A Wonderful Discovery.

Consumptives and all, who suffer
from any affection of the Throat and
Lungs, can find a certain cure in Dr.
King's New Discovery for Consumption.
Thousands of permanent cures verify
the truth of the statement. No medi-
cine can show such a record of wonder-
ful cures. Thousands of once hopeless
sufferers now gratefully proclaim they
owe their lives to this New Discovery.
It will cost you nothing to give it a trial.

HEMPHILL & HONAN.

The decree issued by the Re-
publican bosses, in accordance with
which they expect the nominations
to "pan out" to their wishes, is be-
ing roundly cursed by the masses
of that party. Many swear they
will go back on it.

A huge California hawk swooped
down on a sleeping cat at Santa Rosa
the other day and bore it squalling and
scratching high in the air. When about
500 feet high the hawk lost its grip and
the cat came down with fearful velocity,
but the hawk caught it again just before
it struck the earth and was carrying it
off when suddenly both fell like lead to
the ground. The cat had bitten through
the hawk's head, killing it instantly,
and the fall killed the cat.

Pliny Martindale of Kirtland, O., is a
well-to-do, but apparently very lazy, not
to say heartless farmer. He had 300
sheep when winter set in and plenty of
grain and fodder; but the other day an
agent for the humane society found
seventy-one of the sheep dead, forty being
piled in the basement of one barn and
twenty-three in another, and others
scattered about the place. They had all
starved to death.

Alabama is in luck in her effort to
catch up to Pennsylvania as a producer
of iron. Her good fortune as to ore and
lime deposits had just begun to attract
attention when Pennsylvania's develop-
ment of natural-gas wells again re-
newed our former advantages. But the
Alabamians then began to hunt for gas,
and it is now reported that a supply
has been found near Birmingham, and
that pipes are to be laid to the mills
without loss of time.—Phila. Ledger.

The thirteen States of Arkansas, Cal-
ifornia, Colorado, Connecticut, Dela-
ware, Florida, Nebraska, Nevada, New
Hampshire, Oregon, Rhode Island, Ver-
mont, and West Virginia, with an ag-
gregate population which does not ex-
ceed that of New York alone, have
twenty-six United States senators to
New York's two. From the five States
of New York, Pennsylvania, Illinois,
Massachusetts, and Ohio the govern-
ment derives one-half of all its postal
revenues.
