

## Removal!

The **SENTINEL** Office has been moved to rooms one floor east of Makeover's New Hotel, where we will be pleased to greet our friends in future.

Thanksgiving one week from next Thursday—November 24th.

An extensive and choice selection of Clothing, good in quality and low in price, just opened out at **FENDIG'S**.

Track laid on the Air Line south of Frankfort has been progressing at the rate of a mile a day recently.

Good Goods and Low Prices at **CAMPBELL & FARDEN'S**, Opposite the News House.

The law requires the erection of gullies boards at all cross roads, and it is the duty of supervisors to carry out the provision.

Cashmere and Mole Skin Shirts, and Furnishing Goods, varied in quality and prices, a heavy stock, to which I invite your attention. **FENDIG**.

Monticello Herald: In the case of the Town of Monticello against the First National Bank, Judge Vinton has given the plaintiff judgment for \$6000.

Bro. Huff, of the Monticello Herald, was recently elected to remain in charge of the post office in that place. A well deserved compliment, and here's the **SENTINEL** of your old neighbor.

Headquarters for Rubber Goods: Hip Boots, Knee Boots, Ladies' Boots, Misses Boots, Arctic Sandals, Sewed Ekolutes and Alaska Overshoes, at **CAMPBELL & FARDEN'S**, Opposite the News House.

Frankfort Crescent: On Sunday twenty-seven cars of iron for the Air Line came and were unloaded. Some 70 cars or more will soon be delivered here and then as rapidly as needed the rest, or sufficient amount to lay the track to Delhi right along.

Protection means prohibition in the interest of monopolists at the expense of the masses. Prohibition means no revenue. And no revenue means direct taxation. We hope our next Democratic State Convention will be outspoken in opposition to the protective policy.

It will afford me great pleasure to have you call and examine the extensive and select stock just opened out at my store. No trouble to show goods, even if you don't buy. I cordially invite everybody to call, examine goods and ascertain prices.

**RALPH FENDIG.**  
THE ELECTIONS—In New York it is claimed the republican state ticket is elected, except the Treasurer. The Legislature is Democratic.

Wisconsin is in dispute. Pennsylvania is claimed republican by over 5,000.

Republicans and negroes have given Virginia to Mahone.

Half-breed and Stalwart papers now and then reveal the brotherly love existing between the two factions of the radical party. Recently the Fowler Era, half-breed, expressed a strong hope that Mr. Conkling might forever remain in private life. And last week the Monticello Herald, Stalwart, taunts the Half-breeds thusly: "Half-breed editors are praising President Arthur just as though they had always done so. The twinkling of an eye affords ample time for those fellows to change front." The last clause is pre-eminently complimentary to the half-breeds chaps.

One of the most affecting scenes ever witnessed in a Court room occurred in Shelbyville Friday of week before last. The case of Jonathan W. Sandefor vs Della A. Sandefor for divorce, was the case on trial. Both parties are rather young, Mr. Sandefor being about twenty three years old and his wife two or three years his junior. The trial proceeded, and after the evidence was all in a divorce was granted by Judge Ford, but not until he had feelingly addressed to each party the words of the prophet: "Ye shall be as a young couple." The Judge's address, no doubt, stirred their old love, and shortly afterward they started in opposite directions in one of the aisles, intending to pass; when opposite their eyes met, and instantly all the old love leaped into life and they rushed into each other's outstretched arms, and were tightly clasped in one fond loving embrace. Tears flowed freely, and the sobs of each could be heard all over the Court room. As they thus lingered in that loving embrace, Judge Ford turned to Deputy Clerk Charles J. Fastlabin and ordered him to erase the decree of divorce, saying that a divorce could not stand in the face of the evidence of such affection.

A correspondent of the Herald and Presbyterian writes as follows about the flower of a well known plant: I have discovered a remedy for consumption. It has cured a number of cases after they had commenced bleeding at the lungs and the hectic flush was already on the cheek. After trying this remedy to my own satisfaction, I have thought philanthropy required that I should let it be known to the world. It is common mullen steeped strongly and sweetened with coffee sugar, and drank freely. Young or old plants and good dried in the shade and kept

in clean bags. The medicine must be continued from three to six months, according to the nature of the disease. It is very good for the blood vessels also. It strengthens and builds up the system instead of taking away the strength. It makes good blood and takes inflammation away from the lungs. It is the wish of the writer that every periodical in the United States, Canada, and Europe should publish this recipe for the benefit of the human family. Lay this by and keep it in the house ready for use.

Campbell & Farden's for Boots & Shoes, Gents Furnishing Goods, Hats, Caps and Gloves. Opposite the News House.

Union Skrapes.  
Roads muddy.  
Weather warm and cloudy.  
Cattle hunting still the order of the day.

The Brushwood, Rosebud, Botinal and Slip-Up schools commence today.

Bill Bat was rather eloquent in his items in speaking of Simon's ditching machine.

Health generally good.

The new bridge at Alter's mills is rapidly approaching completion.

We notice that Dr. W. H. Shubert, in his article on anatomy and physiology, differs somewhat from other great physiologists. We would like to know what age the skeleton was before it was "shuffled off" its "mortal coil."

We think that the number of bones depends upon the age. Don't, however, consider us a cynic.

Spy tries to deny that Scott rode the gray horse after the cows, and insists that it was Bruner's white mare. Mr. Spy owns the gray horse and does not want to let the Keener girls know that he comes courting the fair damsels of Union.

Come, come now, Mr. Spy, if you are not more careful about finding fault we will force you to retreat as did your brother writer from Keener some time since. Remember his fate, and beware!

The Harrington, Gant and Grape Island schools commence next Monday.

Preaching last Sunday at the Rosebud school house, at 10 a. m., and at 8 p. m., the preacher's wife delivered a lecture on temperance.

Preaching next Sunday at the Gant school house.

A. M. Muncie is to teach the Sand Ridge school, in Barkley township, this winter.

Aunt Becky will wield the birch at Rosebud.

Wheat and rye doing well.

GRAPE ISLAND.  
Nov. 7, 1881.

Those fine dress, and French Cashmere skirts are to be purchased, cheaper than elsewhere, at Campbell & Farden's opposite the News House.

The New Dog Law.

In answer to a letter of inquiry from a township trustee, Attorney General Baldwin has given the following opinion relative to the dog law enacted by the last General Assembly: "The new dog law is preemptory that all dogs shall be registered if the owner desires to protect them. It can be done before or after April 1st of each year, but if not before that date they are liable to be killed, whether the owner designed to have them registered or not. Unless the owner of sheep killed or maimed by dogs report the loss within ten days to the township trustee, from the time thereof, he is not entitled to any pay for such loss, even though they were killed or maimed previous to the taking effect of the dog law of 1881."

Lots of Ladies Dress Goods, Cashmere, etc., handsome in style, elegant in quality, and lower in price than any ever heretofore offered in this market. Call and see, at **RALPH FENDIG'S**.

EDS. REPUBLICAN.—The ladies of the Presbyterian Industrial Society and those other ladies and gentlemen who assisted in giving a festival for the benefit of the Rensselaer Cornet Band, accomplished the following: gross receipts on both evenings, \$51.51. Expenses: printing and advertising, \$2.50; oysters, butter, coffee, etc., \$12.63; total cash expenses, \$29.13; leaving a balance of \$22.38, to be paid over to the band. On Wednesday evening, November 24, the weather was bad and the crowd small; Friday evening, Nov. 4th, weather pleasant, but crowd less than before. Why are these things thusly? Has not the band ever been ready and willing—

1. When an Odd-Fellow shuffles off this mortal coil and is gathered to the bosom of his fathers, has not the Rensselaer Cornet Band always been ready to toot at his funeral and waft his soul to the "sweet banks of deliverance" free of charge?

2. When a Free-Mason is translated from this earthly sphere to that celestial lodge on high, have not the boys always been ready to give him a good send-off and start him on his pilgrimage to the happy hunting-grounds without money and without price?

3. When the Methodist Episcopal Church has failed to pay its pastor his quarterly stipend (just enough to keep soul and body together at best when all paid in) have not the boys always been ready without any "treason or hope thereof" to play at their concerts and by their wind assist the preacher to raise his wind.

4. And when the Presbyterian Church wanted to buy a new organ or carpet, and in order to raise the necessary funds concluded to give an ice-cream festival, a "lawn fete" or anything of the kind, did they ever ask the boys in vain? Nixel! They were always ready.

A large and varied assortment of Hats and Caps, Boots and Shoes, for the fall and winter trade. Call and see for yourselves. **RALPH FENDIG.**

A PRESENTATION.—Last spring when the bright sunshine warmed mother earth clothed in emerald beauty, and the song birds uttered their voices of praise; the good people in the vicinity of Sayler's School House, feeling it their duty to do something to make the world better and happier, organized a Sunday school, with Chas. Benjamin as superintendent, and for six months they maintained one of the most flourishing and interesting schools to be found in Jasper county. Four weeks ago last Sunday the school closed until the winter months are past. Mr. Benjamin then addressed the school, gave them words of advice and encouragement, thanking them for the noble and cheerful manner in which they had aided him in making the school a success and a blessing. After making every officer, teacher, and scholar a present, he bade the school a touching farewell until spring time, or until they meet in the winter and winter and parting are unknown.

Last Sunday after a lapse of four weeks the people of that vicinity came together again to attend religious services conducted by the writer, after dismissing the congregation, I was requested to ask them to be seated again for a few minutes; when they were all seated and all, except a few, were wondering what was going to take place, we were soon enlightened for one of the young ladies in the audience, one who had stood by the school, handed me a copy of Young's Bible Concordance, with the request that I, in behalf of the school, present it, with their thanks to her. Benjamin, for his earnest Christian efforts, had made the school a success and a blessing.

Bro. Benjamin responded in some very happy and touching remarks. May God bless the people and the effort they have made at Sayler School House, and may they all live to see many returning Springs, and ever be willing and ready to labor in the master's vineyard, and finally be rewarded with a crown of life. **J. W. LODGE.**

The first Quarterly Meeting of the Rensselaer Circuit, M. E. church, will be held at the M. E. Church, in Rensselaer, Saturday and Sunday, Nov. 19 and 20. Quarterly conference at 3 o'clock, p. m. Sunday. Presiding Elder Cissel will be present.

The Indiana  
WEEKLY SENTINEL

Has been enlarged and improved until it is now the LARGEST and the VERY BEST paper published in the West.

The WEEKLY SENTINEL is in all regards a superior eight page 56 column paper.

The merits of the Sentinel as a general newspaper are so well known, that commendation of it is superfluous. We will add, however, that the management has arranged for fully ten times as much material as before, and will thus furnish a great practical value to its patrons for the money.

In its news, its editorials, its literary, its dramatic and its general reading, it shall not be surpassed by any paper circulated in the State. It will be particularly adapted to the family circle, and to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experience, and are the most effective remedy yet discovered for diseases caused by derangement of the stomach, liver, and bowels, which require prompt and efficient treatment. AYER'S PILLS are specially applicable to this class of diseases. They act directly on the digestive and assimilative processes, and restore regular action to the system. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances, they are positively free from calomel and any injurious properties, and can be administered to children with perfect safety.

AYER'S PILLS are an effective cure for Constipation or Costiveness, Indigestion, Dyspepsia, Loss of Appetite, Flatulency, Stomach and Bowel Disorders, Headache, Loss of Memory, Numbness, Blisters, Jaundice, Rheumatism, Eruptions, Skin Diseases, Dropsy, Tumors, Worms, Neuralgia, Colic, Gripes, Diarrhoea, Dysentery, Gout, Piles, Disorders of the Liver, and all other diseases resulting from a disordered state of the digestive apparatus.

As a Dinner Pill they have no equal. While taking their action, these PILLS are the most thorough and searching cathartic that can be employed, and never give pain unless the bowels are loaded, and then their influence is healing. They stimulate the appetite and digestive organs; they operate to purify and enrich the blood, and impart renewed health and vigor to the whole system.
