

In Brief, and to the Point.
Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.
The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.
Greasy food, too h food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.
But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.
Remember: No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

"Wine is a mocker," said a temperance advocate, gulping down a pint of coffee. "Coffee is a mocker, too," replied a man across the table, and called for a bottle of beer. —Washington Critic.

Don't Experiment.
You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first, only a cold. Do not permit any dealer impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottle free at F. B. Meyer's Drug Store. Large Bottles \$1.

The Cactus.
The prickly pear, despised by foreigners, is, like adversity, not without its uses. Indeed, I do not know what Mexico would do without it in some instances. In the long, dry seasons, when water is scarce, countless herds of sheep and goats are kept alive by splitting the leaves and allowing the animals to suck the natural moisture contained inside. The chief diet of Mexican donkeys is not tin cans and thistles, as elsewhere, but toasted cactus, which their owners prepare by holding the branches on a stick (it is too prickly to handle otherwise), over a fire till the thorns are burned off. Besides, each variety of cactus bears its fruit—pale green, scarlet, purple or black—all more or less palatable, and good for man and beast. —Cor. Indianapolis Journal.

We take pleasure in calling the attention of our readers to the following extract from a letter to the Eldredge Manufacturing Co., Chicago, written by an English dealer in Sewing Machines:

Gents: I have telegraphed you this day to send on as quick as possible 50 No. 2 tables and covers. I find I shall be out of these much sooner than the other styles. The stands and heads you can send at earliest convenience.

I am very much pleased to say that these last hundred machines are highly satisfactory. For finish, smoothness and easy running, I really believe they are unequalled by any other Sewing Machine selling in this country.

The machines require less preparation for delivery than any other machines I have handled during the whole course of my experience extending over 20 years.

Yours Truly,
THOS. RHODES.

Mrs. J. W. McEwen is agent for these machines in this county. — Call and see them before purchasing elsewhere.

A Woman's Discovery.
"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co., of Shelby, N. C. — Get a free bottle at F. B. Meyer's Drug Store.

The Tables Turned.
Wendell Phillips had one eminent quality as an orator—he was never flustered. During the delivery of his first public speech at Faneuil Hall, in 1837, there was one moment when the whole audience, friends and foes, turned against him, and there was a universal roar of dissent.
It was when he said that the cause for which Washington fought was far beneath that for which Mr. Lovejoy, the abolitionist, died. The young orator was by no means disconcerted. No opposition ever disconcerted him. He waited for a lull in the storm, and then resumed his address thus:
"One word, gentlemen. As much as thought is better than money, so much better is the cause for which Lovejoy died nobler than a mere question of taxes. James Otis thundered in this hall when the King did but touch his pocket. Imagine, if you can his indignant eloquence had England offered to put a gag upon his lips."
This happy turn brought the assembly over to his side again, and the hall resounded with applause. There was no more opposition, and he concluded his speech in triumph. —Youth's Companion.
