

DURANT IS CONFUSED

Testifying the Defendant Becomes Mixed In His Dates.

DETAIL OF AN INTERVIEW.

Again Says He Has Not Written Account of the Murder and Placed in the Hands of His Attorneys.

FRANCISCO, Oct. 12.—After a day's ordeal Theodore Durrant left the witness stand. District Attorney Barnes tried to draw the defendant admissions that he was well acquainted with the use of seltzer, as used in medicine. Durrant's replies indicated that he had spent the night to a study of the ground, as he replied that he had conversed with Dr. West about it in the last evening. He was able to give analysis and detailed its pathological.

For the first time during the trial Durrant yesterday pleaded ignorance. In reply to a question by Mr. Barnes he did not know what an alibi was until after his trial began.

While testifying the prisoner became confused at times, and when questioned regarding his experience at Cooper medical college became so mixed in dates that he had to refer to a card he carried in his pocket to set him right. He became noticeably confused and rather testy in his replies when examined in regard to the interview he had at the city prison with Gilman F. Graham, a fellow student, when prosecution claims Durrant asked Graham to furnish him with a copy of the notes of Dr. Cheney's lecture, remarking: "If I had those notes I would be able to prove an alibi."

Durrant denied absolutely that he had made such a declaration, and tried to explain by testifying that Graham came to him with proffers of assistance, going far as to inquire anxiously if Durrant had the notes of Dr. Cheney's lecture. Durrant finally admitted that he asked him to furnish the notes, but he testified that he made the request at the advice of his attorneys, who instructed him to get the notes from students of the class and compare them with his.

District Attorney Barnes again forced Durrant to deny that he had written a statement of his case and enclosed it in an envelope to his attorneys with the instructions to "open it if he was convicted and to return it if he was not convicted."

He also denied that he had told Miss Cunningham that he heard suspicious noises in the belfry of the Emanuel church on the afternoon that Blanche Lamont was murdered.

The district attorney closed his cross-examination of the witness by trying to show that when he was at the ferries, he was in reality looking for Blanche Williams, who came over from Oakland that afternoon, and was found murdered in the church the next day. The defense fought vigorously against the admission of anything bearing on the case of Blanche Williams, and after long argument Judge Murphy sustained the objection.

HERR LIEBKRECHT'S STRONG WORDS

Will Be Prosecuted by the Imperial Government For Less Majesty.

BRESLAU, Oct. 12.—It is reported that Herr Liebkrecht, president of the Social congress, will be charged with less majesty on account of remarks contained in his inaugural address delivered last Monday. Herr Liebkrecht remarked on that occasion that no matter how many bayonets were at the disposal of those who wished a trial of strength with the Socialists, if the people wanted to fight the social democrat was their man.

He went on then with a direct defiance to the emperor, referring to the latter's anti-Socialist speech in the following language: "The highest authority in the land throws down the gauntlet and insults us. Let us take up the challenge. No matter who he be who casts this mud at us, he is incapable of touching us, for we are above his insults. The German empire would first collapse. A violation of universal suffrage would be equivalent to the death warrant of the imperial government."

Wholesale House Burned Out.

KNOXVILLE, Oct. 12.—At a late hour yesterday afternoon fire broke out in the wholesale grocery house of Hazen & Latzpeich, having caught in a mysterious way near the elevator. The flames quickly spread to all of the floors of the building. The fire department controlled the fire and prevented it from spreading to the adjoining wholesale houses. The stock of Hazen & Latzpeich is completely ruined by fire and water. The loss is heavy, but is said to be covered by insurance.

Sudden Death of Cyrus T. Cook.

CHICAGO, Oct. 12.—Cyrus T. Cook, a prominent Republican politician of Edwardsville, Ill., and the nominee of that party for congress in the Eighteenth district to succeed the late Congressman Remann, whose death occurred a short time ago, dropped dead at the Great Northern hotel yesterday, where he was attending a meeting of Illinois Republicans.

Enormous Yield of Corn.

MINONK, Ill., Oct. 12.—A farmer near here proves by weight that his corn fields 116 bushels per acre. Every field has a heavy crop.

SENATOR SHERMAN TALKS.

Gives His Views on the Business Situation—Tariff on Wool.

WASHINGTON, Oct. 12.—Senator Sherman, in an interview yesterday, said: "Times are better than they were. The business conditions have improved over what they have been, but there is no substantial revival and no promise of return of general prosperity under the present circumstances. In some branches of business there has been material improvement, but the revival is not general."

"Do you expect congress to do anything this winter to improve the situation?"

"That depends on the president. The Republicans have complete power in the house, but uncertain power in the senate. I think something can be done, but it will depend on the president."

"You mean in the way of increasing tariff revenue?"

"Yes; something could probably be done in that direction. Whatever is done must be on protective lines, however, and if there is any tariff legislation it will include a duty on wool."

He would not discuss the outlook for financial legislation. When asked whether the Republicans would reorganize the senate, he said: "We have a strong plurality in the senate. One vote would give us the organization. I do not think, however, that there will be any struggle over the small offices. I do not think there will be any combinations to get the organizations. The most probable thing is a settlement between the Republicans and Democrats—a compromise."

DR. PARKHURST'S POSITION.

Fusion Ticket Is Not Entirely Satisfactory to the Noted Divine.

NEW YORK, Oct. 12.—Rev. Dr. Parkhurst yesterday broke the silence which he had maintained on politics since the fusion ticket was formed and stated his views on the situation. Much interest has been felt in Dr. Parkhurst's position, as he has become a power in municipal politics and his utterances are influential. He has declared in recent interviews that he was as deeply opposed to the Platt wing of the Republican party as to Tammany hall, therefore it was not known whether he would support the fusion ticket, which contains a majority of Platt men among the candidates.

After remarking that he was disappointed with the results of the efforts made at fusion, Dr. Parkhurst said that while there were some excellent men on the ticket, "no resident of this city can examine it without discovering that the influence largely operative in its construction were distinctly indifferent to, not to say antagonistic to, all that makes for the best interest of the city as generally interpreted."

The doctor concluded with a reference to Tammany, and said the main effort should be made to defeat that organization. "One enemy killed is better than half a dozen enemies scotched. Though I repudiate a portion of the fusion platform, and though I shall not neglect to scratch one or more names on the fusion ticket, yet that fact is no scabbard into which I shall thrust my sword that is already red with the tiger's blood."

NICARAUGA CANAL.

Benefit to America Would Be Infinitely Greater Than to Europe.

LONDON, Oct. 12.—A. C. Colhoun addressed the Liverpool chamber of commerce yesterday on the position and prospects of the Nicaragua canal. In the course of his remarks he said that he regarded it as indisputably the best of the interoceanic canal projects, and he estimated that by about 1905, assuming that the canal should be commenced in 1896, 7,000,000 tons of goods would pass through. This would bring Japan, China and Australia nearer to the Atlantic cities of the United States than they now are to England. The benefit of the canal to America would be infinitely more than it would be to Europe.

Negro Murderer Hanged.

LIBERTY, Tex., Oct. 12.—Kit Robinson, colored, was hanged here yesterday before a large number of people for the murder in June, 1895, of John R. Johnson, an old white man who was a pumpjack for a railroad. Robinson confessed his crime. While endeavoring to shield Robinson from a posse, last June, his half brother and another negro were killed.

Alexander C. Lanier Dead.

MADISON, Ind., Oct. 12.—Alexander C. Lanier died at his home in this city yesterday afternoon. He was a millionaire and a local philanthropist.

BRIEF MENTION.

Ex-Congressman Ben Cable of Rock Island, Ill., sailed for New York today on board the American line steamer New York.

The comptroller of the currency has declared a 5 per cent. dividend in favor of the creditors of the Columbian National bank of Chicago.

Pay Inspector Albert D. Bache of the United States navy died yesterday at his home in Philadelphia after a brief illness, aged 63 years.

Senator Sherman said yesterday that in the reorganization of the senate Richard T. Bright of Indiana would be retained as sergeant-at-arms.

Governor Clark of Arkansas has notified the prizefighters that they will not be allowed to fight in that state. Mexico may be selected as a last resort.

There has been an uprising in Korea led by the king's father, Tai Ron Kin. The queen is supposed to have been killed by the rebels. The Japanese troops have taken possession of the palace.

The committee investigating the Pittsburgh city attorney's office has requested the district attorney to commence criminal prosecution forthwith against W. C. Moreland, city attorney, and W. H. House, assistant city attorney.

BUSINESS CONDITIONS.

Reports on Trade Matters by Dun & Co. and Bradstreet's.

NOT ENTIRELY FAVORABLE.

Short Cotton Crop Increasing the Price of Cotton Fabrics—Volume of Business For the Year Will Be Unprecedentedly Large—Cooler Weather Stimulates the Demand For Seasonable Goods.

NEW YORK, Oct. 12.—R. G. Dun & Co., in their weekly review of trade today, say: The price barometer gives indications that are not entirely favorable. Cotton goods go up with increasing evidence that the crop of cotton is short. Prices of other manufactured products, of wool, hides and leather, all show some decline, a general abatement in new orders being the principal cause. With an immense volume of business, not much exceeded in the largest month of the exceptional year of 1892, and with evidence that in several important branches the volume has surpassed that of any previous year, there is a growing uncertainty about the near future of industries.

Money markets are neither strained nor threatening, foreign exchanges no longer raise apprehension, all fears about the great northern crops are passed. There have been few advances in wages of labor within the past month and only a few works have been closed by strikes for an advance.

The production of pigiron Oct. 1 was the largest in the history of the country, 201,414 tons weekly, against 194,029 Sept. 1, 196,000 tons having been the highest in 1892. Stocks unsold are not stated, but substantially the whole production is in execution of past orders. On the other hand, new orders are exceedingly small.

In woolen manufactures a demand for dress goods and some specialties keeps many fully employed, but most of the works making woollens for which new orders are scanty do not find enough to keep them running.

Failures for the week have included two banks and several concerns of some size and have been 268 in the United States, against 231 last year, and 52 in Canada, against 43 last year.

Good Demand For Drygoods.

NEW YORK, Oct. 12.—Bradstreet's says today: Cooler weather has stimulated a seasonable demand for staple drygoods, millinery and clothing, and jobbers in these lines in all parts of the country feel the improvement. Relatively most gain has been made at the south, where an improvement is reported in almost all lines.

The unfavorable features are found in the moderation with which wheat is exported from week to week, the reported weakness in pigiron and steel billets and in the competition suffered by domestic woolen manufacturers from abroad. But an examination of the conditions indicates that if reports of the size of the wheat crop and of wheat stocks carried over be accepted, the average weekly exports from this country, if kept up to the end of the crop year, will exhaust the amount of wheat available for export.

Exports of wheat (flour included as wheat) from both coasts of the United States this week amount to 2,244,000 bushels, compared with 2,613,000 bushels last week, and 3,317,000 bushels in the week a year ago.

MODERN BORGIA.

Sicilian Woman Arrested For the Wholesale Poisoning of Children.

CATANIA, Sicily, Oct. 12.—A woman known as Gaetana Stomoli has been arrested for the wholesale poisoning of children with phosphorus. She administered the poison by mixing it with wine and prevailing upon the children to drink the mixture. Her victims already numbered 23. It is stated that they all died in fearful agony. The woman has confessed to having committed the deed and offered as an explanation that she wanted revenge for the death of two of her own children, who had been bewitched. A crowd of people attempted to lynch the unnatural wretch, and were only prevented with great difficulty.

Fourteen Dead Bodies In the Ruins.

COLOGNE, Oct. 12.—The Volks Zeitung says that 14 dead bodies are still buried in the debris of the spinning factory at Bocholt, 40 miles from Munster, Westphalia, which collapsed Thursday, and buried 40 workmen in the ruins. The first report of the disaster placed the number of killed at 10, but the search of the ruins and the number of those known to have been in the factory and who are missing shows that there are 14 men dead to be taken out.

Silver Miners Feel Hopeful.

LEADVILLE, Colo., Oct. 12.—Mining men are feeling very hopeful and buoyant over the results of the rise in silver. It is hoped here that the price will at least reach 75 cents. There is a great quantity of low grade ore in this camp that cannot be touched under 75 and 80 cents, and even at that price it could barely be worked at a profit. However, if silver should reach 75 cents, with a probability of staying at that figure, it is likely that many mines would be worked.

Secretary Herbert's Christening Party.

WASHINGTON, Oct. 12.—The navy department has designated Miss Gray, daughter of Senator Gray of Delaware, to christen the new gunboat Wilmington, and Miss Guild, daughter of the mayor of Nashville, to christen the Nashville at the launching of the two boats at Newport News on the 19th inst.

HOLMES CASE REVIVED.

Detective Geyer Makes an Unexpected Visit to the Irvington House.

INDIANAPOLIS, Oct. 12.—The unexpected appearance of Detective Geyer of Philadelphia revived interest in the Holmes case in this city yesterday. He came here to try a key which had been found in the possession of H. H. Holmes when arrested in Philadelphia. It exactly fitted the front door night latch of the house at Irvington in which young Howard Pictzel was murdered and his remains cremated. Dr. Thompson of

HOWARD PICTZEL.

that suburb, who had lived in the home himself, recognized the key as the one he had carried for two years. The detective regards this last discovery as very important in identifying Holmes as the man who moved into the house with Howard Pictzel. Geyer has arranged to have Dr. Thompson, Dr. Byram and other witnesses go to Philadelphia and testify against Holmes in the trial there, which begins Oct. 28. The charred remains of the Pictzel boy will also be taken to that city and placed in evidence.

FURNACE ROOF FALLS.

Three Men Instantly Killed and Seven Others Seriously Injured.

CLEVELAND, Oct. 12.—The huge roof of the eastingroom at the River blast furnace of the Cleveland Rollingmill company fell in without warning late last night, killing three men outright and injuring seven others. The furnace had been tapped a short time before and a gang of 30 men were covering the cooling iron with sand when the accident happened. The killed were crushed to death.

PLOT TO RELEASE HAYWARD.

Jail Officials Find Duplicate Keys to the Murderer's Cell.

MINNEAPOLIS, Minn., Oct. 12.—The county authorities admitted yesterday that they had discovered a plot to effect the escape of Harry Hayward, the condemned murder of Catharine Geng, from the county jail. Duplicate keys had been made in some way which fitted his cell door and the outer door. These keys have been found by one of the sheriff's deputies, and when tried fitted the locks perfectly. The sheriff had kept the matter quiet and laid a plan to capture the conspirators in the act. A bribe had been offered to one of his deputies, a fact which the deputy promptly reported to Sheriff Holmberg. The publication of the facts will prevent the attempts, but arrests are likely to follow.

Charged With Willful Murder.

WILBUR, Neb., Oct. 12.—Hugh W. Crowe and May Rambo were yesterday charged with the willful murder of Mrs. Ella A. Crowe by strychnine poisoning. The coroner's jury brought in a verdict of murder in the first degree against Crowe, the husband, and May Rambo, the sister of the deceased. Crowe is landlord of the Dewitt House and the young woman has been staying there for some time, and it is their alleged intimacy that is said to have led to the trouble.

Arrested For a Fraudulent Bid.

CHICAGO, Oct. 12.—Chicago detectives yesterday arrested Francis J. Hoffman, president of the Hoffman Office File company, who is wanted in New York on a charge of perjury and conspiracy to defraud the city of New York. It is alleged that Hoffman conspired with three other office file companies to defraud the city of New York out of \$13,000, which was the bid made by him to supply the office of Controller Fitch with files.

Cleveland Is All Right.

BUZZARD'S BAY, Mass., Oct. 12.—The dispatch sent out from New York yesterday morning announcing rumors of the assassination of President Cleveland, proves to have had no foundation other than police were seen in the vicinity of Gray Gables looking for the murderer of a woman who had been killed in the suburbs of New Bedford. President Cleveland leaves Gray Gables today for Washington.

Claims of Sealing Vessels.

WASHINGTON, Oct. 12.—The representative of the British, Canadian and United States governments have arranged to meet at the state department next week to formulate a treaty for the settlement of claims of the British vessel-sealers, whose sealing craft was seized by United States revenue cutters prior to the announcement of the Paris arbitration and antecedent to the modus vivendi.

New York Chess Matches.

NEW YORK, Oct. 12.—J. W. Showalter, who arrived in this city yesterday, will sign articles with S. Lipschitz, for a match of seven games of chess, a side bet of \$750 and a purse offered by the Manhattan Chess club. Sonor Sterling, champion of Mexico, and N. Janogrodsky will begin a match of five games at the Manhattan Chess club this evening.

BOLD MASKED ROBBERS.

Compel a Grocer to Hand Out the Contents of His Cash Drawer.

FARMERS ALSO SHELL OUT.

Bandits Then Mount Their Horses and Ride Away—Jury Returns a Verdict In Favor of a Saloonkeeper—Horse Thief Quickly Captured—Imprisoned For Trying to Take His Own Child—Notes.

UNION CITY, Ind., Oct. 12.—Two masked robbers did some bold work at Castle, a small town two miles north of here. Walking into the grocery store of John Crouse, one drew a revolver and told the proprietor to hand out the contents of the cash drawer. The other robber stood in the door, and kept four farmers that were loading around the store covered. Not getting much money from Mr. Crouse they next turned their attention to the farmers, and secured from them about \$25 and a gold watch. They then backed out of the store and mounting their horses rode away. The police here have been notified, and are on track of the thieves.

Verdict For the Saloonkeeper.

LOGANSPORT, Ind., Oct. 12.—A verdict in favor of the defendant, Nicholas Fries, has been returned in the suit for \$5,000 damages brought by Mrs. Louisa Worden. Mrs. Worden's husband, while intoxicated, shot Warren Knowles and was sentenced to seven years' imprisonment. His wife charged that he was intoxicated with liquor sold by Fries, but the saloonist swore that the men were drunk upon entering his place, and that they compelled him to give them liquor at the muzzle of a revolver.

Released From Custody.

TERRE HAUTE, Ind., Oct. 12.—William Rhule, the young man from Chicago who placed obstructions on the track of the Chicago and Eastern Illinois road a few weeks ago that he might pretend to discover the obstruction, and thereby get a free ride, has been released from custody at the request of the railroad. The young man's parents are respectable people in Chicago, and he had previously borne a good reputation.

Sheriff Quickly Captured the Thief.

CROWN POINT, Ind., Oct. 12.—Charles Henderson of Leroy, drove in town with a new top buggy and good horse, which he tied to the hitch rack in front of the courthouse. In 20 minutes after he left the rig a thief had stolen it. Sheriff Hayes immediately started in pursuit and caught the thief at South Chicago, Ill., yesterday. The man gave the name of Charles Warner.

Thanks the Jury For a Light Sentence.

SHELBYVILLE, Ind., Oct. 12.—Edward Robinson, who is unknown here but is supposed to be an old criminal, was yesterday sentenced to State's prison for a term of two years for attempted manslaughter, having recently cut John Poutz almost to pieces. In reply to a question from Judge Buckingham, he laughingly thanked the jury for the verdict.

Crown Point Contracts For Waterworks.

CROWN POINT, Ind., Oct. 12.—The city council of this place has entered into a contract with a Chicago firm for a system of waterworks. The plant complete, with six miles of mains, is to be in operation by January, 1896, and is to cost \$36,900. Bonds are to be issued to run for 20 years, and the town is to own and control the plant.

Tried to Take His Own Child.

LOGANSPORT, Ind., Oct. 12.—Jacob Emery entered suit yesterday against Marshal Van Meter of Kewanee demanding \$5,000 damages for false imprisonment. He was arrested on a charge of kidnapping while trying to take his child away from its aunt, Mrs. John Shaffer of Chicago.

Bakery and Grocery Burned.

VALPARAISO, Ind., Oct. 12.—The bakery and grocery of Hanna & Brothers at Hobart was destroyed by fire yesterday. Loss, \$5,000. The family had a narrow escape from burning to death.

Stole the Horse Wrenches.

PLYMOUTH, Ind., Oct. 12.—An incendiary fire destroyed the Holland Radiator works at Bremen yesterday. All the wrenches of the hose carts were stolen, and no water could be obtained.

Her Love Not Reciprocated.

ELKHART, Ind., Oct. 12.—Miss Effie Burke died from the effects of a dose of oxalic acid, taken with suicidal intent. She was in love with John Weller, Jr., who failed to return her affection.

INDIANA NOTES.

The Alexandria novelty works has been placed into the hands of Receiver Tomlinson. The plant of the Logansport Furniture company has been destroyed by fire. Loss \$8,000.

Kokomo, Elwood, Anderson, Hagers-town and Middletown are organizing a new fair association.

Miss Ella Abbott, a revivalist, is creating much excitement in the southern part of Ripley county. Large crowds attend her services and many converts are made.

Colonel A. G. Patton has filed an answer to the suit brought against him by the southern prison board. The claim that he owes \$30,000 is denied, and an offset is alleged which far exceeds the claim of the state.

The Indiana Federation of Trades, which has been in session at Fort Wayne, elected Edgar A. Perkins of Indianapolis president and J. J. May of Logansport secretary. They declared in favor of the government ownership of railroads.

BRUSHES WITH THE SOLDIERS.

Small Bands of Cubans Continue to Harass the Spanish Troops.

TAMPA, Fla., Oct. 12.—Spanish newspapers report an engagement near the city of Santa Clara on Oct. 2. Fifteen hundred regulars under General Valdez were attacked by the insurgents and routed.

La Quinta, in Remedios, was attacked by the insurgents, who took the port and set it on fire. Two thousand Spanish troops were quartered there. When the fire reached them they retired from the city.

At Buccito the Spanish forces were surprised while Commander Lieutenant Francisco Lujan was absent. In trying to rejoin his companions they mistook and killed him. When the mistake was discovered the troops left the fort to secure the body. The insurgents rushed in, securing the arms and ammunition and then retired.

The Spanish column under Lieutenant Tovar was surprised near El Corajo while crossing the Bayamo river on Sept. 24. The Spanish loss was considerable. Many were drowned.

News From Cuba.

HAVANA, Oct. 12.—Alberto Beza-barro, an American citizen, has been made a political prisoner at Libertad.

A son of the Earl of Carlisle, who has been visiting in Cuba, has joined the insurgents in the interior.

Captain General De Campos has left Santa Clara for Santiago de Cuba.

Spain Will Send Torpedoes.

MADRID, Oct. 12.—The government is about to ship a supply of torpedoes to Cuba for the purpose of forming lines of defense to prevent the landing of filibustering expeditions on the island.

HAS NOT YET RETURNED.

Captain Beck May Possibly Have Forcefully Detained Mr. Meyers.

PENDER, Neb., Oct. 12.—While J. F. Meyers of the Flournoy company, with S. Garrett and George Meyers, were on the reservation yesterday, they were surrounded by 26 Indian police with instructions to arrest Meyers and bring him to the agency. Meyers informed them that he would not be arrested by them and furthermore told them he would not allow them to molest any of the white settlers holding land under the Flournoy leases. As he was backed by Garrett and George Meyers, both having a Colt's navy in each hand, the Indians went back to the agency empty handed. At this time McKnight, one of the employees of the agency who has leased all the lands now claimed by the Flournoy company, appeared on the scene and asked Meyers to accompany him to the agency, where he thought satisfactory arrangements could be made with the agents. Meyers went with him and as yet has not returned.

Did Not Find Arms.

ST. JOHNS, N. F., Oct. 12.—The French cableship Poyner Quertier was searched here yesterday, it having been reported that she had a quantity of arms and ammunition for the Cubans on board. Nothing whatever was found in the way of firearms.

People In the Gas Belt Laugh.

PHILADELPHIA, Oct. 12.—Anthracite coal prices, which were advanced only two or three days ago, were raised still higher yesterday. Broken was elevated from \$3.35 to \$3.50 per ton and chestnut from \$3.40 to \$3.60. The new prices will go into effect early next week.

Wants an American Warship.

LONDON, Oct. 12.—The Constantinople correspondent of The Daily News says that the United States minister, Hon. A. W. Terrell, has telegraphed to his government for a warship, to be sent to Mersina for the protection of American interests in that district.

PEOPLE in this country did not fire any guns or blow any horns over "returning prosperity" until the adjournment of the late congress. This is a truth for the combined democratic editorial talent of Putnam to masticate next week.

It has come at last. The Cloverdale Sentinel says the frost is on the pumpkin, etc." We expected the Star-Press to say that first. In order to forestall the organ on another of its important yearly items we will not say that there is a heavy crop of mast.

THE BANNER TIMES drew the fire of the organette to the tune of a column and the Star-Press chips in with a couple of stickfuls. That's right, gentlemen, keep a good thing before the people. You can't talk

about a better article than the BANNER TIMES and when you speak in such endearing terms as you do this week we feel that our mission is succeeding. The hides of democratic newspapers these days are awfully tender and sensitive and the castigation they receive from republican newspapers hurts accordingly. We admonish our contemporaries not to tear their clothes, the organette in particular, as it shows evidence of being excited. It at last admits it is the organette.

CLOVERDALE will have a meeting on the telephone question on Monday evening. They should take stock liberally in a company that will give them direct communication with Greencastle. In this age of electricity much time and unnecessary travel between the two towns could be done away with by having a telephone line. All the towns in the county should aid in building lines.

WHILE the combined editorial talent of the democratic party is howling so vigorously in defense of Superintendent Mark, they should hustle around a little and find out just what the late grand jury accomplished in the investigation of Mark and his farm. Something definite was "did" with the commissioners' favorite officer.

THE Democratic combined editorial wind mills say "ha, ha." this week. It's the first real good laugh they have had since the republicans burned the woods last fall.

Coal Prices Jumping.

Hard coal took another 25-cent jump in prices this morning and Monday another 25-cent increase will be made, making the price \$6.50 a ton. On the 15th block coal will advance 10 cents on the ton on account of the recent increase at the mines. No advance is expected in bituminous at the present time. The block coal operation has formed a new combine for the present season, but there is a probability that it will not hold. Already some of the operators are jumping the organization contract and making sales when it is possible. At the last meeting held at Brazil the session adjourned with much dissatisfaction in the ranks.

That Tired Feeling
Is a common complaint and it is a dangerous symptom. It means that the system is debilitated because of impure blood, and in this condition it is especially liable to attacks of disease. Hood's Sarsaparilla is the remedy for this condition, and also for that weakness which prevails at the change of season, climate or life.

Hood's Pills act easily, yet promptly and efficiently, on the bowels and liver. 25c.

HUMAN PERFECTION.

That was the Subject of Mr. Burcham Harding's Lecture Last Night.

In spite of the weather a fair audience listened to the lecture on Theosophy, and several ministers and professors were present, who closely questioned the lecturer and brought out much valuable information; the general drift showing that the spirit of the age is departing from the materialistic dogmas and forms to put in their place a devotion to humanity, the true foundation of religion, and a practical application of the teachings of Jesus. In other words to put the real spirit behind the formulas and forms.

The lecturer said in part:

"Brotherhood is where all the parts of a society work together for the general welfare. Whilst all the organs of the human body perform their functions the man is strong and vigorous. If the heart becomes selfish and refuses to work, death ensues. If the liver be sluggish, suffering arises. Selfishness is the cause of all suffering. If all practiced the law of brotherhood happiness would be general.

The height of human perfection is brotherhood. All religious and secret societies have been based on brotherhood. Only through the mental and moral purification expressed by the practices of brotherhood can divine knowledge be gained. Religions of old had their outer rituals, forms and services for the multitude, and their inner secret teachings for those ready for initiation.

"Karma is the law of cause and effect; that every cause must return to the actor as an effect, and that every effect must be preceded by a like cause. Reincarnation is the doctrine that the real immortal man lives many successive lives on earth in different bodies. By obeying the laws of brotherhood in one life, the next is endowed with more talents and greater happiness. On the other hand, selfish use of our possessions entails their loss in the next earth life. This explains why some are born with so many of the good things of this life, and others without them. Each one reaps what he has sown. Man is his own creator and destroyer.

"These laws show that we all come to this world for different experience. Each has a special duty to perform. Its fulfillment is our part in the general welfare. The real possessor of the wealth, health and intellect is the soul which earned them in a previous life, and now endows our personality with them. They must therefore be used for the soul, which is spiritual and sees no separation between itself and its brother."

"The preamble of the United States Constitution states the same doctrine in saying it is 'To promote the general welfare and secure the blessings of liberty.' We are enslaved by selfishness and must throw off the shackles by applying the law of brotherhood to all relations, social, political and national.

A meeting will be held this evening at 7:30 o'clock at the office of Dr. H. H. Morrison. All interested in studying Theosophy are invited to meet Mr. Harding, who will give suggestions thereon. Mr. Harding has also consented to speak this afternoon at 4 o'clock in Plato hall, on "What Happens after Death."

For 10 Years

I had lumbago and sciatic rheumatism, at times unable to dress or turn in bed without help. I was worn out, liver disordered, tired and weak, when I began to take Hood's. I was soon much better, and since taking three bottles I have not been troubled with rheumatism. We consider

Hood's Sarsaparilla
the best blood and liver medicine. D. Brooks, Tipton, Mich. \$1; six for \$5.

The Circus Girl.

The Cecil Spooner company headed by America's greatest soubrette and dancer, Miss Cecil, will be at the opera house next Saturday night. Miss Cecil will present her great three act Yankee comedy entitled "Becky Bliss, the Circus Girl," with Cecil in the role. An excellent line of specialties will be introduced and strictly first class performance guaranteed. The great challenge kaleidoscope dance which Cecil will introduce has been pronounced by press and public in all the cities to be the most wonderful thing of its kind ever produced on any stage.

Cecil is a premier soubrette and danseuse. She has a pretty voice and can sing beautifully, is versatile, and her specialties in dancing are the embodiment of grace and terpsichorean skill. She is equally at home in brushing off a reel or wing dance. In the filmy gauze of the serpentine she is bewildering and entrancing. She poses on her toes, spins like a top and springs hither and thither with the agility of a fawn. She is a finished artist in all her work, and she is mistress of every known style of dancing popular with the highest votaries of Vaudeville. Cecil has a great future and *The Sunday Eye* predicts great triumphs for this wonderful little lady. Her pirouetting and graceful evolutions do not seem to be the achievement of special training, but the spontaneous outburst of a heaven-born genius.

A Wonderful Conqueror.

No disease is more common among the people than scrofula. Handed down from generation to generation, it is found in nearly every family, in some form. It may make its appearance in dreadful running sores, in swellings in the neck or goitre, or in eruptions of varied forms. Attacking the mucous membrane it may be known as catarrh, or developing in the lungs it may be, and often is, the prime cause of consumption.

In whatever form scrofula may manifest itself, Hood's Sarsaparilla is its inveterate foe and conqueror. This medicine has such powerful alterative and vitalizing effects upon the blood that every trace of impurity is expelled, and the blood is made rich, pure and healthy.

Makes no charges for examination and charges regular prices for spectacles sold by him.

The following article appeared in the "Keystone" (of recent date) a paper published in Philadelphia. "We are pleased to present a portrait of Dr. E. Shipley, of Greencastle, Ind. He is a Philadelphian and as he comes from the home of Optical Science he is naturally on top in his profession. Dr. Shipley is a thoroughly competent optician in every sense of the word. He can make a complete diagnosis of a difficult case and then go into his factory and grind the lenses and make the spectacle complete. Recognizing in him an optician of the highest skill and one who achieved and deserved success. The Philadelphia Optical College has lately conferred on him the highest honor in its power, 'The degree of Doctor of Refraction.'"

officers yet, though two prominent citi-
zens are grooming for the position of
chairman. It is dollars to dimes that
the club will not agree on a president,
but should such a thing be done it is an
equally safe bet that the president
would resign if he thought the club re-
ally wanted him to serve. This is a
city of clubs and the Contrary club
should forge to the front.

THE CHRYSANTHEMUM EXHIBIT.

Promises To Be the Most Elaborate Ever
Held in Tomlinson Hall.

The coming Chrysanthemum Show
which will be held at Tomlinson Hall
on November 5 to 9, inclusive, promises
to be in all particulars the most elab-
orate and successful ever held in that
city. The florists will vie with one an-
other in exhibiting their products in
various colossal proportions, will be
four mammoth vases, each of 100
blooms, comprising red, white, pink
and yellow, each vase to occupy a space
of twenty-five square feet, orchids, roses,
carnations, pot and cut chrysanthemum,
palms, ferns, etc., will form a rich
floral bower by the abundance in which
they will be shown.

The musical feature of the exhibit
will be on a liberal scale. The Indian-
apolis Military Band will give a con-
cert each evening and special music will
be rendered each afternoon.

The Central Traffic Association will
make half-fare rates from all points
within seventy-five miles of Indian-
apolis on Wednesday and Thursday,
November 6 and 7, which will be good
returning until November 8. This,
with the fact that the Chrysanthemum
Society will offer \$1,400 in premiums,
will assure a large attendance and a
wonderful floral show, eclipsing by far
all former exhibits held in the hall.
From the interest now manifested the
attendance from the city alone would
indicate that the show will be a finan-
cial success.

Weak, Irritable, Tired

"I Was No Good on Earth."

Dr. Miles' Nervine strengthens
the weak, builds up the broken
down constitution, and permanently
cures every kind of nervous disease.

"About one year ago I was afflicted
with nervousness, sleeplessness,
Creeping sensation in my legs,
Slight palpitation of my heart,
Distressing confusion of the mind,
Serious loss or lapse of memory.
Weighted down with care and
worry. I completely lost appetite
and felt my vitality wearing out.
I was weak, irritable and tired,
My weight was reduced to 100 lbs.,
In fact I was no good, on earth.
A friend brought
me Dr. Miles' book,
"New and Start-
ling Facts," and
I finally decided
to try a bottle of
Dr. Miles' Re-
orative Nervine.
Before I had taken
one bottle I could
sleep as well as a
10-yr.-old boy. My
appetite returned
greatly increased.
When I had taken the sixth bottle
My weight increased to 170 lbs.,
The sensation in my legs was gone;
My nerves steadied completely;
My memory was fully restored.
My brain seemed clearer than ever.
I felt as good as any man on earth.
Dr. Miles' Restorative Nervine is
A great medicine, I assure you."
Augusta, Me. WALTER R. BURBANK.

Dr. Miles' Nervine is sold on a positive
guarantee that the first bottle will benefit.
All druggists sell it at \$1.00, 6 bottles for \$5.00,
or it will be sent, prepaid, on receipt of price

VIOLA CREAM

A lovely complexion only Nature can give. She gives a new, clear and soft one to those who use Dr. Hebra's Viola Cream. It is not a paint or powder to cover defects. It gets rid of them, by Nature's own process of renewing the vitality of the skin; banishing all roughness, redness, freckles, moles, pimples, blackheads, sunburn and tan. It does this *surely* and harmlessly, because naturally. Its use means both skin-beauty and skin-health. Viola Skin-Soap hastens the process, because it is a pure and delicate soap. It should be used in connection with the Cream. It should be used in the nursery, too. Ordinary soaps are not fit for a baby's skin. Viola Cream, 50 cents. Viola Skin-Soap, 25 cents. Sold by druggists or sent by mail. Send to G. C. BITTNER CO., TOLEDO, O.

DEPAUW UNIVERSITY

THE BEST NEWS OF OUR GREAT
AND GROWING INSTITUTION.

The Students' Doings—Their College
and Social Life—Their Guests—In-
cidents and Notes of the Bright
Lives of Many Young Men and
Women Told by Special Reporter.

Messrs. Buchtel, Pulse and Zink
are initiated Betas.

Manager Mead, of the foot ball
team has made arrangements to
play a game with Missouri State
university at St. Louis, on Oct. 26
for a guarantee of three hundred
dollars.

Messrs. Frank Preston and Frank
Foxworthy, of Indianapolis, are here
visiting university friends.

Ned Blake, who has spent several
days at Terre Haute, is back.

The sophomores met this after-
noon at 1:30 and disposed of im-
portant class matters.

The Thanksgiving game of foot
ball has not been definitely ar-
ranged for. It is quite probable
that it will be played with Illinois
college at Peoria, Ill.

Will Sparks visited Indianapolis
yesterday.

Foot ball practice was slightly
interfered with yesterday on ac-
count of the rain. Most of the
varsity eleven was out, however,
and did some very satisfactory
work.

From the clipping in this column
yesterday from the *Bloomington*
Telephone it seems that I. U. stu-
dents and professors are support-
ing the foot ball team and coach
very enthusiastically. This is a
lesson it seems to us that is worthy
of our imitation for there is noth-
ing that can do a team so much
good and so insure success as a
liberal support from the students
and professors.

The foot ball game between De-
Pauw and Kentucky State college
which is to be played Monday
afternoon at 3:30 o'clock at Lynch's
park, promises to be one of the fin-
est and hardest contested games of
the season. Word has reached us
through the manager of the Ken-
tucky team that one of their half
backs is the champion sprinter of
the world. Our boys have resolved
that he will never get through our
line and every energy will be put
forth to keep the resolution. The
grounds are in fine condition and
we hope a large crowd will be found
supporting the team at the first
game.

Joseph A. Wright, '94, who has
been studying in Europe this sum-
mer, has returned to New York and
accepted a fellowship in the de-
partment of jurisprudence in Col-
umbia college.

Mr. Hartscock, of the class of
1902, is not pledged to the Delta
Tau fraternity as was stated in
yesterday's edition of this paper,
but to the Sigma Nu. We guess
our informant was color blind. We
wish to make an apology to both
the Delta Tau and Sigma Nu fra-
ternities.

Last evening's issue of the *Indi-
anapolis News* contained the
stalest batch of DePauw news that
to our knowledge has ever been
palmed off on a reading public. It
was even worse than that of the
DePauw *Weekly* of last week.
Nearly every item bore evidences
of the musty accumulations of
weeks and even months gone by.
The writer, whoever he is, has cer-
tainly just awakened from a season's
sleep. We believe a newspaper
should be what the name indicates
and not made up of ancient history
alone.

Osgood, I. U.'s new coach, has
all kinds of rats in his garret. The
very first day he struck Bloom-
ington he declared that the I. U. team
was peerless. Said he: "And you
may furthermore announce to the
public that we shall not lose a game
this season." Mr. Osgood would
not modify the prophecy as to Pur-
due, saying: "I know the Purdue
team. As a member of Cornell
team I played against Purdue on
one occasion—one Thanksgiving

day. They cannot win from us.
These boys here will come right to
the front."—*Crawfordsville Jour-
nal*. Mr. Osgood will get a tire
punctured here also. He is talk-
ing entirely too soon.

The Kentucky State team will
play Purdue at foot ball today.
The impression that Kentucky has
played against no big teams is al-
together wrong, for the eleven has
had many hard fought battles on
the gridiron. In the team is per-

State college foot ball team was

ments for Monday's game.

Messrs. Wigger, Rurick and

the Purdue-Kentucky foot ball
game.

Miss Bennett, '94, is here visiting
Kappa friends.

Word has been received from
Evansville that Allen Buchanan's
father died yesterday.

Roy Wade went to Indianapolis
this evening.

vention.

half back in the south. Smith Al-
ford has done yeoman service as a
half back. His men are full of
hot southern blood and play a de-
perate game; there is no weakening
to them. Purdue will have a hard
fight today. The Kentuckians will
present the following team: Left
end, Short; left tackle, Lytle; left
guard, Campbell, center, Woods;
right guard, DeBow; right tackle,
Carnahan; right end, King; right
half back, Asher; left half back,
Turner; quarter back, Duncan, full
back, Alford.

WHY GO AWAY?

Why go to Martinsville, French Lick,
or any other watering place when
Greencastle has at her doors some of
the best mineral water to be found in
the state. The Spring on the Mahan
farm, south of the Vandalia railway,
contains iron and sulphur. Its medi-
cal properties have been accurately
tested and found to be the equal of any
spring.

TESTIMONIALS.

For 15 years I have been a sufferer
from rheumatism, constipation and
kidney trouble and have tried various
medicines but of no avail. About four
months ago I commenced using the
Mahan mineral water and am now free
from my old troubles. No other medi-
cines are required.
JOHN RILEY,
South Greencastle.

Jerome Smith, barber, says: "I
began taking Mahan's mineral water
for constipation and after using it for
a few weeks I was entirely cured. I ad-
vise anyone so troubled to use it."

The following is a list of those who
have been benefited by the use of the
water:

For Stomach Trouble: Clayton Kel-
ley, Miss Lida Walker, R. L. Brown-
ing, Mrs. W. E. Hopkins, Mrs. Laura
Smayser, Mrs. James Merryweather,
Mrs. Richard Buntin, Robert Higert,
Wm. Seller, James Manning, Sister of
Providence, E. Gillette, 296 Virginia
Ave., Indianapolis.

For kidney trouble, Mrs. G. E. Blake,
J. O. Hare, Barry Earnest. For con-
stipation: Robert Turner, James
Taylor, Chas. Martin, J. B. Aikman,
Terre Haute, Mrs. Chas. Luetteke.

For rheumatism: W. E. Hopkins, T.
H. Pattee, Riley Carrington, Sister of
Providence, D. Ball, Mrs. George
