DRS. STARKEY and PALEN'S advertisement of Compound Oxygen in this issue of this paper should be read by all of our readers. The cures which this treatment is effecting are almost miraculous. In the few years since its discovery they have treated in all parts of the world upwards of fifty thousand patients. Thousands of these have given testimonials that they are cured, and a large proportion of the others report great benefit from its use. Their offer to send a two hundred page book free, giving a history of the treatment, with a large number of testimonials, is a liberal one. Read the advertisement and send for the book now.
