

### In Brief, and to the Point.

Dyspepsia is dreadful. Disorder of liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, too hot food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember: No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

**SOFT COAL SMOKE.**—Women who live near railroad tracks, or in the vicinity of factories which burn soft coal, may make clean clothes look as clean as if grass-bleached by pouring boiling water over them after they are washed, and letting them soak all night, scalding and rinsing them the next morning. The yellow tint is almost entirely removed by this process.

### Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first, only a cold. Do not permit any dealer impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottle free at F. B. Meyer's Drug Store. Large Bottles \$1.

Gen. Tom Brown, Republican member of Congress from the Fifth District this State, strongly favors a revision of the present tariff laws, "because there are many injustices in them, and we have grown beyond the condition of affairs of twenty-five years ago, when the present laws were enacted."

### A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Attorney, Clay Co., Tex., says: "Have used Electric Bitters with most happy results. My brother was also very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "I positively believe he would have died, had it not been for Electric Bitters."

This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c. and \$1. at F. B. Meyer's. 6

### Free Liquor.

"I'm out getting opinions on liquor selling," said a sharp reporter to a saloonist. "Are you in favor of free liquors?"

"Well, I should smile," answered the barkeeper. "I think this country is the home of liberty, and I believe every man should have a right to drink what he pleases, and where he pleases, absolutely free, and all legislation to the contrary is sumptuary and therefore unconstitutional."

"You want to be so recorded?" "You bet your sweet life."

"All right; now I'll take a glass of champagne; that kind you sell at 25 cents."

It was set out for him, and he poured it down and poured another in on top of it and started off.

"Hold on," said the bartender, "you owe me half a dollar."

"No, I don't; didn't you just say you believed in free liquor, and that anything to the contrary is sumptuary and unconstitutional? If there's anything I do like to see it is a man who lives up to his principles," and he walked out, wiping his mouth on his coat sleeve, and leaving the saloon man to study up the law points of the case.

A critical inspection should be given to my stock of clothing. Don't keep me in suspense, but come at once. R. FENDIG.

We take pleasure in calling the attention of our readers to the following extract from a letter to the Eldredge Manufacturing Co., Chicago, written by an English dealer in Sewing Machines:

Gents: I have telegraphed you this day to send on as quick, as possible 50 No. 2 tables and covers. I find I shall be out of these much sooner than the other styles. The stands and heads you can send at earliest convenience.

I am very much pleased to say that these last hundred machines are highly satisfactory. For finish, smoothness and easy running, I really believe they are unequalled by any other Sewing Machine selling in this country.

The machines require less preparation for delivery than any other machines I have handled during the whole course of my experience extending over 20 years.

Yours Truly,

THOS. RHODES.

Mrs. J. W. McEwen is agent for these machines in this county. Call and see them before purchasing elsewhere.

### A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus wrote W. C. Hamrick & Co., of Shelby, N. C.—Get a free bottle at F. B. Meyer's Drug Store.

Open for inspection—Our large stock of clothing from the eastern cities. RALPH FENDIG.

### When Spring Comes

This is the way a horse and a poor blanket look at the end of winter.

Why is it that of two horse blankets which look and feel equally well one won't wear at all, and the other wears well?

This 5/4 Trade Mark shows why.

Horse Blankets which are strong and have a reputation are always imitated in poor qualities which look like them, but having fewer warp threads are not as strong.

Some dealers buy these poor imitations for a few cents less and by saying they are "just as good," sell them at the same price as the strong blankets to parties who do not know the difference.

You cannot tell whether horse blankets are strong by the look or feel, as the warp threads do not show on the face. How then are you to know?

In order that you can tell a strong blanket from a weak one, the manufacturer of 5/4 Horse Blankets sews the above 5/4 Trade Mark inside of each blanket. This is a guarantee that it is the strongest blanket made for the money and will wear well.

Many poor imitations have been sold as 5/4 blankets. Remember none are genuine unless the 5/4 Trade Mark is sewed inside.
