### WORLD SMASHING

World-smashing, Meteoric Astronomical, and Lunar Volcanoes, are the startling subjects discussed by W. M. Warden in No. 13 of the Elizavir Library—price two dollars! Nervously inclined readers will be glad to know that the author is conservative, and claims that science demonstrates, not the early destruction of the universe, but quite the contrary. These three essays are from a handsome large volume by the same author and publisher, issued under the title of "Science in Short Chapters," in which are treated something more than two-score topics of popular interest, many of them being practical rather than simply curious. The importer's price of \$3.00 is reduced by the American publisher to 50 cents for handsome cloth binding, 50 cents for half-bound red edges, though the American edition is fairly equal to the importer's. For sale by all booksellers, and by club agents. John B. Alder, Publisher, 15 Vesey Street, New York.

Dolph & Carp., druggist, Wm. mac. Pulaska Co. says: "Brown's Iron Bitters takes the lead of anything we ever had."

The mother of Josh Billings is ninety-two years old. She evidently resolved to live until her son learns how to spell—Nono.

A Mid-Iron man got ahead of a saw log gung down hill, and he says \$10,000 in gold won't buy him to try it again. —Detroit Free Press.

Frank Cella, a New York four-year-old, ran out of the house to avoid his iron sick female relatives from the country and got lost. The police picked him up nearly two miles from home, after wandering all night. His first words to his overjoyed father were: "Is this gone?"

A BENEFAICIENT ACTION. The miserable looks and feelings of those confined at desks or at work tables, are caused by weak stomach, Kidneys or Bowels. Parker's Ginge Tonic without intoxicating has such a beneficent action on these organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health are soon brought back again. —Express.
