We are authorized to announce the name of J. F. Lachot of Berne, as a candidate for Treasurer of Adams county, subject to the decision of the Democratic Delegate Convention to be held Friday, April 8, 1904.

Hon. Syndey R. Moon of Portland spent several hours in the city today, and without any desire to pump a little "hot air" we must confess that he is one of the Indiana democrats whom the state may be glad she honored. He is ever and at all times a democrat of the brand that votes the ticket regardless of race, color or previous condition of servitude. In the present campaign Mr. Moon has aligned himself with the Hearst movement, and in doing so he has nothing but the welfare of the democratic party at heart, having passed the stage of working the game for personal or selfish motives. His arguments, we must say, have many convincing points, and this connected with his personality will make the Hearst boom in Indiana realistic in more ways than one.

FATALLY HURT

Twelve-Year-Old Boy Near Berne Kicked by a Horse.

The 12 year year old son of Newton Smitley east of Berne is in a critical condition since Sunday evening when he received a very bad kick from a horse, says the Berne Witness. He was engaged in watering the horses and while following one back to its stall he received a kick on his forehead above the left eye and on his nose. His skull was cut open to the brain and the bones of the nose were badly broken. He was completely unconscious until a physician from Berne arrived and removed part of the fractured skull and dressed the wound. His condition is quite serious and it is feared that he may not recover. The horse had been newly shod and it is a wonder that he was no instantly killed.

BALMY SPRING

First Real Breath of Warmness Has Arrived.

Spring seems to have arrived, on schedule time. Yesterday was March 21st, the date which every almanac and calendar denotes as the day when this delightful season of the year breaks forth in all the glory of her green gown, and after such a winter in comes as a positive joy. The weather man's card yesterday morning showed the temperature to be near the freezing mark but the mercury rose steadily until this morning when it stood forty degrees higher. The air was warm, actually warm and heavy underwear seemed a burden, but we advise you not too change too quickly as the forecast for today and tomorrow blasts the hope that we shall feel no more the winter cold—it says—'rain and colder.'

Old Relic Found.

While cleaning out the attic in the old King home on First street today W. S. Hughes found an old carding wheel, the kind that was used to reel yarn on a century ago. How old this wheel is cannot be told but its age has been estimated at from fifty to three times that. It is an emblem of the days of our fore mothers anyway and can be seen at this office.
