

## DANGEROUS DRUGS.

### How to Control Effectually All Such Horrible Habits.

Rochester (N. Y.) Post-Express.

A gentleman who has spent the summer abroad said to our reporter that the thing that impressed him most of all was the number of holidays one encounters abroad, and the little anxiety the people display in the conduct of business affairs. "Men boast here," he said, "that they work for years without a day off; in Europe that would be considered a crime."

Mr. H. H. Warner, who was present at the time, said: "This is the first summer in years that I have not spent on the water. Been too busy."

"Then I suppose you have been advertising extensively?"

"Not at all. We have always heretofore closed our laboratory during July, August, and September, but this summer we have kept it running day and night to supply the demand, which has been three times greater than ever before in our history at this season."

"How do you account for this?"

"The increase has come from the universal recognition of the excellence of our preparations. We have been nearly ten years before the public, and the sales are constantly increasing while our newspaper advertising is constantly diminishing. Why, high scientific and medical authorities now publicly concede that our Warner's safe cure is the only scientific specific for kidney and liver diseases, and for all the many diseases caused by them."

"Have you evidence of this?"

"Abundant! Only a few weeks ago Dr. J. L. Stephens, of Lebanon, Ohio, a specialist for the cure of narcotic, etc., habits told me that a number of eminent scientific medical men had been experimenting for years, testing and analyzing all known remedies for the kidneys and liver, for as you may be aware, the excessive use of all narcotics and stimulants destroys those organs, and until they can be restored to health the habits cannot be broken up! Among the investigators of such men as J. M. Hall, M. D., President of the State Board of Health of Iowa, and Alexander Neil, M. D., Professor of Surgery in the College of Physicians and Surgeons, and President of the Academy of Medicine at Columbus, who, after exhaustive inquiry, reported that there was no remedy known to schools or to scientific inquiry equal to Warner's safe cure!"

"Are many persons addicted to the use of deadly drugs?"

"There are forty millions of people in the world who use opium alone, and there are many hundreds of thousands in this country who are victims of morphine, opium, quinine, and cocaine. They think they have no such habit about them—so many people are unconscious victims of these habits. They have pains and symptoms of what they call malaria and other diseases, when in reality it is the demand in the system for these terrible drugs, a demand that is caused largely by physicians' prescriptions which contain so many dangerous drugs, and strong spirits, and one that must be answered or silenced in the kidneys and liver by what Dr. Stephens says is the only kidney and liver specific. He also says that moderate opium and other drug eaters, if they sustain the kidney and liver vigor with that great remedy, can keep up these habits in moderation."

"Well, does not this discovery give you a new revelation of the power of safe cure?"

"No, sir; for years I have tried to convince the public that nearly all the diseases of the human system originate in some disorder of the kidneys or liver, and hence I have logically declared that if our specific were used, over ninety per cent. of these ailments would disappear. The liver and kidneys seem to absorb these poisons from the blood and become depraved and diseased."

"When these eminent authorities thus publicly admit that there is no remedy like ours to enable the kidneys and liver to throw off the frightful effects of all deadly drugs and excessive use of stimulants, it is an admission of its power as great as any one could desire; for if through its influence alone the opium, morphine, quinine, cocaine, and liquor habits can be overcome, what higher testimonial of its specific power could be asked for?"

"You really believe, then, Mr. Warner, that the majority of diseases come from kidney and liver complaints?"

"I do! When you see a person moping and groveling about, half dead and half alive, year after year, you may surely put him down as having some kidney and liver trouble."

"The other day I was talking with Dr. Fowler, the eminent oculist of this city, who said that half the patients who came to him for eye treatment were affected by advanced kidney disease. Now, many people wonder why, in middle life, their eye-sight becomes so poor. A thorough course of treatment with Warner's safe cure is what they need more than a pair of eye-glasses. The kidney poison in the blood always attacks the weakest part of the body, with the result that the eyes, with others the head, with others the stomach, or the lungs, or rheumatic disorder follows and neuralgia tears them to pieces, or they lose the powers of taste, smell, or become impotent in other functions of the body. What man would not give his all to have the vigor of youth at command?"

"The intelligent physician knows that these complaints are but symptoms; they are not the disorder, and hence are symptoms not of disease of the head, the eye, or stomach, or of virility, necessarily, but of the kidney poison in the blood, and they may prevail and no pain occur in the kidneys."

It is not strange that the enthusiasm which Mr. Warner displays in his appreciation of his own remedy, which restored him to health when the doctors said he could not live six months, should become infectious, and that the entire world should pay tribute to its power. For, as Mr. Warner says, the sales are constantly increasing, while the newspaper advertising is constantly diminishing. This speaks volumes in praise of the extraordinary merits of his preparations.

### The Rio Grande.

The Rio Grande River was first discovered by white men at the time of the expedition of Francisco Vasquez de Coronado in 1540-41. He penetrated from the Pacific coast to the river Gila, and traversed the country beyond, visiting the famous cities of Cibola. Thence he traveled eastward through the Pueblo country till he reached the Rio Grande, and about 300 leagues further east before he set out upon his return. He is said to have fallen off his horse when near the Rio Grande River on the return journey, receiving injuries from which he died, and was buried in this river, but nothing is certainly known of the time and manner of his death.—*Inter Ocean.*

### Scavengers of Importance.

Next to the bowels, or rather in conjunction with them, the kidneys and bladder are the most important scavengers of the system. They purify the blood and carry off its refuse, preventing rheumatism, dropsy, Bright's disease and diabetes by their active cleansing work. Hostetter's Stomach Bitters, when the kidneys evince a tendency to relax, this activity of their important function, renews it, and thus averts renal maladies, the most difficult to cope with, and which superinduce a frightful loss of bodily tissue, stamina and life. When the renal organs exhibit the slightest symptoms of inaction they should at once receive the needful stimulus from this safest, surest and pleasantest of diuretics. Chills and fever, dyspepsia, constipation, liver complaint and debility are also remedied by it.

## Important.

When you visit or leave New York City, save baggage, expressage, and \$3 carriage hire, and stop at the **Grand Union Hotel**, opposite Grand Central Depot.

613 rooms, fitted up at a cost of one million dollars, \$1 and upwards per day. European plan. Elevator. Restaurant supplied with the best horse cars, stages, and elevated railroad to all depots. Families can live better for less money at the Grand Union Hotel than at any other first-class hotel in the city.

## Kaleidoscopes.

Kaleidoscopes are made to sell at from five cents to five dollars each, the latter being used a great deal by carpet designers and for like purposes. In a factory in New York a reporter found eight girls at work before a long bench, this being the system of operations: The first young woman wraps black paper about the glass reflectors which produce the optical delusion. These strips of glass, when thus arranged and fastened together, form the body of the kaleidoscope. The next girl simply inserts the united reflectors into the pasteboard cover, and then passes the octagonal pasteboard tube to her neighbor. Number three adjusts the brass ring which secures the glass disks in the end. Between the disks or plates are placed the scraps of colored glass, the beads and various trinkets which tumble about as the kaleidoscope is revolved, and when reflected by the mirrors form themselves into ever-shifting, fantastic forms. The other young women are armed with hammers to break the colored glass into fragments. The colored glass is obtained from the waste scraps, purchased very cheap, at stained-glass manufactories.

Mr. A. FUEGER, 608 Walnut street, St. Louis, Mo., suffered for two years with lumbago, and was confined to his bed for several months. He was entirely cured by the use of St. Jacobs Oil, which he says is also the best cure for sprains and all other pains.

## Flirtation in the Woods.

Flirtation in the woods is always a more serious and impressive thing than in town. You'll see a couple come gradually together in a camp or at a hotel by the seaside. As much as two or three days will elapse before any special affinity develops itself. Then you'll see the little attentions of a delicate nature; they segregate from parties first, not too obviously; then they take to kind of devoting themselves to each other; then they get taking strolls alone, and the seriousness becomes imposing. The other campers or outsiders are very respectful; a compact seems to exist that flirtation shall be respected. But the demure air they both put on is awfully funny.—*San Francisco Chronicle.*

It has been claimed by some writers that hundreds of years before the time of Columbus, navigators from countries in the east and north of the Mediterranean Sea sailed to the Atlantic Ocean, and they were driven by tempest across the ocean to the continent of America. The Northmen made settlements in Greenland, as they had previously done in Iceland; but these, after a period of more than a hundred years, perished, and when Columbus set sail on his eventful voyage they were forgotten.

Mrs. F. W. INGHAM, 472 West Madison street, Chicago, Ill., recommends Reli Star Cough Cure, a few doses of which gave her entire relief from a violent cold. Price, 25 cents.

A PHYSICIAN wrote to the *Medical Record* that he had found in a swallow's nest a young bird with one of its legs thoroughly bound with horse hairs. Removing the hairs he found that the leg was broken. The bird was then let alone. The mother bird bandaged the leg again in the same way, and the broken leg made a good recovery.—*Dr. Foote's Health Monthly.*

For dyspepsia, indigestion, depression of spirits, and general debility in their various forms; also as a preventive against fever and ague and other intermittent fevers, the "Perrin's Phosphoric Bitter of Calisaya," made by Caswell, Hazard & Co., New York, and sold by all druggists, is the best tonic, and for patients recovering from fever and other sickness it has no equal.

BRONCHITIS is cured by frequent small doses of Piso's Cure for Consumption.

**TOWER'S FISH BRAND SLICKER**

The Best Waterproof Coat.

The FISH BRAND SLICKER is warranted waterproof, and will keep you dry in the hardest storm. The new POMMEL SLICKER is a perfect riding coat, and covers the entire saddle. Beware of imitations. None genuine without the "Fish Brand" trade-mark. Illustrated Catalogue free. A. J. Tower, Boston, Mass.

Address **PERRY MASON & CO., 39 Temple Place, Boston, Mass.**

## A Terrible Fire.

What a thrill of terror passes over us when we read the record of some fearful devastation by fire, and yet it is a fact that thousands are daily being consumed by the inward fire of fever, caused by consumption of the lungs, which could be subdued by Dr. Pierce's "Golden Medical Discovery."

ON life's journey, without a destination, the traveler is sure to get lost in the woods.—*Whitehall Times.*

DESERVING OF CONFIDENCE.—There is no article which so richly deserves the entire confidence of the community as BROWN'S BRONCHIAL TROCHES. Those suffering from Asthmatic and Bronchial diseases, Coughs, and Colds, should try them. Price 25 cents.

A CLERICAL error—a sermon more than twenty minutes in length.

For a slight cold, a hacking cough, or lung troubles, take AYER'S Cherry Pectoral.

BOOK-WORMS are of use to fish in the forgotten streams of knowledge.—*St. Paul Herald.*

A UNIFORM and natural result is produced by using Buckingham's Dye for the Whiskers.

IT is noticed that men of small caliber are sometimes great bores.—*New York Tribune.*

## A New Way to Pay Old Debts.

Shakespeare tells how this can be accomplished in one of his immortal plays; but debts to nature must be paid on demand unless days of grace be obtained through the use of Dr. Pierce's "Golden Medical Discovery." It is not a "cure-all," but invaluable for sore throat, bronchitis, a thins, catarrh, consumption, and all diseases of the pulmonary and other organs, caused by scrofula or "bad blood." Scrofulous ulcers, swellings and tumors are cured by its wonderful alterative action. By druggists.

The song says: "A boy's best friend is his mother." Sometimes he prefers to go to his uncle.—*Philadelphia Call.*

DR. PIERCE'S "Favorite Prescription" is a most powerful restorative tonic, and combines the most valuable nerve properties; especially adapted to the wants of debilitated ladies suffering from weak back, inward fever, congestion, inflammation, or ulceration, or from nervousness or neuralgic pains. By druggists.

AN actor may be another actor's enemy and yet take his part.

## Another Life Saved.

Mrs. Harriet Cummings, of Cincinnati, Ohio, writes: "Early last winter my daughter was attacked with a severe cold, which settled on her lungs. We tried several medicines, none of which seemed to do her any good, but she continued to get worse, and finally raised large amounts of blood from her lungs. We called in a family physician, but he failed to do her any good. At this time a friend who had been cured by Dr. Wm. Hall's BALSAM FOR THE LUNGS, advised me to give it a trial. We got a bottle, and she began to improve, and by the use of three bottles was entirely cured."

## Catarrh

Is a complaint which affects nearly everybody, more or less. It originates in impure blood, and is aggravated by taking cold. Disagreeable flow from the nose, itching in the throat, offensive breath, pain over and between the eyes, ringing and bursting noises in the ears, are the more common symptoms. Catarrh is cured by Hood's Sarsaparilla, which strikes directly at the cause by removing all impurities from the blood.

"I had catarrh nine years, and suffered terribly with it. Soon after I began to take Hood's Sarsaparilla the catarrh troubled me less, and after taking three bottles I was entirely cured." JANE HINCY, Lumberton, Clinton County, Ohio.

"I have taken Hood's Sarsaparilla for catarrh, and it has done me a great deal of good. I recommend it to all within my reach. Hood's Sarsaparilla has been worth everything to me." LUTHER D. ROBBINS, East Thompson, Ct.

## Hood's Sarsaparilla

Sold by all druggists. \$1; six for \$5. Prepared by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

## 100 Doses One Dollar
