## POSITION DURING SLEEP.

Slightly Raise the Head and Lie on the Right Side.

The main object of sleep is that every organ of the body should have perfect rest. The brain, the lungs and the heart have been, not inappropriately, called the "tripod of life," as upon them hangs the prosperity of the whole frame; hence we slightly raise the head to check the flow of blood to the brain and more or less quickly find out the position of greatest ease for lungs and heart.

This will be found by sleeping for the greater part of the time on the right side, for nearly two-thirds of the heart is on the left of the medial line, and the apex points closely to the smaller left lung; hence the fullest and freest play possible should be given to the left side.

A quiet pulse, diminished respiration and refreshing rest are all combined when open windows, moderate warmth and unchafing heart work together. It is often best to court sleep on the left side and turn to the right before going off.

## A Philanthropist.

Modern advertising can cope even with the etiquette of courts. A London journal tells us that a young American woman wished to be presented at the court of the king of Saxony. The high officials, having inquired into her social standing at home, objected. They represented to her that the king could scarcely receive the daughter of a retail bootmaker. The young woman cabled home and told her father the situation. The next morning she received his answer:

"Can't call it selling. Practically giving them away. See advertisement."

That solved the difficulty. She was presented as the daughter of an eminent philanthropist.

## A Doctor's Visit.

More patients become dissatisfied because they are not visited often enough than because they are required to pay for excess of services. One of the most grateful families that I ever knew was one that had just paid a young medical grafter for fourteen visits made between 5 and 11 p. m. of a single day, when two visits would have been amply sufficient. Small wonder that some of the younger men yield to this temptation and shortly become known to the profession as repeaters. But these soon lose caste.—The World Today.

## Lesson in Modern Finance.

"Pa," said the son of the captain of industry, "what is being recreant to one's trust?"

"Not increasing the capital stock every time the public can be hypnotized into buying a few more shares for the benefit of the people who hold the bonds."—Chicago Record-Herald.

## A FIERCE ANATHEMA.

The Pious Wish a Woman Flung at Jean Paul Richter.

Jean Paul Richter once observed that if a lady officer wanted to give the word "Halt!" she would do it in the following strain: "You soldiers, all of you, now mind what I say. I order you as soon as I have done speaking to stand still, every one of you, on the spot where you happen to be. Don't you hear me? Halt, I say, all of you!"

Upon this a strong-minded woman made the following comment: "Now, M. Jean, it was an unlucky day on which you wrote that sentence. May you never hear anything but that little, comical word 'No' from every rosy pair of lips you meet. May you halt wifeless through life. May your buttons be snappish, your strings knotty and your stockings full of holes. May your boot-jack be missing, your feet corny and your shaving water cold; your razor dull, your hair stand up, your collar lie down. May your beard be porcupine, your whiskers thinly settled and your mustaches curl the wrong way. May your coffee be muddy, your toast smoky and your tea water bewitched, and, with a never dying desire for affection, may you crawl through creation a meek, miserable, nasty, forlorn, fidgety, fussy, ridiculous, ruined, dejected old bachelor."

## THE ABUSED OYSTER.

Fattened For the Vulgar Crowd and Deprived of His Fine Flavor.

The oyster in his glory is a rich, dark colored, shapely inhabitant of salt water. He is plump, but not swelled up, and has a delicious, incomparable salty flavor which nobody who really knows him would ever dream of spoiling with crude condiments. But rarely will the oysterman send such an exquisite creature to market. It is not fat enough or white enough for the vulgar crowd. So he puts it in fresh, or nearly fresh, water to "fatten"—that is, he draws off the fine natural juices by a process of osmosis and substitutes therefor a quantity of water which distends it like a balloon and makes it just as tasteless. But it looks fat like a scrawny Christmas turkey judiciously fed by an air pump. Then it is put before the American as an oyster, and the American, who judges his food and drink largely by labels, pours over it salt, pepper, tabasco, Worcestershire, horseradish or what not and thinks it is all right. He might as well have any sort of sea urchin that was soft and puffy and wet as a vehicle for the concoctions which he used to make himself believe that an oyster tastes like something.—New York Tribune.

In the hour of distress and misery the eye of every mortal turns to friendship. In the hour of gladness and conviviality what is your want? It is friendship.

## CHOKING CATARRH CURED

Your Money Back if Hyomei Does Not Cure You.

"Use Hyomei and be cured of catarrh," is what all who have tried it for that disease say to their friends.

It is the easiest thing in the world to stop catarrh at its beginning if you use Hyomei. Just breathe the health-giving, balsamic air for a few minutes and your catarrh will be cured. In the worst cases of this disease, chronic or acute, Hyomei used four or five times a day is all that is needed to soon effect a cure.

The complete Hyomei outfit costs but \$1.00 and comprises a hard rubber pocket inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50c.

In this city and neighboring towns, there are hundreds who can testify to the remarkable powers of Hyomei to cure catarrh. Many of the staunchest friends of this remedy today began its use with little hope that they would be cured, but as The Household Drug Co. offered to refund the money if it did not cure, they decided to try it on that plan, and were soon restored to health.
