The Democratic State Treasury of Texas has a surplus of \$3,000,000. An extra session of the Legislature has been called to reduce taxation.

The Republican State Treasury of Ohio is bankrupt. 'Gin'ral Foraker is financier. Pile on the taxes!

The Democratic Central Committee will meet on same day for the transaction of important business.

LEE E. GLAZEBOOK,

Chairman.

V. E. LOUGHRIDGE, Sec'y.

Cleveland's annual message:

"The simple and plain duty which we owe the people is to reduce taxation to the necessary expenses of an economical operation of the government, and to restore to the business of the country the money which we hold in the treasury through the perversion of governmental powers."

Opinion of the United States Supreme Court: "To lay with one hand the power of the Government on the property of the citizens, and with the other to bestow it upon favored individuals to aid private fortunes, is none the less a robbery because it is done under the forms of law and is called taxation. * * * Beyond a cavi, there can be no lawful tax, which is not laid for public purposes."

The Indianapolis News says that "the special feature of the George H. Thomas camp-fire last (Tuesday) night" was the reading of a paper by one Gen. Coburn devoted "to reviving recollections of Indianapolis during the war, more particularly the famous Democratic gatherings headed by Hendricks, Voorhees and McDonald, which culminated in an attempt at the State House to kill Hendricks by some of the enraged soldiery," etc.

The News can bet its 'gallus' life that if the reading of Coburn's wonderful paper caused Democratic comrades to "look at each other askance," then he was engaged in gross perversions of history, as, during the war, he and his party were unrelenting in their misrepresentations of Democratic men and measures, and persistent in their attempts, by outrageous falsehood and calumny, to incite violence against men who dared to differ with them; men who, while obstinately opposed to secession and treason south, were equally opposed to the designs of radical leaders north to secure partisan advantages and party perpetuity at the expense of the patriotism, courage, endurance and sacrifices of the gallant soldiers at the front.

According to the News, General Coburn was in command of the Union forces at Jeffersonville and New Albany, Ind., and it is not to be wondered at that he selected the theme he read on the occasion referred to.

The Philadelphia Record says: "The great curse of the tariff system of this country is that it cuts off American manufacturers from the equal advantages which they should enjoy in the field of raw materials. While the manufacturers of England, Germany and France have their pick and choice of the best raw materials of production that the world can supply, the manufacturers and workmen of the United States are compelled to take what is left and pay high tax upon it. Under such conditions successful competition of American industries with European rivalry is out of the question,

either in the home or foreign market."

Accessories to the Eldredge Sewing Machine can be procured of Mrs. Jas. W. McEwen.

The Cincinnati Enquirer: "The heart of the Republican managers is very sore over the prospect in Indiana."

One of the most marked peculiarities of the present tariff is that it taxes the poor man more than the rich. It levies an average tax on woolen goods of 70 per cent, and on silks of 49 per cent, while the cheaper woollens are taxed at twice the rate of the finest silks. Compare the taxes of 90 per cent on window glass, 54 per cent on ready-made clothing, 52 per cent on stockings, 54 per cent on felt hats, 58 per cent on crockery, and 48 per cent on tinware—compare these rates with the 20 per cent on watches, 30 per cent on linen laces, 20 per cent on furs, 25 per cent on jewelry, 50 per cent on champagne, and 10 per cent on precious stones.

A dispatch from Bloomington, dated April 9th, concerning the pitiable condition of cattle that have been subjected to the dehorning process, says:

"Thousands of cattle have been dehorned in this section since the outbreak of the craze a few months ago, and with but few exceptions the animals rapidly recovered from the operation. Yesterday, however, news came that several droves of recently dehorned cattle on farms west of Bloomington are in a most pitiable and serious condition. Their horns were removed March 1. The wounds have not healed, and mortification is reported to have set in in the flesh of the head. Something like 10,000 animals are reported to be thus affected."

Kentland Gazette: James Sapp and John Banes, the two young men of Goodland, who were arrested for passing counterfeit \$5 silver certificates have each furnished bail and are now at their home in Goodland. We are informed that they will easily prove their innocence as they can produce evidence showing that they received the money through a legitimate business transaction and were entirely ignorant of it being bad money. The amount of this money placed in circulation has been greatly exaggerated. Their friends of this county will be greatly pleased to hear of their innocence being proved as both are young men who have always been highly respected.

The Supreme Court decided a "school supply" case from Fountain county last week, holding that although the Trustee ordered the goods, and the seller sold in good faith, the township not needing the goods, the sale was void and the plaintiff could not recover. This is a good decision, and one that should be kept in mind by taxpayers. Inexperienced trustees are often the victims of unscrupulous agents who sell them school supplies at two prices, which perhaps are not needed at all.

Some years ago an Oregon school-ma'am was keeping company with a youth, who one day gave her some dead lands in California. Both considered them worthless; but a woman hates to part with anything, so she laid the deeds away. Last week she received an offer of half a million for the land, valuable mineral deposits having been discovered.

At Logansport, Ind., Tuesday, Louis and Andrew Ray, grocers, were arrested on the charge of black-mail, filed by R. B. Mathews, to whom they sent bills inclosed in envelopes marked "Dead-beat Claims Collected."

The Rensselaer High School will give a Shakespearean entertainment, similar to the Dickens and Scott given in the past, at the Opera House, Friday evening, April 27, 1888. Proceeds to be applied to the Dickens library.

Remember the new Grocery and give them a trial. Two doors east of post-office. J. W. Duvall, proprietor.

Give Them A Chance!

That is to say your lungs. Also at your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup which any drugist will sell you at 75 cents a bottle. Even if everything else has failed you you may depend upon this for certain

Personal.

Mr. N. H. Frohlichstein, of Mobile Ala., writes: I take great pleasure in recommending Dr. King's New Discovery for Consumption, having used it for a severe attack of Bronchitis and Catarrh. It gave me instant relief and entirely cured me and I have not been afflicted since. I also beg to state that I had tried other remedies with no good result. Have also used Electric Bitters and Dr. King's New Life Pills, both of which I can recommend.

Dr. King's New Discovery for Consumption, Coughs and Colds, is sold on a positive guarantee.

D. LANCELL'S ASTHMA AND CATARRH REMEDY.

SOLD BY ALL DRUGGISTS.

Having struggled 20 years between life and death with ASTHMA or PHTHISIS, treated by eminent physicians, and receiving no benefit, I was compelled during the last 5 years of my illness to sit on my chair day and night gasping for breath. My sufferings were beyond description. In despair I experimented on myself by compounding roots and herbs and inhaling the medicine thus obtained. I fortunately discovered this WONDERFUL CURE FOR ASTHMA AND CATARRH, warranted to relieve the most stubborn case of ASTHMA IN FIVE MINUTES so that the patient can lie down to rest and sleep comfortably. Please read the following condensed extracts from unsolicited testimonials, all of recent date:

Oliver V. B. Holmes, San Jose, Cal., writes: "I find the Remedy all and even more than represented. I receive instantaneous relief."
E. M. Carson, A. M., Warren, Kan., writes: "Was treated by eminent physicians of this country and Germany; tried the climate of different states; nothing afforded relief like your preparation."
L. B. Phelps, P. M., Griggs, Ohio writes: "Suffered with Asthma 40 years. Your medicine in 3 minutes does more for me than the most eminent physician did for me in three years."
H. C. Plimpton, Joliet, Ill., writes: "Send Catarrh Remedy at once. Cannot get along without it. I find it to be the most valuable medicine I have ever tried."
We have many other hearty testimonials of cure or relief, and in order that all sufferers from Asthma, Catarrh, Hay Fever, and kindred diseases may have an opportunity of testing the value of the Remedy, we will send a copy address TRIAL PACKAGE FREE OF CHARGE. If your druggist fails to keep it do not permit him to sell you some worthless imitation by his representing it to be just as good, but send directly to us. Write your name and address plainly.
