

FRIDAY NOVEMBER 2 5 1887

Entered at the post office at Rensselaer, Ind. as second-class matter.

No election in Indiana this fall, and it is probable that thousands of republican voters were shipped from this State into Ohio to save Foraker's hide.

The republican organs have all at once discovered, what has been universally claimed and recognized by the Democracy, that "Land Commissioner Sparks is an Andrew Jack on Democrat both in name and nature." Up to date these same organs have persistently vilified him on account of his vigorous method in bringing republican monopolistic land thieves to judgment. Mr. Sparks will be in position to aid in future efforts to be made in the reclamation of lands yet remaining in the possession of republican rings—given them without authority, and for no consideration, by republican administrations. The sympathy of the republican organs is wasted.

If Mr. Lucius Quintus Curtius Lamar is elevated to the Supreme Bench, he will be the first rebel to occupy such position. Only under a Democratic administration can former traitors to their country look for the highest honors.—Indianapolis Journal.

How about "the highest honors" awarded to rebel Gen. Longstreet, guerilla Moseby and others, by the republican President Grant?

How about "the highest honors" awarded to rebel Gen. Key and others by that republican continental Fraud, R. B. Hayes?

In the face of the awards of "highest honors" to the most despicable and brutal of rebels, as a reward for their support of the republican party, the utterance of the above extract from the Republican organ of Indiana, is certainly one of the most exquisite exhibitions of hypocrisy and cheek.

Columbus Dispatch: Georgia has the right to send any of her citizens to the Senate, or tender their services to the Departments of Justice and the Interior. But the people, also, of the country, have rights and privileges. Their leading right and privilege is to object to the appointment of a person to the Supreme Bench if he is not able and willing to assert that he is opposed to the alleged right of a State to secede.

These Republican organs are rapidly becoming convinced that the doctrine of secession is a criminal and treasonable heresy. At the same time it was the foundation principle of the Republican party at its organization. Its very sectionalism is evidence of that fact. It wanted no Union which would deprive it of power. Its conventions declared opposition to a 'Union with slaveholders'; indorsed the declarations of their orators and organs that—"the Constitution was a covenant with death, the Union in league with hell," and would cheerfully consent "under certain contingencies to let the Union slide," etc. And then, too, the first overt act of treason by their mad leader—Old John Brown—was defended and applauded by them, old John given a place in the Republican calendar as a saint, and to-day they go up and down the earth shouting—"his soul goes marching on."

It is well, when Republican organs like the Columbus Dispatch leave off their hypocritical cant, to remind them of the true history of their party; and also to remind them that it was "Old Hickory" who gave utterance to the grand old Democratic sentiment—"The Union: It must be preserved."

INDIANA.—(Concluded.)

ico. But more important than all are the abolition of the October elections and the passage of a strict registration law. The God-and-mortality party can no longer inundate the Southern counties with Kentucky coons, the Northern ones with scum from the Chicago levee, nor the Eastern and Western tiers with superfluous Republicans from Ohio and Illinois. These riff-raff will hereafter find it healthy to remain at home, and the outcome promises to be the largest Democratic majority given in that State for two score years. Indiana is more surely Democratic than New York, and that is practically useless.

The News, the Porters, the Harrisons, the Robertsons, the Dudleys, the Calkines and others of the ilk, while as ignorant as Jemmy about praying, may bawl without ceasing, and they cannot save from sinking either in the Wabash or the Kankakee swamps the rotten old Republicans "shep."

WALKER ITEMS.

Most of the farmers are through with their corn husking.

Hay is plenty and brings a good price.

The potato crop is short with most of the farmers, on account of the dry weather.

Uncle Ben has gone to Halifax to spend the winter.

Mr. Wm. Brown has just finished his large and substantial barn, and talks of erecting a fine house in the spring.

Hunters plenty and game scarce. Mr. Brown, of Kansas, is visiting his parents and friends.

Look out for a wedding about holidays.

Mr. E. Roberts, of San Pierre, was the guest of Miss Jose Stalbaum last Sunday.

Mr. Alex. Schrader is building one of the finest barns in our twp. Marsh Comer and Geo. Dunn are the builders.

Our schools are all in full blast. R. Zick has built a new dwelling for his chickens.

Chas. Hershman went to Valpo last week after a stock of dry goods.

T. Morse, the dog fancier, sold one of his fine Scotch Coolys to George McElfresh, of Barkley.

Henry Meyers talks of going west in the spring.

Dr. Bouk will retire from practice on account of poor health.

Robert Zick has employed Adam Kearn to clear up his farm with his Little Giant Grubber, a machine that beats anything yet invented for that purpose.

SKINNER.

EAR-BOXING.—There ought to be a statute in every State severely punishing the practice, or rather an infliction of blows on the head, so common in families and schools of inferior grade. A recent investigation of medical records reveals fifty-one cases of serious injury to children from 'boxing' or 'cuffing' on the ear—in some cases chronic and ultimately resulting in fatal brain disease, deafness, insanity, &c. It would be impossible to discipline all offenders, but much might be done by special care in giving notice of the law and penalty through the newspapers and circulars by Board of Health Inspectors, and by instructions to the police promptly to arrest parents or others seen cuffing children—as they may be seen all hours of the day in certain regions of every city.—Sanitary Era.

William Smith will assume the management of the Ferguson mill, at the depot, in a few days, and respectfully invites farmers to give him a trial, satisfied that they will continue with him their custom.—He is an old hand in the business, given entire satisfaction when engaged in it heretofore, and will do so again.

Jim Malloy recently sold to Roland Minton, of Louisville, Ky. his little runnig gelding, 'Robin,' for a handsome sum. Jim is a great lover of running horses, and says he would not give one for ten Normans. From the enormous prices they sometimes command, he is no doubt frequently correct in his estimate of their value.

Miss Hill, principal of the high school at this place, has resigned, and accepted a similar position in school at Goshen, with a large increase in salary. Miss Pym has been assigned to the position vacated by Miss Hill, and Mrs. J. F. Warren will assume charge of the school heretofore taught by Miss Pym.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at F. B. Meyer's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Group, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

The regular services at the Missionary Baptist Church will be hereafter as follows: Covenant meeting on the second Saturday of each month, at 1 p. m. Preaching on Sunday following, at 11 a. m. and 7 p. m., and the same on Sunday after the fourth Saturday in each month. Sunday school every Sunday at 12 o'clock. Prayer meeting every Friday evening. A cordial welcome to all at every service. U. M. McGUIRE, Pastor.

Wonderful Cures.

W. D. Hoyt & Co., Wholesale and Retail Druggists of Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters, and Bucklen's Arnica Salve for four years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery taken in connection with Electric Bitters. We guarantee them always. Sold by F. B. Meyer. 11-21 1

DENTISTRY!—All those wishing their teeth put in order would do well to see Dr. Horton. He guarantees his work first class in every respect. Those having misfitting plates are especially invited to call, as, by the use of the lately invented cohesion forms, any one can secure a perfect fitting plate. J. W. HORTON.

Personal.

Mr. N. H. Frohlichstein, of Mobile Ala., writes: I take great pleasure in recommending Dr. King's New Discovery for Consumption, having used it for a severe attack of Bronchitis and Catarrh. It gave me instant relief and entirely cured me and I have not been afflicted since. I also beg to state that I had tried other remedies with no good result. Have also used Electric Bitters and Dr. King New Life Pills, both of which I can recommend.

Dr. King's New Discovery for Consumption, Coughs and Colds, is sold on a positive guarantee.

Trial Bottles free at F. B. Meyer's Drug Store. 11-21 1.

Thursday, from all accounts, was generally observed as a day of Thanksgiving throughout our land. It was observed, too, as day for the reunion of many families, and much rejoicing over the "return of wanderers home."

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind. testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at F. B. Meyer's Drug Store.

A landslide in Franklin county, Missouri, revealed a solid vein of lead eight feet high and about six feet wide. Three men took out 60,000 pounds in a few days, and the product sold for \$44 a ton to the smelting company.

Give Them A Chance!

That is to say your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you you may depend upon this for certain

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Atty., Clay Co., Tex., says: "Have used Electric Bitters with most happy results. My brother was also very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying:— "I positively believe he would have died, had it not been for Electric Bitters."

This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled.—Price 50c. and \$1. at F. B. Meyer's. 6

D. LANCELL'S ASTHMA AND CATARRH REMEDY.

SOLD BY ALL DRUGGISTS.

Having struggled 30 years between life and death with ASTHMA or BRONCHITIS, treated by eminent physicians, and receiving no benefit, I was compelled during the last 5 years of my illness to sit on my chair day and night gasping for breath. My sufferings were beyond description. In despair I experimented on myself by compounding roots and herbs and inhaling the medicine thus obtained. I fortunately discovered this WONDERFUL CURE FOR ASTHMA AND CATARRH, warranted to relieve the most stubborn case of ASTHMA IN FIVE MINUTES so that the patient can lie down to rest and sleep comfortably. Please read the following condensed extracts from unsolicited testimonials. All of recent date:

Oliver V. R. Holmes, San Jose, Cal., writes: "I find the Remedy all and even more than represented. I receive instantaneous relief."
E. M. Carson, A. M., Warren, Kan., writes: "Was treated by eminent physicians of this country and Germany; tried the climate of different states—nothing afforded relief like your preparation."

L. B. Phelps, P. M., Griggs, Ohio writes: "Suffered with Asthma 40 years. Your medicine in 3 minutes does more for me than the most eminent physician did for me in three years."
H. C. Plimpton, Joliet, Ill., writes: "Send Catarrh Remedy at once. Cannot get along without it. I find it to be the most valuable medicine I have ever used."

We have many other hearty testimonials of cure or relief, and in order that all sufferers from Asthma, Catarrh, Hay Fever, and kindred diseases may have an opportunity of testing the value of the Remedy, we will send, on any address, TRIAL PACKAGES FREE OF CHARGE.

If your druggist fails to keep it, do not permit him to sell you some worthless imitation by his representing it to be just as good, but send directly to us. Write your name and address plainly.
