HENRY DARNER.

Ralph Fendig has just returned from Chicago after purchasing an extensive stock of Fall and Winter Goods. None know the wants in this section better than Mr. F., and his purchases have been made with a view to meet the demands of his patrons. Give him a call.

James Guana Blaine directed suit for libel to be brought against the Indianapolis Sentinel, and designated the U. S. Court as the place of trial, knowing full well that it could not be tried before the election, and yet our gentle neighbor says it is a malicious lie to assert that Blaine does not wish it to come to trial before that date, if indeed at all. Gentle George is certainly a "Smart Aleck."

Notice is hereby given that Mr. Nolan, at Nolan's Tile yard, is authorized by me to receive and receipt for monies, and pay hands at above named yard.

FRANK HENGESBACH.

August 29, 1884.

We have it on the best of authority that Mr. John A. Kent is ready to make a remarkably liberal offer to our people in the matter of grounds upon which to build a first class county fair. The grounds are eligible and elegant for the purpose, and can be fitted up at moderate expense.—Kentland Gazette.

The Kentland Democrat will issue next week.

"It is a moral issue and not political."—Cleveland's friends. But when you mention his nasty record they say it is not in the canvass. It doesn't count. But yet it is a "moral issue and not political."—Kentland Gazette.

Cleveland, however, responds—"Tell the truth." But when you mention Blaine's nasty and cowardly record, he telegraphs to the Indianapolis "ring"—"Sue the Indianapolis Sentinel—in the U. S. Court." Of course I expect no vindication—and for that matter there may be no money in it, but what I wish is to impose upon the Hoosiers the idea that I am pure and spotless."

Cleaver, the popular hardware man has just received a nice invoice of shot-guns. Call on him soon if you wish to secure one.

I am now prepared to make desirable farm loans of \$300 to \$10,000 on as good terms as can be had in the State. Partial payments allowed. Small sums at 4 per cent. Larger sums, on bond and security, 6 per cent. FRANK W. BABCOCK.

A chemical analysis of the stomach and intestines of Alva Spencer who died here about 24 years ago, revealed traces of arsenic. The discovery was reported to the grand jury, and on Wednesday Solomon Spencer, Thos. Keever and Lucy Keever his wife, were arrested on charge of causing Alva Spencer's death by administering poison. Mr. Spencer has been released on \$10,000 bond. Mr. Keever and wife have been remanded but will probably give bond in a few days.—White County Democrat.

I have come to stay, and don't you forget, with cash enough to buy all the Poultry in the County.

J. SHARP.

The Mother of Charles Stewart Parnell Urges Irish Americans to Support Cleveland.

The story that Mrs. Parnell, daughter of Commodore Stewart—"Old Ironsides"—of our navy and mother of the noted Irish agitator, came to this country to dispose of the Irish vote in the coming election, and would influence many Irishmen to approve the Republican ticket, is as untruthful as many others of the Blaine party's yarns. In reply to a Herald reporter who said to her, "Then you think that Irishmen would best serve their own interests by voting the Democratic ticket?" Mrs. Parnell said:—"Most assuredly I do. There can be no question that the Democratic party is the party for the workingmen to support, and the party which will best care for the citizens of foreign birth."

This sounds like "Old Ironsides" himself, who was earnest a democrat as this country ever produced.—N. Y. Herald, Aug. 24.

50c buys a yard of table linen sold everywhere at 75c. Come and purchase what you want before it is all sold, as this offer is a rare bargain.

HEMPHILL & HONAN.

Very Remarkable Recovery.

Mr. Geo. V. Willing, of Manchester, Mich., writes: "My wife has been almost five years, so helpless that she could not turn over in the bed alone. She used two bottles of Electric Bitters, and is so much improved, that she is able now to do her own work."

Electric Bitters will do all that is claimed for them. Hundreds of testimonials attest their great curative powers. Only fifty cents a bottle at F. B. Meyer's.

The Republicans have evidently bought up the Irish World and it is now supporting Blaine, and the Republican papers are copying liberally from it. December 10th, 1881, when Blaine was Secretary of state this same Irish World, said: "In this funkyness to the British Government James G. Blaine has refused to protect American Citizens whose he was bound, by every principle of law to extend protection to. Such a man has no conception of what is due to the honor of the United States, and should never again be placed in a position where he can disgrace our Government."—LaPorte Argus.

When Mr. Blaine was Secretary of State there were several American citizens of Irish birth arrested and imprisoned without trial and without a direct charge against them, and Mr. Blaine's "vigorous foreign policy" never extended to their prison doors. He was very busy with the guano beds of South America; but the English jail birds of American citizens he deliberately refused to see.—Boston Pilot.

All taxation shall be limited to the requirements of economical Government. The necessary reduction in taxation can and must be effected without depriving American labor of the ability to compete successfully with foreign labor, and without imposing lower rates of duty than will be ample to cover any increase in cost of production which may exist in consequence of the higher rate of wages prevailing in this country.—National Platform of the Democratic.

"The startling exposure of Speaker Blaine's venality in connection with the Union Pacific Road, Eastern Division, entirely destroys, of course whatever credit some people may have given to his evasive denial of the Oakes Ambrosy, and puts the whole case of the Credit Mobilier upon a different basis. * * * Now it shows that Speaker Blaine never deserved his good reputation. He has taken bribe in another case."—New York Tribune September 30, 1872.

The symptoms are moisture, like perspiration, intense itching, increased by scratching, very distressing, particularly at night, seems as if pin-worms were crawling in and about the rectum; the private parts are sometimes affected. The Chairman of the Independent conference, Colonel R. Codman, sounded the key-note of the prevailing sentiment when he said:

I do not hesitate to say that the defeat of Mr. Blaine should be compassed by all honorable means. It seems to me that the cause of good government, of pure politics, of American character, requires it to be done. There is but one way to do it and that way (to vote for Cleveland) must be obvious to us all.

Before you start on a picnic excursion, go to a fair or reunion get an accident ticket in the Traveler for \$3,000 in case of accidental death, or \$15 per week in case of disabling injury. 1 day to 16, 25c. per day; 30 days, \$4.50.
