Killed by the Cars.

Monticello, Ind., April 28. George was run over and killed by the west-bound passenger train on the P. C. & St. L., about a mile and a half east of this place, last Saturday evening. He was walking on the track, coupling this way, and being deaf it is supposed did not hear the approaching train. The engineer sounded the whistle, but in vain. The man was struck by the engine and thrown from the track in a dying condition. He was picked up and brought to this place in the baggage car and expired just before the train stopped. His skull was crushed, a portion of the chin torn off and a leg broken. Justice Pettit held the inquest, and after identifying the body delivered it to friends who conveyed the remains to friends east of town to the residence of D. C. Sorogge, father of the deceased and with whom he lived. D. C. Sorogge was about twenty years of age, a native of this locality and his deafness resulted from cerebral spinal meningitis about ten years ago. It was a sad occurrence, though unavoidable by those having charge of the train. That one so deaf as not to hear the noise of a train in time to get out of its way, should thus jeopardize his life, is indeed strange. Sorogge lived only a short distance from the railroad and should have known the hour at which regular trains passed, and if he did know this, it would not be unreasonable to conclude that he sought self destruction in the manner that it was accomplished, though we are not aware that his condition was such as to induce him to contemplate suicide.

The new "dog law" will go in force so soon as the distribution of the law is proclaimed by the Governor. Parties who have been shooting dogs under the impression that the law was already in force, may wake up to find they have "got their foot in it."

Ayer's Ague Cure should be in every household in regions where Fever and Ague prevail. It should be taken as a preventive by every resident and traveler in malarial districts.

Scarcely any disease to which human beings are subject, is so thoroughly discouraging as Fever and Ague. The periodical return of "alternating chills, fever and sweating," is terribly depressing. Ayer's Ague Cure is the only remedy known, which is certain to cure permanently, by expelling the malarial poison which produces the disease. It does this surely, and leaves no ill effect upon the system.

The Royal Protective Union, of Ft. Wayne, is the cheapest and most practical Life and Accident Insurance Company that now extends its benefits to the people of this district. This Association is purely mutual and is the oldest form of protection in America. It furnishes Life Policies for one-fourth the amount charged by the old system of insuring. The Plan is similar to that of the Masonic Mutual Aid Societies that have gained the confidence of the public at large. We insure all persons between the ages of 16 and 65 that can pass the examination. It costs \$10 to become a member of this association in the district. The death assessment is \$1 for each member that dies. Also an assessment of \$3 per year is made for sick and accident fund. Each member receives \$5 per week when sick or disabled by accident. The amount of policy runs from \$1,000 to \$4,000, according to age, payable at death, or at a certain number of years—from 10 to 25 years. Full particulars will be sent upon application.
