

WHAT WARNER'S SAFE CURE CURES AND WHY.

Congestion of the Kidneys, Back Ache.

Inflammation of the Kidneys, Bladder or Urinary Organs.

Catarrh of the Bladder, Gravel, Stone, Dropsy, Enlarged Prostate Gland, Impotency or General Debility, Bright's Disease.

WHY? Because it is the *only remedy known that has power to expel the uric acid and urea*, of which there are some 500 grains secreted each day as the result of muscular action, and sufficient, if retained in the blood, to *kill six men*. It is the direct cause of all the above diseases, as well as of Heart Disease, Rheumatism, Apoplexy, Paralysis, Insanity, and Death.

This great specific relieves the kidneys of too much blood, frees them from all irritants, restores them to healthy action by its certain and soothing power.

IT CURES ALSO Jaundice, Enlargement of the Liver, Abscess and Catarrh of the Bile Ducts, Biliousness, Headache, Furred Tongue, Sleeplessness, Languor, Debility, Constipation, Gall Stones, and every unpleasant symptom which results from liver complaint.

WHY? Because it has a *specific and positive action* on the liver as well as on the kidneys, increasing the secretion and flow of bile, regulates its elaborating function, removes unhealthy formations, and, in a word, restores it to natural activity, without which health is an Impossibility.

IT CURES ALSO Female Complaints, Leucorrhœa, Displacements, Enlargements, Ulceration, Painful Menstruation, makes Pregnancy safe, prevents Convulsions and Child-Bed Fever, and aids nature by restoring functional activity.

WHY? All these troubles, as is well known by every physician of education, arise from *congestion* and impaired kidney action, causing stagnation of the blood vessels and breaking down, and this is the beginning and the direct cause of all the ailments from which women suffer, and must as surely follow as night does the day.

WHY Warner's Safe Cure is acknowledged by thousands of our best medical men to be the *only true blood purifier* is because it acts upon scientific principles, striking at the very root of the disorder by its action on the kidneys and liver. *For, if these organs were kept in health all the morbid waste matter, so deadly poisonous if retained in the body, is passed out.*

On the contrary, if they are deranged, the acids are taken up by the blood, decomposing it and carrying death to the most remote part of the body.

WHY 93 per cent. of all diseases which afflict humanity arise from impaired kidneys, is shown by medical authorities. Warner's Safe Cure, by its direct action, positively restores them to health and full working capacity, *nature curing all the above diseases herself when the cause is removed*, and we guarantee that Warner's Safe Cure is a positive preventive if taken in time.

As you value health take it to avoid sickness, as it will at all times and under all circumstances keep all the vital functions up to par.

We also guarantee a cure and beneficial effect for each of the foregoing diseases, also that every case of liver and kidney trouble can be cured where degeneration has not taken place, and even then benefit will surely be derived. In every instance it has established its claim.

AS A BLOOD PURIFIER, particularly in the spring, it is unequalled, for you cannot have pure blood when the kidneys or liver are out of order.

Look to your condition at once. Do not postpone treatment for a day nor an hour. The doctors cannot compare records with us. Give yourself thorough constitutional treatment with Warner's Safe Cure, and there are yet many years of life and health assured you!

It Cured Him.

Some years ago a certain Methodist congregation in Chicago was presided over by a minister who had formerly held a pastorate in Springfield, Ill. The preacher was a very good man, but he subjected himself to severe criticism by constantly comparing his surroundings with those in Springfield. Nothing was so nice as it was in Springfield; the church was fine, but not so fine as the Springfield church; the congregation was zealous, but it was not Springfield zeal—and so on, all the time, Springfield being perfected perfection. At last one of the sisters hit upon what she thought might prove a remedy for her pastor, so at the next "class" she gave in her experiences. "I have," said she, found the path dark and rough, and at times have been on the point of falling by the wayside and giving up in despair; I have felt that my earthly nature was uncongenial with that heavenly one I have been taught to seek in the closest association, and there have been seasons when I thought I should never be able to reach that better land lying beyond the Jordan; but brethren and sisters, since our dear new pastor has come among us, I feel to rejoice that although I may fall short of attaining the heavenly kingdom, bless the Lord, I shall at least reach Springfield."

The minister tells the story on himself and acknowledges that it cured him. —*Merchant Traveler.*

Physicians Have Found Out

That a contaminating and foreign element in the blood, developed by indigestion, is the cause of rheumatism. This settles upon the sensitive sub-cutaneous covering of the muscles and ligaments of the joints, causing constant and shifting pain, and aggregating as a calcareous, chalky deposit, which produces stiffness and distortion of the joints. No fact, which experience has demonstrated in regard to Hostetter's Stomach Bitters, has stronger evidence to support than this, namely, that this medicine of comprehensive uses checks the formidable and atrocious disease, nor is it less positively established that it is preferable to the poisons often used to arrest it, since the medicine contains only salutary ingredients. It is also a singular remedy for malarial fevers, constipation, dyspepsia, kidney and bladder ailments, debility and other disorders. See that you get the genuine.

What It Was.

A State street merchant put a handsome plaster figure in his store window and prepared himself to enjoy it with his customers. Along in the afternoon the wife of an artist came in, and she noticed it at once.

"Ah, Mr. B——," she said, "that's a handsome figure in your window."

"Yes," replied the merchant, "I call it so myself, I do."

"Your taste is excellent," pursued the lady, "and I'm glad to see a love of art developing in commercial circles. What is the figure—Hebe?"

"Oh, no, ma'm, it's plaster of Paris."

Journalistic Secret.

"Here is my poetry back from the editor. He doesn't want it," said Snobbery, dismissively, as the letter-carrier handed him a large package.

"Perhaps he has not got room for it in his paper."

"That's what he says, but if he had a friendly feeling for me he would publish it anyhow. I wish I knew some way of getting into that editor's good graces."

"I can tell you how to make yourself popular with him."

"How is that; tell me?"

"Don't send him any more of your poetry." —*Texas Siftings.*

Collar High.

The latest favorite occupation among New York society exquisites is measuring the height of their collars. The weary clerk toiling at his desk, finds surprising joy in being able to compass a collar that possesses an altitude of two inches and a half, and is cast down with envy and despair when his brother clerk taunts him with an extra half inch. The dimensions of the exquisite's brain seem to diminish in proportion as his collar grows higher.

The Great German Physician.

The remarkable phase in the practice of Dr. Peter W. Schmidt (frequently called Dr. Pete) is, he never asked one to describe their disease but tells each one their trouble without asking a question. His success is phenomenal. His practice enormous. He is sought after by hundreds wherever he goes, because he cures when every other physician and remedy have failed. He has allowed his great medicines, Golden Seal Bitters and Lung Food for Consumption, to be offered to the suffering, and we assert without fear of successful contradiction that there is no disease they will not cure. Thousands of bottles have been sold. Thousands of broken-down and discouraged invalids saved. Send to Golden Seal Bitters Company, Holland City, Mich., for Facts for the Million! *Free.*

A Remedy for Lung Diseases.

Dr. Robert Newton, late President of the Eclectic College of the City of New York, and formerly of Cincinnati, Ohio, used DR. WM. HALL'S BALSAM very extensively in his practice, as many of his patients, now living, and restored to health by the use of this invaluable medicine, can amply testify. He always said that so good a remedy ought to be prescribed freely by every physician as a sovereign remedy in all cases of lung diseases. It cures Consumption, and has no equal for all pulmonary complaints.

THE HOTEL CLERK'S STORY.

It is the fashion among many so-called humorists to represent the American hotel clerk as a lordly and supercilious being, who, with a headlight diamond in his immaculate shirt front and a look of contemptuous disdain upon his classic features, sends tired and travel-stained arrivals off to impossible regions in the fifteenth story, or haughtily refuses them any lodging whatever.

The fact is that the true American hotel clerk is an invaluable feature of our civilization. The time of the arrivals and departures of all the trains on all the railroads is at his tongue's end; he is full of information about what is interesting at the theaters, and of stories of actors and actresses who have stopped at his hotel, and with a kindly man, who, if the house is crowded, will let you sleep on a billiard table. Mr. W. P. Hammond, who is clerk at the West End Hotel, 503 and 505 West Madison street, Chicago, is of this obliging disposition and is always ready to give any information regarding the hotel to those who seek it. The accomplished landlady of the West End has recently suffered with rheumatism. The story of her cure is thus told by Clerk Hammond:

"Our landlady was taken with quite a severe attack of rheumatism in the lower limbs, suffering much pain and being scarcely able to walk. She heard of Athiophoros and of the cures it had effected, and sent me to the drug store to buy a bottle of it. I got it, and in *half an hour's time* after she had taken the first dose she felt relieved, and in a few days the rheumatism was entirely gone."

"How much did she take?"

"About one bottle."

"Has she had any return of the pain?"

"Not to my knowledge," replied Mr. Hammond, "and I am certain she would be likely to say something about it if she had. She speaks of Athiophoros in the highest terms, and has recommended it to many. In one case I remember the cure was as quick as in her own."

The accuracy of Clerk Hammond's statements is fully confirmed by the landlady herself, who is not averse to having it known that she was cured.

"I will tell you something about my cure," she said to a visitor who called to learn the facts in her case. "I was so lame and suffered so much pain that it was impossible for me to bend my limbs or walk around my room without taking hold of the back of a chair for support. My relief, after taking the first dose of Athiophoros, was almost immediate. In fact, after taking a few doses I was well and have not been troubled since. At the same time I was suffering from the rheumatism, there was a lady boarding in my hotel who was suffering with facial neuralgia so much that it was impossible for her to sit up. I advised her to try my remedy, that being the name I have for Athiophoros. After she had taken two doses of it she was well, and the next thing I knew I saw her rushing for a street-car to go up town. My confidence in Athiophoros cannot be shaken. I find it a positive cure for nervous headache and shall always keep some in the hotel, as I cannot afford to suffer from rheumatism, neuralgia, or any such trouble while I can get a medicine like Athiophoros."

If you cannot get Athiophoros of your druggist, we will send it, express paid, on receipt of regular price, \$1.00 per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us, as directed. ATHIOPHOROS CO., 112 Wall street, New York.

The Man in the Moon.

How does the sailor know there is a man in the moon? Because he has been to see (sea), and states that whenever he has a cough or cold he takes Taylor's Cherokee Remedy of Sweet Gum and Mulin.

I have been afflicted with catarrh for 20 years. It had become chronic, and there was a constant dropping of mucous matter from the roof of my mouth. It extended to my throat, causing hoarseness and great difficulty in speaking; indeed, for years I was not able to speak more than thirty minutes, and often this with great difficulty. I also, to a great extent, lost the sense of hearing in the left ear, and of taste. By the use of Ely's Cream Balm I have received more relief than from all other remedies besides. All dropping of mucous has ceased and my voice and hearing are greatly improved. —Jas. W. Davidson, Attorney at Law, Monmouth. Warren County, Ill.
