

MONEY TO BE MADE.

It is said that dull times are not known by the agents for the great publishing house of George Stinson & Co., of Portland, Maine.—The reason of this exceptional success is found in the fact that they always give the public that which is keenly appreciated and at prices that all can afford. At present we understand, their agents are doing wonderfully well on several new lines. They need many more agents in all parts of the country. Those who need profitable work should apply at once. Women do as well as men. Experience is not necessary, for Messrs. Stinson & Co. undertake to show all who are willing to work, not hard but earnestly, the path to large success. It should be remembered that an agent can do a handsome business without being away from home over night. Another advantage—it costs nothing to give the business a trial, and an agent can devote all his time, or only his spare moments to it. Stinson & Co. guarantee, and success to all who engage and follow simple and plain directions that they give. We have not space to explain all here, but full particulars will be sent free to those who address the firm; their full address is given above.

In Brief, and to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember: No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

Beatty's Organs and Pianos

HON. DANIEL F. BEATTY, the great Organ and Piano manufacturer, is building and shipping more Organs and Pianos than ever. In 1870 Mr. Beatty left home a penniless plow-boy, and by his indomitable will he has worked his way up so as to sell so far, nearly 100,000 of Beatty's Organs and Pianos since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. We are informed that during the next ten years he intends to sell 200,000 more of his make, that means a business of \$20,000,000 if we average them at \$100 each. It is already the largest business of the kind in existence. Send to Daniel F. Beatty, Washington, New Jersey, for Catalogue.

He Was a Brave Soldier.

"You were in the late war, were you not, Doctor?" was the question put to a quack physician.

"Oh, yes!" he replied, straightening himself up, "and I was accounted a very brave soldier, if I do say it myself."

"Yes," the questioner went on, "your experience in your profession, I imagine, would necessarily make you indifferent to personal danger."

"Why so?" asked the quack.

"Because you are so accustomed to facing death."—Philadelphia Call.

Paine's Celery Compound

For The NERVOUS
The DEBILITATED
The AGED.

IN T NUTSHELL—The new tariff bill needs only to be plainly understood to meet with universal acceptance by those whom revenue measures should affect—namely, the poor. It is the citizen whose one hard-earned dollar means fire, light, bread, that legislation must primarily protect. The man with a million dollars can protect himself.

First, we need in order that wages should be higher and goods cheaper, cheaper wool, chemicals, fibres like jute, hemp, flax and lumber. We want cheap food and clothing, homes at fair rent and especially cheapness in iron, clay and glass.

The proposed tariff bill contemplates this; not as thoroughly as we could wish, but still with measurable improvement upon any tariff bill we have known.

Moreover, in abolishing war taxation we lose the war.—New York Herald.

SEA WONDERS exist in thousands of forms, but are passed by the marvels of invention. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottle free at F. B. Meyer's Drug store. We take pleasure in calling the attention of our readers to the following extract from a letter to the Eldredge Manufacturing Co., Chicago, written by an English dealer in Sewing Machines:

Gents: I have telegraphed you this day to send on as quickly as possible 50 No. 2 tables and covers. I find I shall be out of these much sooner than the other styles. The stands and heads you can send at earliest convenience.

I am very much pleased to say that these last hundred machines are highly satisfactory. For finish, smoothness and easy running, I really believe they are unequalled by any other Sewing Machine selling in this country.

The machines require less preparation for delivery than any other machines I have handled during the whole course of my experience extending over 20 years.

Yours Truly,
THOS. RHODES.
