

THE DEMOCRATIC SENTINEL

OFFICIAL PAPER OF JASPER COUNTY.

FRIDAY SEPTEMBER 28, 1883.

A crime against a free and intelligent ballot is no joke.

A pumpkin pie sociable is the latest novelty in Church festivals at Sioux Falls, Dakota.

Kentland Gazette: "Dar Voorhees once called them (the soldiers) 'Lincoln Dogs' and afterwards denied it."

Yes, he denied it, most emphatically, and furthermore declared that any man who dare assert that he stigmatized the soldiers as "Lincoln Dogs," was a "base, infamous and consummate liar!" Dan is undoubtedly correct.

Our neighbor, with Corkins, of the Fowler Era, evidently believes that the statements of Dorsey, which are valuable only so far as they are corroborative, are not read by the people, and if read are only "boomerangs" in the hands of those who give them publicity. Well gentlemen, they are read, weighed and pondered by the honest masses, as you will discover in the near future.

Savannah, Georgia, has the smallest baby in the world. The child, at five days old and in good health, weighed exactly one and one-quarter pounds, and was a little over nine inches tall. The clothes which were made for it were entirely too large to be utilized. The child has been kept wrapped in soft cotton and fed on milk of the proper temperature, and is said to bid fair to live long and become distinguished as the most remarkable midget in history.

The colored voters of Ohio recently met at Columbus and adopted the following resolution: "Believing all men created free and equal, with certain inalienable rights, and knowing colored men have been liberated from slavery and enfranchised to become the peer of their fellow-citizens of whatever color or nationality, we protest against political slavery, and will no longer consent to be personal property of shameless politicians; and we claim the right to think, speak, act and vote for ourselves, without persecution, abuse or annoyance from any person or party; and for the purpose of advancing the interest and thus elevating our race, we hereby resolve to form ourselves into an independent organization for such political action as will best subserve and accomplish this our right."

Mrs. C. W. THOMAS

The Great Magnetic and Botanic Physician, will be at the Makeover House until Oct. 5th 1883.

AND RETURN OCTOBER 29th, 1883.

Who cures all kinds of chronic diseases known to the human family, from a cancer down to a felon; and her remedy is chiefly Magnetism, some cases she uses herbs, roots and barks, God's natural remedies, but she cures all her patients who do as she directs.

Below we give some of the names of patients whom she has cured, as reference.

In the vicinity of Attica, Ind., Mrs. Catherine Galaway, Cancer on breast and tongue, John Smith, Dyspepsia, and there are living in that vicinity over one hundred people that she has cured.

At Williamsport, Wm. Slaughter, St. Vitus' Dance; Mrs. E. A. Tuttle, Cancer on breast.

West Lebanon, Miss Ella Butler, Cancer on arm.

Carbondale, Mrs. Celinda Brier, Catarrh; James F. Garnet, Blindness and Asthma; Minny Crusan,

of spinal disease and dislocated ankle; Wm. Brier, of dislocated shoulder of 20 years standing, and weak breast, and his son and wife of different diseases.

At Alvin, Ill., many cases of Piles and Female weakness, and Mrs. Harper, of Tumor.

Remington, Jasper county, Ind., Thomas Harris' family had Scrofulous eyes; his child had not had her eyes open for three months, and one part of her spine appeared to be entirely gone, and Mrs. Thomas said when the spine was cured the eyes would open, so she treated her spine until the place filled up, and, on the 13th of September, in the afternoon, her eyes came open, and looked bright and nice as though there had been nothing the matter with them. His wife, who was nearly blind, is getting well. A little girl, for whom he had spent six hundred dollars, is getting well. Mrs. McDougale, wife of J. O. B. McDougale, had been sun struck, years ago, and the doctors had nearly ruined both her system and mind. She became satisfied that their poisons was killing her, and quit taking them, saying she had rather die a natural death than they should kill her with poison. She employed Mrs. Thomas, and in two weeks was much better, to-day she is nearly well, and one of the liveliest ladies in Remington.

Brookston, Ind., John Reed, born deaf, or if he ever heard in his life his folks do not know it; Mrs. Thomas diagnosed the case and said it could be cured, she has treated him three months and he hears everything, but as yet has not learned to talk, but probably will in time. He is nearly 10 years old.

BROOKSTON, IND. Sept. 17th, 1883.

Mrs. Thomas came here in June last. I had been suffering with a very bad cough for several months, my wife and daughter were apprehensive that I was going into consumption. Mrs. Thomas said she could cure me, and in 48 hours after the first treatment the cough was entirely gone, the soreness left my lungs, and I am as well as most men at my age. My wife was sick with disease of the stomach, and she cured her completely. My daughter had been quite seriously diseased for several years, and she cured her entirely. Mrs. Thomas cured a great many patients here in my house, and as far as I know, they are all better, and many of them entirely well. Myself and family were treated without medicine, that is she cured us by Magnetism.

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

75 Dearborn Ave., Chicago, Nov. 7. I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Beware of red lines and trade-mark on wrapper.
