It is a matter of congratulation to note the signal marks of improvement in the Indianapolis Sentinel and the Democrat hastens to express its approval and delight. The fact that the Indiana democrats have a state newspaper is due to the personal sacrifice and loyalty to party of the Hon. T. Taggart and we hope to see him grow to be as great in journalism as he is great in many other avenues of life. As a friendly suggestion we might add that every Indiana democrat ought to have party pride enough to be an every day paying reader of the Sentinel.

A Few Minutes Use of Hyomei Four Times a Day Cures Catarrh

The pleasantest, most convenient and the only scientific method for the treatment and cure of catarrh is Hyomei. Simply put twenty drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way every particle of air that enter the air passengers of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation.

The first day's use of Hyomei will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs \$1.00 and if after using you can say that it has not helped you the Holtwood Drug Co. will return your money. What other treatment for catarrh is sold under a guarantee like this?
