

The Sentinel.

Official Papers of Jasper County.

FRIDAY FEBRUARY 1, 1884.

Gen. Allison has been re-elected U. S. Senator from Iowa.

Student at the old Asbury College, at Greencastle, kick, because they are likely to be known as "plate-glass graduates."

Hon. John C. New, of Indiana First Assistant Secretary of the Treasury, has resigned that position. All was not lovely.

Gen. M. D. Manson, the soldier of two wars is being boomed for the gubernatorial nomination on the Democratic ticket. He would be a good candidate to pit against Dudley, who has no qualifications to recommend him beyond those for which Doresey is notorious, as a campaign manager.

Sunset Cox has been engaged by a Norwich, Connecticut, Publishing Company to write a political history of the United States from Buchanan's administration, covering a period of twenty years, for which he is to be paid \$75,000 cash in hand.

Mr. E. S. Is not your Bro. Marshall attempting sensationalism in his columns? Within a few weeks he has gone back on Fred. Bloomer, now of Monon, but at the last election an important Republican missionary who did much toward giving him the delinquent list over which he cackles each week. This week he goes for Mrs. Fisk, McCrackins and Kirk and others—on rumors and suspitions, in most cases. CITIZEN.

Valparaiso Messenger; It is reported that the Republican leaders of Porter county have served, or are about to serve, formal notices upon the Republican leaders of the Tenth Congressional District that they claim the candidate for Congress again, is a condition upon which they will give the Republican State and National tickets a hearty and loyal support this fall. They claim, it is said, that their candidate, Colonel Mark L. DeMotte, was "knifed" by the Republicans in the southern part of the District in 1882, without cause, and that the stigma must be wiped out by the election of a Porter county man. We are not advised as to whether Colonel DeMotte desires a renomination or not, but we do know that the Republican leaders of Porter county are determined to control that nomination and that their wishes will be gratified. Who will be the fortunate or unfortunate man that will be pitted against Colonel Thomas J. Wood, the present incumbent, in the coming Congressional race?

The feebleness of the protectionist is brought out in vivid colors by Congressman Frank Hurd, of Ohio, who says the irony of the protective system of America was never better illustrated than by the attitude of its defenders in Congress at the present moment. Here we see, for instance, the protectionists in the house and senate claiming for retaliatory measures against Germany, because that country has seen fit to adopt the American system of protection for its hog products, and excludes the American hog, in order to give the German farmers and stock raisers better prices for their productions than they could obtain if brought into competition with the pauper hogs of America. But that is only one side of the question. Now on the other hand, here is Mexico anxious to take all the raw material and manufactured articles that we can send them, only stipulating that we shall not levy any duty upon Mexican raw materials or manufactures. Almost the only manufactured article that Mexico can send us is sugar. The protectionists are now using every exertion to defeat this reciprocity treaty upon the ground that the introduction of Mexican free sugar will destroy the production of American sugar. What a spectacle the United States must present to an intelligent foreigner! Just imagine such a person contemplating the attitude of the protectionists in Congress and wondering what would possibly satisfy the American people. If foreign countries adopt the American system of protection, the statesmen in Congress are indignant and call for retaliatory measures. If a country asks for reciprocity—for mutual free trade—upon a basis which will help both countries, the protectionists are equally indignant upon the same ground, that it would destroy our industries. Out on such a system.

Dr. Horton, dentist, will make a professional visit to Mt. Airy, next Wednesday.

The crash who says in the Rensselaer Republican of this week that "a big, bad, bold boy, named Bob was bounced bodily by Capt. Burnham, from the Grammar department of the public school, last Friday," must have either a weakness for telling what is untrue, or is unreliable informed. But it is about as near as the Republican generally comes to the truth on local matters. Moral—Locals must be scarce. READER.

In Barkley township, on Wednesday last, during the absence of the parents, Nora, the seven-year-old daughter of William Moore, engaged in playing in the fire with paper w^on the sleeve of her dress caught the flame, and before it could be put out the child was burned so fearfully as to result in death soon after the mishap. Dr. Bitters, of this place, was sent for, but before his arrival the little sufferer had died.

Mr. Samuel H. Spitler, of Luray, Page county, Virginia, who was visiting his many relatives in this country for three weeks past, left here Friday to see relatives at Rensselaer, and from thence returns to Virginia. This was his first visit to Newton county, and he was highly pleased with our part of the country. Mr. Spitler is a young man of much ability, and a clever gentleman with Kentland Gazette.

Lowell Local News. On Monday last the editor of this paper visited the thriving little town of Rensselaer, and was well paid for his visit; The first place we made for after leaving the depot was the store of our former townsmen, Henri Levine, and found him in good spirits and having a good trade in the candy line. We next visited the printing offices of the Republican and Sentinel. Mr. Marshall of the Republican, treated us very courteously, and we think him a perfect gentleman in every sense of the word. While Mr. McEwen, of the Sentinel, is an old time dyed-in-the-wool Democrat, he is also a perfect gentleman, and treated us with the hospitality that makes a stranger feel good when away from home. In going our rounds we dropped in on Elmer R. S. Dwiggin, and were glad to see him looking so well after his recent illness. He informs us that he has many good friends in Lowell, and in a short time will be here and preach to them. He is surely welcome, and may the time soon come when we may have the pleasure of listening to one of his sermons. At 5:28 our train came bounding from the south, and we came home feeling good over spending the day in Rensselaer.
