Valparaiso Messenger: Horace E. James, of the Rensselaer Union, wants something better than the consularship to Turkey Island. Better send Deacon B. Wilson Smith.

Yes, Horace did not return with the delegation. He remained behind button-holing the prominent Mahaj for something better.

Go to Catt & Smoot's for the best cigars and tobacco in town.

"The young men of Jasper county cannot afford to attach their good names to so corrupt a concern as the Democratic party."—Union.

The above comes with good grace from one who is having the information thrust in his face, from different parts of the district, that it is about time to sell out, etc. Isn't it a little brassy?

Best browned Coffee at Catt & Smoot's. Try it.

Horace is in a sad predicament. In one article he starts out by saying: "It is nonsense for the nationals to tell people that they are an independent, separate and distinct party."—And concludes the next article following with: "The nationals are shrewd enough to work for themselves." Now, Horace, what is the matter with you? What do you want?

Go to Catt & Smoot for the Bald Head Cigars.

Just to see how deep in the mire the ex-consul will bedraggle himself in order to impose upon his readers we have looked after his "pie" item, but it is not in the bill of particulars. Is he not a little hard up for capital against Mr Moore when he is forced to resort to such tricks? His readers are the parties imposed upon. Mr. Moore will suffer nothing from such attacks.

The cheapest place in town to get groceries is at Catt & Smoot's. Try them and see for yourselves.

Jasper county Democrats are laboring to see this conundrum: What the b— is our county ticket? At the same time a feeble voice is heard in the depths asking: Which of us was swindled? Which end is wagging?—Ex-consul.

After the election a very, very feeble voice will proceed from the den of the consul:—"The d— flat idiots" and Democrats between have swallowed us, and there is nothing of us left to wag.

Go to Catt & Smoot for the solid hot smoking tobacco.

Horace, in the interest of the gold-pig proprietors of his party says: "If you do not want to weaken and destroy our government do not support such ideas" as taxing the bonds. A few short years ago Horace was in favor of greenbacks, taxing bonds, in fact in favor of everything advocated by Democrats and Nationals to-day. But then he was willing to advocate anything that had a tenuous connection with the party.

Why will men smoke poor cigars when they can get the best at Catt & Smoot's? Call for the Bald Head Cigar.

"What has the democratic party done for Christianity, for society and education? It has sneered at Christianity and abused the preachers of the word," etc.—Union.

Burlington, Thad. Stevens, Morton were radical specimens of Christianity; Bob Ingersoll, who denounces our Savior as a bastard and his mother a harlot appointed by Hayes, Minister to Berlin; drunken Zach. Chandler, John Sherman, Liza Pinkston, Mrs. Jenks, and Horace E. James, appointed consul to Turkey Island, are all ex-emplars of christianity in the radical party. No men have done more for the cause of education in Indiana than Milton B. Hopkins and James H. Smart, both Democrats.

After considerable urging on the part of prospective candidates, and exhortations from Simen and Horace, some thirty or forty of the faithful put in an appearance at the radical township convention last Saturday. A goodly number of Democrats and Nationals, as lookers-on, were present. Jasper county radicals are just as fair as their southern brethren.—Some thirty voters cast ninety-eight ballots. This raised the ire of competing candidates, and charges of fraud and demands for fair play were heard all over the house, and for a while the d— was to pay. At this juncture the magic voice of the ex-consul was heard gushing forth to calm the troubled waters. Threats are in the air, however, that if the county convention is tampered with by "the ring" it will be better it never had been held.

The slate of the radical "ring" is filled as follows:

For Clerk—A messenger was sent to J. F. Irwin, in Carpenter township, with positive orders that he must submit to the race for clerk.

For Auditor—M. L. Spitzer, of Marion, is the "ring" favorite.

For Treasurer—H. I. Adams.

For Sheriff—Geo. M. Robinson.

For Recorder—N. W. Reave. The "ring" think this will confirm him in his allegiance to radicalism.

Coroner and Surveyor they will graciously permit the convention to determine.

Commissioner, 1st Dist. Isaac D. Dunn, of Kunkakee.

Commissioner, 3d Dist.—Wal's Tallman.

Our old personal friend John W. Wimer, of White county, radical candidate for 1st Senator, was in town the first of the week looking after his political interests. John is not regarded by those most intimately acquainted with him as a man of either force or ability. He enjoys a local reputation for political wily working which has at times pulled himself and friends through. By one of these dodges he secured the late nomination. Our huge old friend, J. P. Carr, and our townsmen, Simon P., agreed to let the delegates settle the matter without interference from them, never dreaming that while they were "lying low" wily John was manipulating the wires to snatch the prize from their grasp. While they were abstaining from securing pledges, under the supposition that they alone were under consideration, Johnnie was perambulating the district securing the pledges all to himself. So far, so good. He no doubt now finds a majority against him that will not succumb to his tricks.

The Republican Congressional Convention which met at Watahah on Tuesday last was a slim affair. The attendance outside of the regular delegates was very small, and the crowd was not at all enthusiastic; even the Postmasters, Mail Agents and Revenue Collectors, present, seemed to be laboring under a cloud. A stranger would have taken the gathering for a funeral instead of a political convention. Maj. Dan Brown was the only man present who displayed any enthusiasm, and he seemed determined to appear as the "big dog" at the funeral. The Convention was called to order, at eleven o'clock, by Horace E. James, Consul to Turkey Island, and a temporary organization effected by the election of S. P. Thompson, of Jasper county, as Chairman, and the "large dog" as Secretary. An motion of some delegate, we could not learn who, the following committees were appointed: Committees on permanent organization, resolutions and credentials, until after which the convention adjourned until half-past one o'clock, at which hour the Convention was again called to order by the temporary chairman, and the different committees reported. The committee on permanent organization presented their report, nominating S. P. Thompson for permanent Chairman, and Ed. Jernegan, of the Mishawaka Enterprise for permanent Secretary. The Chairman began to address the Convention by thanking them for the honor conferred upon him, and then attempted to discuss the issues of the day. When he reached the question of finance he became swamped, and had to drop the subject suddenly. The committee on resolutions reported, endorsing the Republican State Platform, and approving the course of Maj. Calkins as representative in Congress. After the reading of a law for the ventilation of coal mines—one that would be just to the miner and owner.

The democratic party is the friend of the common school system, and will in the future support it for its success, and will oppose any attempt to divert any portion of the common school fund to any sectarian purpose.

That the last appointment of the state for legislative purposes was grossly unjust and dishonorable, and we demand that the next legislature, in appointing the state for legislative purposes, as will be their imperative duty, shall have regard solely to the people.

The jurisdiction claimed and exercised by the circuit courts of the United States over questions of corporate and individual rights arising under the laws of the United States, and the burden of litigation to such an extent as to amount to a practical denial of justice in many cases; and we consider the legislation which has conferred such jurisdiction as unwarranted and unjust, and we demand that the next legislature shall repeal the same.

We are opposed to class legislation, and protest against the grant of subsidies by the federal government, either in lands, bonds, money or by the privilege of the public credit.

That we abhor and hold up to the detestation the leaders in the republican party who secretly connive, and with barefaced effrontery, carried out the scheme by which the returning boards, whereby Samuel J. Tilden and Thomas A. Hendricks, the people's choice for president and vice president, were wrongfully kept out of the position which free people had called them to.

We hold it up as the monster crime of the age, a crime against free government a crime against the elective franchise, and a crime which only can be condoned when the nation is reduced to a state of anarchy, and the presidential chair is driven from power and consigned to everlasting infamy by the people whom they have outraged. And we demand the arrest of the president and the removal of the president from office.

And we demand the arrest of the president and the removal of the president from office.

The following from an exchange illustrates the beauties of Hayes' civil service reform. There is a colored man named Howe, connected with the executive mansion. He shaved Grant and Babcock, and accompanied them in their summering at Long Branch. Mr. Hayes kept him, and he still calls the White House every morning with his razor, combs and brushes, and attends to anything that is needed in his line. All of these years he has drawn pay as a first class clerk (\$1200 per annum) in the Treasury Department, but he has never done a service in return, except shaving or shampooing those connected with the Executive Mansion, which he does one hour in the day.—Recently there was an examination for a vacancy in a second-class clerkship (\$1400 per annum) in the third Auditor's office. The Auditor recommended a disabled soldier for the position, but the Hayeses wanted one better and put his barber in the place.

THE DEMOCRATIC PLATFORM.

The democracy of the state of Indiana assembled in delegate convention declared:

That national bank notes shall be retired, and in lieu thereof, there shall be issued by the government an equal amount of treasury notes with full legal tender quality.

That we are in favor of making the United States notes, commonly called greenbacks, a full legal tender in payment of all debts, public and private, except such obligations only as are by the terms of the original contracts under which they were issued, expressly payable in coin.

That the right to issue paper money as well as coin is the exclusive privilege of the government, and such money should be issued in such amounts as the sound business interests of the country may from time to time require.

We are in favor of such legislation by congress as will authorize the taxation by the states of the United States notes in common with all other money.

We deem it unwise and inexpedient to enact any further legislation for the funding of the national debt abroad, through the means of home syndicates, or other methods; and we believe the true policy of the government and the best interest of the people would be subserved by legislation so as to distribute said debt among our people at home—affording them the most favorable and practical opportunities for the investment of their savings in the funded debt of the United States.

That we are in favor of such legislation as shall fix the legal rate of interest at not exceeding six per centum per annum.

We demand the restoration of the silver dollar, of 412 1/2 grains, to the coin of the country, and with full legal tender quality in the payment of all debts, both public and private; and that the coinage thereof shall be unlimited, and upon the same terms and conditions as may be provided for the coinage of gold.

That we are in favor of the immediate and unconditional repeal of the resumption act.

We are in favor of the most rigid economy in public expenditures, and we declare that the fees and salaries of all public officers should be reduced.

That we are in favor of the repeal of the bankrupt act.

That we sincerely deplore the recent violent collision between labor and capital, and to prevent the recurrence thereof and to protect the future public order and security we believe that the wages of corporations engaged in the business of mining, manufacturing and transportation should be a first lien upon their products, receipts and earnings of said corporations, and that such lien should be declared, defined and enforced by appropriate legislation.

That we favor the passage of a law for the ventilation of coal mines—one that would be just to the miner and owner.

The democratic party is the friend of the common school system, and will in the future support it for its success, and will oppose any attempt to divert any portion of the common school fund to any sectarian purpose.
