

FRIDAY, JULY 13, 1877.

Gov. Williams delivered the oration at Crawfordsville on the 4th.

The Louisiana returning board have been indicted for making false returns, and are in a fair way to suffer the penalty.

The Consul says our contract for printing the Premium List will not cover the cost of "raw material." And he, professing a practical printer!

Mike Dunn who murdered Bill Kelley, in Logansport, about two years ago, and walked off in broad daylight, was recently poisoned at the Black Hills.

An "entire family murdered," is the startling headline of an Ohio dispatch. Another of the Rensselaer Union and its ilk to chew from now until the next presidential election.—*Mag-nolia (Miss) Herald.*

One of the leading banks of St. Louis closed its doors Wednesday under a decision of the Directors to put it in liquidation. Several other institutions in the same city are about to take similar action.

Just now the Hayes organs (with post offices attached), are endeavoring to explain away the Iowa Convention.—*Rockester Sentinel.*

We think there is one exception to this rule. In our judgment, our old friend, Billy Huff, of the *Monticello Herald* (and post office) don't draw much for favor in this particular.

More than seven thousand applications for consularships are on file in Washington, and there is but a single vacancy. The authorities hope that in time that one may be made to satisfy something more than its share of applicants, since it attaches to a post on the coast of Africa where the climate is certain death to unaccustomed persons.—*Chicago Times.*

The "Out-look" is certainly favorable for Mr. James.

Mr. McEwen, of the Rensselaer *Sentinel*, had something to say in regard to an article that appeared in the *Excelsior*, and has also called to his aid some fellow from Mississippi, who, probably ought to be looking from Iron bars.—Bro. Mac, if we drop down on you, you will think one of those "eyecloves has struck you."—*Hinsman Republican.*

No, no; not "eyecloves." It's the bloody-shirt ye deal in, and that is the article ye'll drop. Brother Keizer is not the only champion of the bloody-shirt whose counsel lead them to fancy that a perfect "eyeclove" swells up within them. He has nothing to say in the defence of his insinuations against the manhood, veracity and honor of Elder Halstead. But "Nick of the Woods" hit him with a "eyeclove," and now he thinks he has the power to hurl his missiles.

The Mexicans at Anapulo, Mexico, enjoyed themselves for awhile in insulting American residents there, and destroying their property, and finally in imprisoning the American Consul, President Diaz, directed the Commandant at that place, Gen. Jimenez, to make speedy and complete restitution and apology. This he refused to do. The U. S. Man-of-war, Pensacola, steamed into that port a few days ago, and Admiral Murray secured an audience with Jimenez. He very quickly informed that individual that he had no time to waste—the property destroyed must be paid for then and there, apologies must be made, and the American flag must be saluted, or the town battered down over his head so soon as he should return to his ship. Jimenez saw that Admiral Murray meant what he said, and complied with the conditions imposed.

At the recent session of the Legislature a law was passed regulating the sale of intoxicating liquors on Sunday, or public days, which is probably not generally understood. It is beneficial in its provisions, in so far that it allows a fine not exceeding \$50 against a saloon-keeper for its violation, and the druggist or druggist's clerk who sells liquor, for medicinal purposes, "without a written prescription from some regular physician of this county," is made to fall for \$100.00. Here is the law:

Section 1. Be it enacted by the General Assembly of the State of Indiana, That it shall be unlawful for any person to sell, barter, or give away, to be drunk as a beverage, any spirituous, vinous, malt, or other intoxicating liquors on Sunday, the Fourth day of July, the first day of January, the twenty-fifth day of December, commonly called Christmas, and Thanksgiving day, as designated by proclamation of the Governor, or President of the United States, or on the day of any State, county, township, primary or municipal election in the township, town or city, where the same may be held, and upon conviction thereof, the person so offending shall be deemed guilty of a misdemeanor, and be fined in any sum not less than ten nor more than fifty dollars, to which may be added imprisonment in the county jail for any period not to exceed sixty days, in the discretion of the court or jury trying the same.

Section 2. It shall be unlawful for any druggist or druggist's clerk, to sell, barter, or give away any spirituous, vinous, malt, or other intoxicating liquors on Sunday or upon the fourth day of July, the first day of January, or the twenty-fifth day of December commonly called Christmas, or Thanksgiving day or on the day of any State, county, township, primary or municipal election in the township, town or city where the same may be held, unless the person to whom the same is sold, bartered or given to shall have procured a written prescription from some regular practicing physician of the county where the same is sold, bartered or given away, and any person so offending shall be

deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than five nor more than one hundred dollars, to which may be added imprisonment in the county jail for any period not exceeding sixty days, in the discretion of the court or jury trying the same.

Editor SENTINEL: In last Thursday's "Union" (which made its appearance on Saturday morning), appears an article from the pen of the senior editor of said paper, commenting on your answer of the preceding week, to his attack on the *SENTINEL*. In reference to the printing of the premium list for the Jasper County Agricultural and Mechanical Association for the year 1877. The article referred to makes as we understand it a general attack on the society, first, on the Directors, second, and more especially on the committee appointed by the board of Directors to secure the printing for the society on the cheapest and best terms possible to be had. In that article he says "the circumstances attending it, (the letting of the printing) were such as to arouse suspicions, that those who controlled were not acting in good faith, and two members of the committee appointed to negotiate a printing contract for the society were plainly told so." The members of committee were Mr. George H. Brown, President of the Board, Mr. Norman Warner Superintendent, and myself. As one member of the committee I must say in my own behalf, (and I think when I speak for myself that I at the same time speak for Mr. Brown and Mr. Warner), that I know of no "peculiar circumstances attending our actions," that were "calculated to arouse the suspicions" of any one, unless it might arouse the jealousy of some such fellow as the senior editor of the *Union* after the bids had been opened and the contract awarded to the *SENTINEL*, not because the Editor of the *SENTINEL* and one member of the committee are Democrats, as Bro. James intimates, but because Mr. Warner and myself upon opening the sealed bids found that Mr. McEwen proposed to do the work for \$25, less than the *Union* man, Mr. James' bid being \$60 and Mr. McEwen's bid being \$35. Last year financial matters were by far, easier than they are this year, and Mr. James did the work for \$45, this year you will observe, when money is three times as hard to procure, with competition in our village he is silly enough to ask \$15 more for the work than he asked and received last year, and he says "two of the members of the committee were plainly told so." I e that Mr. James would not have a fair chance in bidding, somehow, I don't pretend to know how.—Well, I was never told so, and Mr. Warner informs me that he was never told so; then it naturally follows, that the senior Editor of the "Union," (I was going to say lied but that would not do), but I will say that that particular portion of the article is false. In the same article he says, "If all the stockholders will unite with us in an earnest effort to overcome the serious obstacles presented by an incompetent board of Directors"—I, e. well, that is cheeky, it is encouraging to the board of Directors,—it is flattering. But then Mr. James should remember that it is a very difficult matter to select a board of directors in Jasper County, that has as much competency and brains as he has himself and you will remember that the Board consist of nine members, we think it would be a glorious idea at our next election to have our rules amended so that one man might perform the duties of the Board. Then let some stockholder propose the name of Mr. Horace E. James for the Board; we think the board being very competent would without doubt be elected, and then we could have an exemplification of the motto of the United States, E. Pluribus Unum. The definition of meaning "is many in one," and if that measure does, or should from any cause fail to carry through, we would suggest first a bottle of McEwen's Vermifuge and after that in all taken according to the directions on the label, it should be followed with a bottle of Mrs. Winslow's Soothing Syrup. If he follows the above prescription we will guarantee that he will feel 100 per cent better.

Respectfully,
Ira W. Yeoman.

The Great and Awful Stanley.
(Troy N. Y. Times.)
There can be no possible doubt that Stanley Matthews is a great man—a very great man indeed. How this country has managed to get along without him for 100 years past is a mystery. He is an embodiment of all the qualities which are desirable in a statesman, a patriot, a financier and a scholar. No question can possibly arise that he is not competent to decide rightly, at a moment's notice. Ohio ought to be proud of a son so illustrious. What that State so did have done for a Senator to serve out John Sherman's unexpired term if Stanley Matthews hadn't been on the face, we cannot imagine. Fortunately he was on hand, and not on Ohio but the whole country was saved. There can be no doubt that the administration of President Hayes would have gone to the demerit but for this but for the counsel and support given to it by this eminent individual. Every American citizen should feel thankful that a being so illustrious and all-pervading in his beneficence exists to take care of affairs and run things generally.

A DOOR SCRAPER.
(Max Aden)
We have just perfected an invention which will probably relieve us in the future from the persecution of life insurance agents and book canvassers. It is in the nature of a patent combination reflex-action door-scraper. We fasten it down to the lowest step in front of our house, and wait until the book-canvasser comes along, which one is tolerably certain to do within fifteen or twenty minutes. The canvasser stops to scrape his boots, while he thinks up some new and vigorous exaggeration with which to impose on us. As his foot touches the iron, two clamps fly over his instep and hold him fast, a steel claw suddenly shoots up his leg and grabs his trousers; a trap flys open in the pavement, and the victim is hauled into a coal cellar, where we have an infuriated Irishman engaged to mellow him and flatten him out with a scoop-shovel. We allow the Irishman a royalty on the remains, and he seems to be animated by an earnest desire which promises rich results. If the machine works well we shall either buy a graveyard or found a medical college. In the mean time persons in want of bodies for dissection or other purposes will please apply.

To Wool-Growers!
Owing to the great efforts that have been made by the merchants of this vicinity to divert the wool trade from its proper channel, the Woolen Mills, I have been compelled to put in a full and complete assortment of DRY-GOODS, which, in connection with a large stock of my own manufacture, I offer to the wool trade At Prices that defy Competition!
Knowing, as you must, certainly do, that it is to the farmers' interest to encourage home manufactures and build up a home market for all these productions, I feel that I will give me a manufacturer, the first call when in the market with your wool.
My Mill is now running on full time, with William B. Hogeland as foreman and Alex. Under Douglas as assistant, both so well acquainted that it is unnecessary to say anything as to their ability to give satisfaction to the custom trade.
For the convenience of my customers, I have removed my store to Reynolds' Block, corner corner, where you can get the highest price in cash or trade for your wool.

Stock of Goods FOR THE Spring and Summer
trade of 1877 in Jasper county, but an eye was trained to the choosing of articles whose DURABILITY and PRICE would recommend them to a community that is anxious to adapt themselves to the circumstances which now surround everybody in the United States. But this did not prevent the purchase of a stock that will compare favorably in point of beauty with anything to be found in this market, while
The Standard Quality and Low Prices
of the fabrics must necessarily recommend them in an especial manner to people of judgment, prudence and economizing desires.
No special enumeration of the articles comprising this new stock is deemed necessary from the fact that I deal in all articles usually found in collections of
General Merchandise, in inland towns, but it may be well enough to say that
Best Dress Goods, Best Ready-Made Clothing, Boots, Shoes, Hats, Caps, Standard Groceries, Etc., are kept in addition to the assortment of dress fabrics and other dry goods.
Calls for inspection and purchase respectfully invited.

TWIN BROTHERS' Indianapolis Eye Infirmary!
Drs. M. & H. BRANDON,
No. 11 1/2 West Washington Street, in the Iron Block, Indianapolis, Indiana.
Have had fifteen years experience in treating the EYE and EAR, in Decatur, Illinois. To enlarge our field of usefulness, have now permanently located in Indianapolis, Ind., for the purpose of making the treatment of the EYE and EAR a specialty.
We have REMEDIES superior to any other, which we have demonstrated in hundreds of cases, which we have cured when the most scientific had failed. They are perfectly harmless; can be used in the infant or in old age; in UNQUANTIFIED LIBS of many years standing, which had grown worse under the ordinary treatment of blue-stone and nitrate of silver, which burns the eyes in many cases, sometimes causing permanent blindness.
Our Remedies Work Like Magic.
In Ulceration and Opacity of Cornea, healing Ulcers, removing Opacities and restoring the sight when they had been pronounced hopelessly blind.
In Scrofulous Sore Eyes, Ophthalmia, and in fact all Chronic cases, have never failed in a single instance. We will demonstrate that the treatment is NO MATTER how severe, we cure all curable cases, in fact, in our Surgical Department we are prepared to operate on all diseases of the Eye, including Cataract, Atrial Pupil, or Sight, Cross Eyes, Ptosis, Closure of the Lacrymal Duct, Turning in or Out of Eye Lids and Eye Lashes, and all diseases necessary to be operated upon.

Dr. M. Brandon, one of the Twin Brothers of Indianapolis Eye Infirmary, formerly Decatur, Ill., will visit Rensselaer, Ind., and may be consulted at the Hopkins House, commencing July 17th, will remain ten days, and from here will go to Kentland, Ind., on July 28th, and remain ten days at the J. H. principal hotel.
Here is one certificate of many.—This is to certify that we have been blind for ten years and inmates of the Blind Asylum of Jacksonville, Illinois, and that we are completely restored to sight by the skillful treatment of Drs. M. & H. Brandon, whom we will ever look upon as our benefactors.
OSCAR CRAIG and MOLLIE CRAIG, Ocala, Ills.
All persons coming in on the two first days of our stay in a place will be treated the ten days free of charge if not benefited.
Rensselaer.—James O. Gault, Monon, White Co., Ind.; Charles Starr, Mrs. Maggie Meeker, Mrs. Richard, Wm. Dixie, Rensselaer, Ind.
