasurer; John Corroll, brevet Secretary.

A document just published shows the numbers of judgments rendered by the United States Court of Claims during the present year, the names of the parties in whose favor they were rendered of their attorneys, and the amounts awarded. The Court gave favorable judgments in fifty three cotton cases, the cotton having been captured by the United States forces. Claimants in all such suits are required to prove their loyalty to the United States at the time of the capture.

Collector Smythe has declined the tender of a testimonial from the officers of Customs of New York, who proposed to have his portrait painted and hung up in the Collector's office, there to be always preserved. In his reply to the flattering letter of these gentlemen he expressed a hope for the early passage, by Congress, of Mr. Jenck's civil service bill. Mr. Clinch, the present Collector, has accepted a similar compliment proposed.

It is beginning to leak out that the proposition of Butler and other radical congressmen, to repeal the tenure of office act for President Grant's benefit, is all sham. The Jacobins would like to conflate Grant by "keeping the word of promise to the ear," but their suspicions of his "loyalty to the party" create in them an overruling intention to "break it to the hope."

At Quincy, Ill., is a German with a curious blood mark. It is a perfect deer, about the size of a silver dollar, and on his right cheek. The form and outline of the deer are perfect as could be drawn by an artist, and show a deer in the act of leaping. It is of a bright red color.

Beecher's son has been the victim of "hazing" sophomores at Yale, who shaved his head in Benedictine fashion.

Every year a devoted son of the church sends the pope a swan from Norwich, England.

Congress is to be asked to raise statue to Thad. Stevens in the capitol.

Dr. O. A. Brownson is convalescent.

## SPECIAL NOTICES.

**HALL'S**  
Vegetable Sicilian  
HAIR  
RENEWER.

ITS EFFECT IS MIRACULOUS.  
It is a perfect and wonderful article. Cures baldness. Makes hair grow. A better dressing than any "oil" or "pomatum." Softens brash, dry and wiry hair into beautiful silken tresses. But above all, the great wonder is the rapidity with which it restores gray hair to its original color.  
The whitest and worst looking hair resumes its youthful beauty by its use. It does not dye the hair, but strikes at the root and fills it with new life and coloring matter.  
The first application will do good; you will see the natural color returning every day, and before you know it, the old, gray, discolored appearance of the hair will be gone, giving place to lustrous, shining and beautiful locks.  
Ask for Hall's Sicilian Hair Renewer; no other article is at all like it in effect. See that each bottle has our private Government stamp, over the top of the bottle. All others are imitations.

**R. S. PETERSON,**  
Attorney at Law.  
DECATUR, INDIANA.  
PROMPT attention paid to all business entrusted to him.  
OFFICE—In Dr. Stulzaker's Law Office.  
**JOB PRINTING**, of every description, neatly executed at the EAGLE Office.

**WOMAN.—FEMALES, OWING TO** the peculiar and important relations which they sustain, their peculiar organization, and the offices they perform, are subject to many sufferings. Freedom from these contribute in no small degree to their happiness and welfare, for none can be truly happy who are ill. Not only so, but none of these various female complaints can long be suffered to run on without involving the general health of the individual, and ere long producing permanent sickness and premature decline. Nor is it pleasant to consult a physician for the relief of these various delicate affections, and only upon the most urgent necessity will a true woman so far sacrifice her greatest charm as to do this. Her sex will then thank us for placing in their hands simple specifics which will be found efficacious in relieving and curing almost every one of those troublesome complaints peculiar to their sex.

**HELMHOLD'S EXTRACT OF BUCHU.**—Hundreds suffer in silence, and hundreds of others apply vainly to druggists and doctors, who either merely tantalize them with the hope of a cure or apply remedies which make them worse. I would not wish to assert anything that would do injustice to the afflicted, but I am obliged to say that although it may be produced from excessive exhaustion of the powers of life, by laborious employment, unwholesome air and food, profuse menstruation, the use of tea and coffee, and frequent childbirth, it is often caused by direct irritation, applied to the mucous membrane of the vagina itself.

When reviewing the causes of these distressing complaints, it is most painful to contemplate the attendant evils consequent upon them. It is but simple justice to the subject to enumerate a few of the many additional causes which so largely affect the life, health, and happiness of woman in all classes of society, and which, consequently, affect more or less directly, the welfare of the entire human family. The mania that exists for precocious education and marriage, causes the years that nature designed for corporeal development to be wasted and perverted in the restraints of dress, the early confinement of school, and especially in the unhealthy excitement of the ball-room. Thus with the body half-clothed, and the mind unduly excited by pleasure, perverting in midnight revel the hours designed by nature for sleep and rest, the work of destruction is half accomplished.

In consequence of this early strain upon her system, the necessary effort is required by the delicate woman to retain her situation in school at a later day, thus aggravating the evil. When one excitement is over, another in prospective keeps the mind morbidly sensitive to impression, while the now constant restraint of fashionable dress, absolutely forbidding the exercise indispensable to the attainment and retention of organic health and strength; the exposure to night air; the sudden change of temperature; the complete prostration produced by excessive dancing, must of necessity produce their legitimate effect. At last, an early marriage caps the climax of misery, and the unfortunate one, hitherto so utterly regardless of the plain dictates and remonstrances of her delicate nature, becomes an unwilling subject of medical treatment. This is but a truthful picture of the experience of thousands of our young women.

Long before the ability to exercise the functions of the generative organs, they require an education of their peculiar nervous system, composed of what is called the tissue, which is, in common with the female breast and lips, evidently under the control of mental emotions and associations at an early period of life, and as we shall subsequently see, these emotions, when excessive, lead, long before puberty, to habits which sap the very life of their victims ere nature has self-completed their development.

For Female Weakness and Debility, Whites or Leucorrhoea, Too Profuse Menstruation, Exhaustion, Too Long Continued Periods, for Protrusion and Bearing Down, or Prolapsus Uteri, we offer most perfect specific known: **HELMHOLD'S COMPOUND EXTRACT OF BUCHU.** Directions for use, diet, and advice, accompany.

Females in every period of life, from infancy to extreme old age, will find it a remedy to aid nature in the discharge of its functions. Strength is the glory of manhood and womanhood. Helmholt's Extract of Buchu is more strengthening than any of the preparations of Bark or Iron, infinitely safer, and more pleasant. Helmholt's Extract of Buchu, having received the endorsement of the most prominent physicians in the United States, is now offered to afflicted humanity as a certain cure for the following diseases, and symptoms, from whatever cause originating: General Debility, Mental and Physical Depression, Imbecility, Determination of Blood to the Head, Confused Ideas, Hysteria, General Irritability, Restlessness, and Sleeplessness at night. Absence of Muscular Efficiency, Loss of Appetite, Dyspepsia, Emaciation, Low Spirits, Disorganization or Paralysis of the Organs of Generation, Palpitation of the Heart, and in fact, all the concomitants of a Nervous and Debilitated state of the system. To insure the genuine cut, ask for Helmholt's. Take no other. Sold by Druggists and Dealers everywhere. Price \$1.25 per bottle or six bottles for \$6.50. Delivered to any address. Describe symptoms in all communications. Address H. T. HELMHOLD, Drug and Chemical Warehouse, 594 Broadway N. Y.

None are genuine unless done up in steel-encased wrapper, with fac-simile of my Chemical Warehouse, and signed 1wm2m H. T. HELMHOLD.  
**AGENTS WANTED.**—\$75 to \$200 per month everywhere, male and female, to introduce the genuine improved COMMON SENSE FAMILY SEWING MACHINE. This machine will stitch, hem, fell, tuck, quilt, cord, bind, braid and embroider in a most superior manner. Price only \$18. Fully warranted for five years. We will pay \$1,000 for any machine that will sew a stronger, more beautiful, or more elastic seam than ours. It makes the "Elastic Lock Stitch." Every second stitch can be cut, and still the cloth cannot be pulled apart without tearing it. We pay agents from \$75 to \$200 per month and expenses, or a commission from which twice that amount can be made. Address SEWING & CO., Pittsburgh, Pa., or Boston, Mass.  
**CAUTION.**—Do not be imposed upon by other parties, peddling off worthless cast-iron machines, under the same name or otherwise. Ours is the only genuine and really practical cheap machine manufactured. +1281-88.
