

Removal!

The SENTINEL Office has been moved into rooms one door east of Makever's New Hotel, where we will be pleased to greet our friends in future.

Itty-nine members of the Tammany society of New York, many of whom have been personal friends of John Kelley, have deserted the organization, and are likely to ally themselves with the county Democracy.

Indianapolis Times: Track-laying on the Chicago and Indianapolis Air Line began Monday, southward from Frankfort toward this city. The headquarters of the construction will be removed here after December 1, and it is thought trains will be running into this city by the 1st of March.

State Superintendent Bross has given notice that any school trustee who fails to change school house doors so that they shall swing outwardly is liable to a fine of not more than \$100 nor less than \$10, to which may be added imprisonment. The law is very strict in the matter and inflicts the above penalty for the failure to arrange the doors of any public house as above stated. As there are about 8000 school houses in Indiana, the change contemplated in the law will be a matter of some concern.

Lafayette Sunday Leader: The formal transfer of the Chicago and Indianapolis A.R. Line road to the L. N. A. & C. has been perfected, and trackayers some thirty miles out from Indianapolis are steadily working toward Chicago, which they calculate to reach about January 10. It is said that when the road is completed it will make a strong opposition fit with that branch of the Illinois Central and the C. I. St. L. & C., known as the Kankakee Short Line, for Indianapolis and Louisville business, and that it will have the advantage of a much shorter line.

THE CONTINENTAL RAILWAY COMPANY,
No. 3, 5 & 7 Corliss Street,
New York, Nov. 26, 1881.

JARED BENJAMIN, Esq., Rensselaer, Ind. Dear Sir—In reply to your favor of Nov. 21, the Company authorizes me to tell you and your friends the assurance that it is in earnest in its purpose to build, equip, and operate the entire line in its own name, in accordance with the surveys adopted. Whatever delays have occurred were caused by some defects in its chain of title, which have now been removed; and it is not likely that anything will now happen to interfere with the vigorous prosecution of the work.

We have commenced in the harbor of New York, also in Pennsylvania and Ohio, and at other points along the line, and will begin at other places as soon as the right of way is secured and other arrangements are perfected. Very Respectfully,

W. THORPE, Secy.

If the right of way is not yet wholly procured in this county, let the friends of the enterprise see that it is all made right.

Delphi Times: When Charles Love was arrested he was confined a short time in the White county jail, and was the room mate of a man by the name of McClure, who was charged with arson and is awaiting trial. During their short companionship, Love made certain statements to McClure which proved to be valuable evidence in Love's trial, and for the purpose of giving his testimony McClure was brought from White to this county jail. Last Saturday evening after Love's case had been given to the jury, McClure was returned to the jail, and Sheriff Kerlin had hardly locked the door before Lou Powers made a furious assault upon McClure, who knocked his antagonist down twice, but on the third assault Powers came with a razor and inflicted several cuts upon McClure, one of them very severe, nearly penetrating to the lung. Sheriff Kerlin hearing the racket rushed into the jail, whereupon Powers threw the razor to Love who immediately threw it into the stove. Dr. Noland was called and dressed McClure's wounds, which proved to be not so dangerous as first supposed, as McClure was not confined to his bed but was able to appear before the grand jury next morning and by his evidence procured an indictment against both Love and Powers for assault with the intent to murder.

You have made the Custom House center of partisan political management.—Hayes to Arthur, Jan. 31, 1879.

If it be held that, to procure the removal of Mr. Arthur, it is sufficient to reasonably establish that gross abuses of administration have continued and increased during his incumbency; then it is submitted that the case is made out.—John Sherman.

What has become of Swiecham? He who wielded the pen so glibly, and whose "How of else?" we fail to find any notices to describe? Let him, to use his own expression, "go to the way of all flesh?" We are at a loss to know. But rumor saith he has lately been seen at the big house on the hill. Shadu won't wonder.

Obituary.

Mrs. Roselle Kerr, wife of Mr. John Kerr, near Newton, Fountain county, Ind., died Nov. 17th, 1881, aged 24 years, 3 months and 1 day.—She had been in poor health for some time, though she complained very little. She asked to see her babe of three months old; gave it in charge to her mother, requesting her to care for and raise it, and requested her uncle, I. M. Coen, to write her obituary.

She, with her husband who is now so suddenly and unexpectedly bereaved, had just moved into their new and beautiful dwelling which they had erected the past summer, with high hopes and fair prospects of a long and happy life. But death came and claimed the light of this new home and with relentless hand took her away. What sad work death makes in this and all our homes.

The funeral was largely attended. The sermon was preached by the Rev. J. W. Mann, from the text, "Jesus Wept."

Deceased was the daughter of John and Sarah Coen, of Rensselaer, Jasper county, Ind. Her father, mother and three sisters, who were all present at the funeral, survive her.

She was a consistent and acceptable member of the Presbyterian church of Newton, Ind. Her end was peace; she sleeps in Jesus. In accordance with her dying request the hymn, "When shall we Meet Again," and "In the Sweet Bye And Bye," were sung at her funeral.

"Once again we bid thee, thee, When the day of life is fled, Then in Heaven, with joy to greet thee, Where no farewell tear is shed."
