

Newspaper Decisions.
1. Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscription.
2. If subscribers order the discontinuance of their periodicals the publishers may continue to send them until all arrears are paid.
3. If subscribers neglect or refuse to take their periodicals from the office to which they are delivered they are held responsible until they have settled their bills and ordered their discontinuance to the former direction, they are held responsible.
4. The courts have decided that "refusing to take periodicals from the office or removing and leaving them unclaimed for, prima facie evidence of intentional fraud."
5. Any person who receives a newspaper and makes use of it, whether he has ordered it or not, is held in law to be a subscriber.
6. If subscribers pay in advance they are bound to give notice to the publisher at the end of their time, if they do not wish to continue taking it, otherwise the publisher is authorized to send it and the subscribers will be responsible until an express notice, with payment of all arrears is sent to the publisher.

Cathartic Pills
Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effective remedy yet discovered for diseases caused by derangement of the stomach, liver, and bowels, which require prompt and effective treatment. AYER'S PILLS are specially applicable to this class of diseases. They act directly on the digestive and assimilative processes, and restore regular healthy action. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances they are positively free from calomel or any injurious properties, and can be administered to children with perfect safety.
AYER'S PILLS are an effective cure for Constipation or Costiveness, Indigestion, Dyspepsia, Loss of Appetite, Foul Stomach and Breath, Dizziness, Headache, Loss of Memory, Numbness, Biliousness, Jaundice, Rheumatism, Eruptions and Skin Diseases, Dropsy, Tumors, Worms, Neuralgia, Colic, Gripes, Diarrhoea, Dysentery, Gout, Piles, Disorders of the Liver, and all other diseases resulting from a disordered state of the digestive apparatus.
As a Dinner Pill they have no equal.
While gentle in their action, these PILLS are the most thorough and searching cathartic that can be employed, and never give pain unless the bowels are inflamed, and then their influence is healing. They stimulate the appetite and digestive organs; they operate to purify and enrich the blood, and impart renewed health and vigor to the whole system.
