OFFICIAL PAPER OF JASPER COUNTY.

FRIDAY DECEMBER 7 1883.

The Goodland Herald says that the hogs at Seafield are dying off with a throat disease.

John McCarty, of Beaver City, Newton county a typo in other days, made us a pleasant visit yesterday.

Windy Dick, of Lafayette, who some time ago robbed the Pen. T. B. Ward of \$150.00, and who escaped from the jail at Lafayette, was captured in Atlanta, Ga., on Wednesday.

Recently a Kentucky crank told a policeman at Washington that he had come there to assassinate the President, and every Kentuckian in that city was arrested.

A comet is now said to be visible by the use of glasses, and can be observed on the meridian about four o'clock and it will be visible to the naked eye in a few days, when it will be seen only in the evening near the western horizon. It is called the comet of 1812.

The Kentland correspondent of the Goodland Herald says:

"It takes money to buy whisky" we are informed, and the scarcity of money is doing more for the cause of temperance than a score of lecturers.

The late Republican Congress last winter did what it could to cheapen that article by taking a considerable portion of the tax from it.

On Saturday evening of week before last Dr. Grant, of Wolcott was about mounting his horse, the restive animal jumped aside and the Dr fell, when the horse kicked him in the back of the head inflicting a very painful and dangerous wound. D. S. Dillake, of Monticello, Small, of Wolcott, and Patton, of Remington, rendered the necessary aid.

Laporte Argus: Two dealers in snid cigars were arrested and fined by the city authorities one day last week. It is said that they were playing the old game of selling a box or cigars by opening it and taking out two or three good ones and showing them for samples when all the others in the box are comparatively worthless. It is an old riddle but it is often successfully practiced.

Fowler Era: "The 'body shirt' is not waved by Republicans alone, nor is it confined to the North. The Vicksburg Post, a consistent Democratic paper, with nerve enough to speak its convictions, says, etc.,

In the same manner these radical editors referred to the contents of the "States" a violent "secesh" paper published in Mississippi in the interest and pay of the radical National Committee. Corliss did not copy his "sweet morsel" from the Vicksburg Post—in fact we believe he never saw a copy of it.

Mathews of Mississippi, over whose sudden death the Republican papers are in deep sorrow, had been engaged in an attempt to stir up the blacks against the whites and bring about a conflict of races. In a personal row—not political—it seems he went under, and the radical press sorrow as those without hope.

Fowler Era: "We hope the next Congress and the country will be spared another attack of fitz—John Porter."

From the tone of the recent letter of Gen. Grant, and the composition of the next Congress, the radical members of that body will get "fitz—John Porter" with a vengeance. Justice will be done Gen. Porter, and the shallow, stay-at-home hypocritical pretenders to loyalty may as well stand from under.

Commenting on the manner in which Republicans have gerrymandered the district of New York, the Sun says: "The law reorganizing the Senate districts of this State and reapportioning members of the Assembly was passed in 1879. It was unjust to the Democratic party of the State, as was shown by the Sun at the time. For example, the counties of New York and Kings ought to have been allowed eleven Senators and forty-two Assemblymen, instead of ten of the former and thirty-six of the latter, all the Republican Legislature would allow them. So it was with other Democratic counties and cities. The greedy Republicans took the lion's share. This is one of the reasons why the Democrats sometimes lose the Legislature when they carry the State ticket.

J. A. Thompson, Jeweler, at Remington, has a fine stock of Watches, Jewelry, etc., on hand, and adding to it daily, for the holiday trade.
