

FRIDAY, OCTOBER 23, 1887

Entered at the post office at Rensselaer, Ind., as second-class matter.

A Democratic gain of nearly 2,000 at the recent city election in Baltimore is good enough.

Senator Don Cameron says that the woful predictions for the country to follow the advent of Democracy to power have not been fulfilled, and that nothing short of a tremendous panic can defeat his re-election.

George has just caught on. Republican papers, unable to criticise Mr. Cleveland's utterances at the various points through which he passed in his recent western tour, think it a slur to assert that he acquired information concerning the several localities from the 'Cyclopedias.' Now suppose he did? Do not all acquire knowledge by study of authorities? It is exceedingly gratifying to the friends to see them driven to this shift. And George has but just caught on!

Our neighbor of the Republican is raving over "soft-headed doctored Blue Jeans Williams" and "unscrupulous self-seeking demagogue Ike Gray." One of these gentleman is in glory, where the wicked cease from troubling, and the other will be his companion in the great beyond. We insist that George continue to spit out his venom at Gov. Gray while it is to-day, for in the hereafter the opportunity will be lost to him. The Governor wont care, and if it is "amoozin'" to you, why, amuse yourself to your heart's content.

Hon. W. P. Fishback, for many years editor of the Indianapolis Journal, republican state organ, in a recent speech referred to the methods of his party in the past. "About ten years ago," said Mr. Fishback, "on the eve of an election, the Democratic majority of the City Council passed an ordinance redistricting the city in such a way as to give their party great advantage. At least it was so charged by the Republicans. The fiery and untamed young Republicans, who had assumed for themselves the name of the 'gang,' decided to fight the Democratic devil with fire. And lo! on election morning, it was discovered that during the silent watches of the previous night, platoons of juvenile Republican voters had left their homes, and had become residents of the Democratic strongholds, so that when the polls were opened the Democrats were dismayed to find that the enemy had received unlooked for reinforcements. Many of these voters were challenged and many of such votes were sworn in, a curb-stone opinion having been given by a number of the 'gang' to the effect that a voter could change his residence in the night from one ward to another and soon as he had voted, return to his former residence without violating the law. The grand jury took a different view of it and some of these young men were compelled to defend themselves in the criminal court and escaped the penitentiary by the skin of their teeth the juries divided six to six according to politics, just as the electoral commission divided as between Tilden and Hayes."

Mr. Fishback also scorchingly referred to the Dorsey gang that invaded Indianapolis in 1880, with headquarters at the Dennison, and prostituted the politics of Indiana with new two dollar bills.

#### SOME REASONS WHY.

[From page 1—Concluded.]

Claims have been fewer in number and less in amount than in any period since the war. Instead of the southern brigadier being again in the saddle, the list of appointments will show that the ex-Union soldier has far better in the distribution of federal patronage than ever before. [Loud applause.] And that the long list has emblazoned on it such names as that of William S. Rosecrans, the accomplished soldier and genial gentleman now treasurer of the United States; John C. Black, commissioner of pensions; the widow of that Irish soldier, Col. James A. Mulligan, and your own battle-scarred Leonidas, who held the fort at Allatoona, Gen. John M. Corse, postmaster of Boston. [Applause, laughter and some hisses.] They told us in 1884 that the pensions of soldiers would be cut off if the Democrats got control, and that all kinds of embarrassments would be thrown in the way of their claims before the departments. During the fiscal year 1884, ending 30th of June, the full Republican year, there were issued 66,409 pension certificates. During the fiscal year of 1886, ending 30th of June, the first full Democratic year, there were issued 161,460 pension certificates. From March 17, 1885, the day when Gen. Black began his duty, to October 1, 1887, 334,209 certificates were issued; of those, 124,129 were original certificates. For a like Republican period from March 17, 1882, to October 1, 1884, 161,060 pensions were issued. This shows more than double the number in a like period, and still they say the Democrats were unfriendly to the soldiers. The annual value of the pension in 1887 is \$180 10, which is \$19 74 above the value in 1884. Since the present commissioner assumed office, leaves of absence have not been granted for political purposes, and no pension office clerks have gone off on stumping tours as recruiting sergeants for their party, which was the custom under the previous administration. This was notoriously the case in one campaign in the year 1884, when the average number of special examiners in the field was 346, and the average number of cases investigated per month 839. In the year ending June, 1886, the number in the field was 203, and the number of cases 2,586 monthly, or three times the number than in the former case, at an average expense of one-third less per case. [Loud applause.] But this is only a part of the record. The Democrats have restored more than 50,000,000 acres of the unearned land grants to the public domain for the benefit of poor settlers. And there is the Democratic act forbidding the ownership of lands by aliens; a Democratic Congress instituted a searching inquiry into the management of the Pacific railways and passed an act authorizing the issue of small silver certificates. The use of convict labor was also forbidden upon all public works, and your candidate for the governorship, Henry B. Lovering, was mainly instrumental in procuring that act. The Democratic administration has been the friend of organized labor and has repealed the onerous tenure of office act, broken up Indian rings, land rings and cattle rings. It has established business methods and strict economy in the place of jobbery and wasteful extravagance. Hordes of lazy incompetent and useless officials have been dispensed with, and the work of reform is not yet ended. It has done more in two and a half years to curb the rapacity of corporations than the Republican party did in a quarter of a century. The ordinary expenses of government have been reduced about \$15,000,000.

The speaker then pronounced a eulogy on his friend, Henry B. Lovering. He is a true man, with a heart full of sympathy for those from whose ranks he has so suddenly sprung into political eminence. [Applause.] He has been as industrious in the discharge of his public duties as if he were clinging away at his bench. He has reported to the House 157 bills. His record for faithful devotion to duty has never been surpassed. How can you honor Massachusetts better than by electing one who will represent her glory and pride in the ruling chair of her state. [Applause.] Is there a false pride that makes some shrink from the possibility of this shoemaker of Lynn filling the highest office of the state? Some of the best men

of the Commonwealth have been shoemakers, and Massachusetts as ex-Governor Robinson once said, has no ruling classes. It would be supreme ingratitude in this people to allow Mr. Lovering to be defeated in this supreme contest of his life. [Prolonged applause.] If you will elect him, the news will be received with glad acclaim in every Democratic home from the White House to the humblest log cabin on the Western continent. [Loud applause.] By his election it will appear that the people have arisen once more in their might to pay tribute to honesty, to fidelity, to ability and to labor. [Applause.]

#### The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at F. B. Meyer's Drug Store. 2.

#### Give Them A Chance!

That is to say your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages but the thousands of little tubes and cavities leading from them.

What these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boechee's German Syrup which any drug ist will sell you at 75 cents a bottle. Even if everything else has failed you you may depend upon this for certain

**DENTISTRY!**—All those wishing their teeth put in order would do well to see Dr. Horton. He guarantees his work first class in every respect. Those having misfitting plates are especially invited to call, as, by the use of the lately invented cohesion forms, any one can secure a perfect fitting plate. J. W. HORTON.

#### Their Business Booming.

Probably no one thing has caused such a general revival of trade at F. B. Meyer's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Gout, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted. 3.

**D. LANCELL'S ASTHMA AND CATARRH REMEDY.**

SOLD BY ALL DRUGGISTS.

Having struggled 20 years between life and death with ASTHMA or PHTHISIS, treated by eminent physicians, and receiving no benefit, I was compelled during the last 5 years of my illness to sit on my chair day and night gasping for breath. My sufferings were beyond description. In despair I experimented on myself by combining roots and herbs and inhaling the medicine thus obtained. I fortunately discovered this WONDERFUL CURE FOR ASTHMA AND CATARRH which will relieve the most stubborn case of ASTHMA IN FIVE MONTHS so that the patient can lie down to rest and sleep comfortably. Please read the following condensed extracts from unsolicited testimonies, all of recent date:

Oliver V. R. Holmes, San Jose, Cal., writes: "I find the Remedy all and even more than represented. I receive instantaneous relief."

E. M. Carson, A. M., Warren, Kan., writes: "Was treated by eminent physicians of this country and Germany; tried the climate of different states—nothing afforded relief like your preparation."

J. B. Phelps, P. M., Griggs, Ohio writes: "Suffered from Asthma 10 years. Your medicine in 3 minutes does more for me than the most eminent physician did for me in three years."

H. C. Plimpton, Joliet, Ill., writes: "Send Catarrh Remedy at once. Cannot get along without it. I find it to be the most valuable medicine I have ever tried."

We have many other hearty testimonies of cure or relief, and in order that all sufferers from Asthma, Catarrh, Cough, Fever, and kindred diseases may have an opportunity of testing the value of the Remedy, we will send a small Address-TRIAL PACKAGE FREE OF CHARGE. If your druggist fails to keep it do not permit him to sell you some worthless imitation by his representing it to be just as good, but send directly to us. Write your name and address plainly.

Address, J. ZIMMERMAN & CO., Prop's., Wooster Druggists, Wooster, Wayne Co., O. Full size box by mail \$1.00.
