

Democratic Sentinel

FRIDAY SEPTEMBER 25, 1885.

Our old friend W. J. Huff, p. m. at Monticello, has been suspended and O. S. Dale has been appointed to the vacancy.

The Cincinnati Telegram a Republican paper, says the Young Democracy of Indiana want "Dan Voorhees, Tom Hendricks and Joe McDonald to skip the gutter."—No doubt, with these republican papers the "wish is father to the thought." No aged distinction exists in the democratic ranks. All are Democrats, and regard with pride—Voorhees, Hendricks and McDonald.

Our neighbor publishes Ada's Sweet Letter of Resignation to the President, in which she thanks him for his courtesy, etc. It should be remembered that our Grover is a bachelor and Ada is a maid.—However while the missive was on its way Ada is represented as not being in the amiable mood it would indicate. It is said she boxed the ears of an office boy, and nudged her elbow through a window.

The New York Sun comes to the defense of Vice-President Hendricks' speech in advocacy of home-rule for Ireland, against the attacks of the Republican press in the following vigorous style: "The assumption moreover that it is unseemly or unfriendly for Americans to applaud the aspirations of Irishmen for home rule is a piece of insufferable impertinence. It is tantamount to saying that we ought to be ashamed of our methods of State government, and should hang our heads, instead of exultantly acclaiming the adoption of our system in Canada and in Australia, and the prospect for its early reproduction in Ireland. To pretend that when Americans hail the promise of a State Legislature at Dublin they wish for the destruction of the British Empire is to beg the very point in controversy."

In his Hamilton speech Governor Hoadley, the Democratic candidate for Governor of Ohio, in striking contrast to the bloody-shirt howl of Senator Sherman at Mount Gilead, stated a cardinal point of the Democratic doctrine of peace and prosperity, as follows: "To the policy of alienation we oppose Union; for hate we substitute love; we welcome the new South and the old South, old men and boys, fathers and sons, not as allies merely in a crusade against the forces of nature, but as brothers in affection in blood. We bid them all, white and black, join us in the great march of Union and liberty, to the peaceful conquest of the future.—'Let us have peace,' said General Grant many years ago. His eyes at last saw it. 'I have witnessed,' said his dying voice, 'since my sickness, just what I have wished to see ever since the war—harmony and good feeling between the sections.' And again, rejoicing in the present, he prophesied the future in words of glowing hope. 'We may now well look forward to a perpetual peace at home, and a national strength that will screen us against any foreign complications.'"

J. W. Douthit, Esq., is attending to legal business in Remington today.

Mrs. W. J. Imes arrived Wednesday evening from Nebraska.

The infant son of Mr. and Mrs. T. J. Saylor, Newton township, died last Sunday morning. Lung fever.

L. C. Grant now occupies the blacksmith of the Roberts Bros., where he will be pleased to have his patrons call.

The M. E. Church Ladies' Industrial Society will meet at the residence of Mrs. James T. Randle, next Wednesday afternoon.

Miss Clara Dexter started on the early train yesterday morning for Cheyenne, Wyoming Territory, at which place, to-morrow evening, she will be married to Mr. Geo. C. Starr, a merchant in that city.

The Albany (New York) Journal lets the black cat out of the bag why the Republicans are stirred to the depths by the removal of so many fourth-class postmasters since Mr. Stevenson of Illinois, has taken the First Assistant's desk. The Journal, in speaking of the New York canvass, says: "The bulk of the Republican vote is cast in rural counties, where voters are somewhat cattered. We have already dwelt upon the special obstacles in the way of Republican organization this year, owing to the changes in so many of the fourth-class postoffices, and other causes incident to a Democratic National administration."—An exchange gives the key: "The fourth-class postoffices of the country under Republican rule constituted a powerful political machinery. They gratuitously advertised and in every conceivable way aided the circulation of Republican newspapers and campaign documents, and discriminated in every conceivable way against Democratic newspapers and campaign documents. It was a very common practice in many country postoffices to enclose Republican campaign documents in the folds of Democratic papers. Every postmaster who engages in this and kindred business—whether a Democrat or a Republican—should be bounced, and President Cleveland will do it. "Public office is a public trust."

EXPOSITION RATES.—The station agent at this place will sell round trip tickets to Chicago and return, for \$2.95, on Tuesdays and Thursdays of every week until Oct. 14th. Good to return on any regular train until the Monday following the day when sold.

MADISON MAKEEVER,

For many years a resident of Jasper county, after a protracted and painful illness, died at his home in Newton township on last Tuesday, aged 60 years, 11 months and 18 days. A post-mortem examination showed that death was caused by a cancer located on the lower part of the stomach, and that no skill could have prevented death.

Mr. Makeever was well and favorably known as a good citizen, neighbor and friend, who by thrift and industry had accumulated a handsome competence. To the family and immediate friends his death is an irreparable loss.

Funeral services, under the auspices of the Masonic fraternity, were conducted by Rev. David Handley, Wednesday afternoon.—The remains were interred in the Makeever cemetery.

State Fair Items.

The business department of the Indiana State Fair to commence September 28, indicates success.—Seven States already represented on the books.

Five new exhibition buildings by individual enterprise going up, one of which is to cost \$4,000.

A new fountain is erected near the center of the ground connection is made with the City Water Works, and the supply for all purposes unlimited.

More stalls, pens and space for exhibition will be a necessity. \$1,800 offered in speed list.

A grand Dog Show has been arranged for at the State Fair, \$100 in premiums offered on Mastiffs, St. Bernards, Setters, Pointers, Terriers, Collies, and miscellaneous. A show of one hundred dogs guaranteed. Fifteen special premiums offered on dogs by business men of Indianapolis. Usual rules will govern. Send for prize list.

The Woman's Department has so increased as to require all the upper floor of the Exposition Hall, a brick structure 300 feet long and 150 feet wide. \$175 in three premiums is offered for the best drilled female companies not less than sixteen in each company, with Brooms, Fans or Spears.

A fine display of German Carp Fish will be on exhibition.

The prosperity of the country, and the evident wealth of the farming community is largely due to the improved Live Stock, and wonderful improvement in Agricultural Machinery, which will be illustrated at the State Fair. No enterprising farmer can afford to stay away from this Grand Educator.

A force of workmen are engaged in putting the grounds and buildings in complete order. The managers are contemplating an extension of the Fair Grounds in the near future, to provide for the best Agricultural Exhibitions in America.

The success of the State Fair is the true index of the prosperity of the country, and all indications point to an improvement on all former efforts. No limits for competition. If there is any better stock or machinery than we have we want to see it.

PETERSON'S MAGAZINE for October makes us marvel more than ever how so beautiful a monthly can be published for so low a price. The principal engraving on steel, "The Star of the Night," is a portrait of one of the loveliest of women, and looks as if painted from life. There are two colored patterns in embroidery; a mammoth colored fashion-plate; a story of a woman's life; and some fifty wood-cuts of fashions, work-table patterns, etc., etc. The powerful novelet by Mrs. Ann S. Stephens, which has awakened such interest all the year, grows more absorbing as it approaches the close. "Josiah Allen's Wife has one of her unrivaled humorous sketches; Frank Lee Benedict begins a new novelet; and there is a little sketch, "That Horrid Dress," which every lady ought to insist on her husband reading. But enough; the best thing to do is to write for a specimen of "Peterson," which will be sent gratis, and compare it with others, when you will be certain to subscribe, or get up a club, for 1886. Now is the time for this.—The price of this "lady's favorite" is but two dollars a year, with great deductions to clubs. Address CHARLES J. PETERSON, 306 Chestnut Street, Philadelphia, Pa.

A SURE CURE FOR A FELON.—Take a common sized lemon and divide it into two equal parts; insert the end of the finger in one of these pieces and let it remain there until the juice is nearly extracted. If it is no better renew the application until a cure is effected.—Two or three lemons will always be sufficient.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial Bottles of this Great Discovery for Consumption free at F. B. Meyer's, Sept 11-2

Mr. Samuel Scott and family have removed to Lakin, Kearney county, Nebraska.

WANTED.—All parties knowing themselves to be indebted to me are requested to call and settle at once. R. H. YEOMAN.

NEVER GIVE UP.

If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of Electric Bitter. You will be surprised to see the rapid improvement that will follow, you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of Electric Bitters. Sold at fifty cents a bottle by F. B. Meyer.

CELERY.—Last fall when I had taken up and trenched nearly all of my celery, we had a heavy freeze and all the tops of the plants still standing froze so badly that I cut off all the leaves that had been exposed and then placed them in the trenches, and I found that the celery I cut the leaves from kept far better than that with them on.—H. F. I., Bedford, Pa.

SEED CORN.—I select medium-sized ears and shell off the tip. Then I take one grain from the butt and one from the center and one from the tip that is left; turn the ear around and serve the other side the same way. If I find the germ of a silver or light straw-color, and by mashing on the thumb-nail that there is oil in the gum, I conclude the ear is good. I have followed this plan for twelve years without a failure.—J. A. McMASTERS, Miami Co., O.

ONE of the very best efforts that humane societies have ever made is that of inducing horse owners to do away with the blind bridle. There are cases where, perhaps, blinds are useful, but usually they are useless, and not only that, but their tendency is to hurt the eyes. They are a great impediment to the free sight of the horse, whose eyes are so set that it looks rather sideways instead of directly in front. With a blind on, therefore, the animal has no free range of vision. In addition to this, if the blinds press against or strike the eye, the latter will most likely be damaged. Under all the circumstances the practice of putting blinds upon our bridles is about as foolish as checking up a horse's head until the only thing that it can see is the sun and sky. Some may think that blinds look well, but even that is doubtful. We are of the opinion that a blindless bridle looks just as well on a horse as anything that can be put on its head. In our towns and cities where humane societies have an opportunity to create public sentiment in regard to the matter, many of our most stylish turnouts have no blinds on the bridles.—Western Rural.

Very Remarkable Recovery.

Mr. Geo. V. Willing, of Manchester, Mich., writes: "My wife has been almost five years, so helpless that she could not turn over in the bed alone. She used two bottles of Electric Bitters, and is so much improved, that she is able now to do her own work." Electric Bitters will do all that is claimed for them. Hundreds of testimonials attest their great curative powers. Only fifty cents a bottle at F. B. Meyer's. Aug 29-3.

HOLINESS CAMP MEETING!

The Grand Prairie Holiness Association will hold a Tabernacle Camp Meeting at Rensselaer, commencing September 25th.

Egg Toast.—Beat four eggs, yolks and whites together, thoroughly; put two table-spoonfuls of butter into a saucepan and melt slowly; then pour in the eggs and heat without boiling over a slow fire, stirring constantly; add a little salt, and when hot spread on slices of nicely-browned toast, and serve at once.

Thousands Say So.

Mr. T. W. Atkins, Girard, Kansas, writes: "I never hesitate to recommend your Electric Bitters to my customers, they give entire satisfaction and are rapid sellers." Electric Bitters are the purest and best medicine known and will positively cure Kidney and Liver complaints. Purify the blood and regulate the bowels. No family can afford to be without them. They will save hundreds of dollars in doctor's bills every year. Sold at fifty cents a bottle by F. B. Meyer.
