

MUNICIPAL ELECTIONS.

THE CONTENDING PARTIES MEET AT THE POLLS—THE RESULTS.

Kansas Women Succeed in Electing Their Ticket at Cottonwood Falls—The Democrats of Chicago Victorious—The Results at Various Points.

ILLINOIS.
CHICAGO, April 3.—The election in this city passed off quietly, though a very large vote was polled, reaching nearly 100,000. It was a complete victory for the Democrats. DeWitt C. Cregier (Dem.) was elected over Roche (Rep.) for Mayor by nearly 12,000. The other Democratic candidates for city offices were elected by lesser majorities. The new Council will be composed of twenty-four Republicans, twenty-two Democrats, and two independents.

SPRINGFIELD, April 3.—Charles E. Hay (Dem.) was re-elected Mayor of this city over K. W. Lawrence (Rep.) by about 250 majority. The remainder of the Democratic ticket, except one Alderman, was also elected by majorities ranging from 150 to 600.

QUINCY, April 3.—The municipal election passed off quietly. Bishop (Rep.) was elected over Parkhurst (Dem.) by 503 majority.

MICHIGAN.
DETROIT, April 3.—The election in this State was for a Justice of the Supreme Court and two Regents of the State University. Two constitutional amendments were also submitted, one increasing the salary of the Governor from \$1,000 to \$4,000, and the other enabling corporations to continue their existence without reorganizing at the end of thirty years, as is now required. C. B. Grant (Rep.) was elected Supreme Justice by a good majority. The balance of the Republican ticket was elected. Both amendments carried. In this city women voted for the first time and elected one of their candidates, Mrs. Parsons, for school inspector. The vote polled was light.

SAGINAW CITY, April 3.—The entire Democratic ticket was elected in both Saginaws, but by decreased majorities.

CINCINNATI, April 3.—The interest in the election here was occasioned by the reform movement led by Daniel Stone to strictly enforce the law regarding the sale of beer on Sunday. The contest resulted in the election of a mixed ticket, four Republicans and four Democrats. Mosby, Republican, for Mayor, has a plurality of about 500.

CLEVELAND, April 3.—With the exception of Police Judge and Public Prosecutor, the entire Republican city ticket was elected by small pluralities.

COLUMBUS, April 3.—The municipal election brought out a very light vote. There was a great deal of dissatisfaction on both sides. Bruck, Democrat, was elected by about 1,200, and the balance of the Democratic ticket by smaller majorities. The Council will be Republican.

LEAVENWORTH, April 3.—The contest here for the Mayorship lay between D. R. Anthony, Republican, and L. M. Hacker, Democrat. Women of all classes and grades of society worked against Anthony. Susan B. Anthony, sister of the Republican candidate, worked heroically for him, and by her assistance and other means he captured the entire colored vote. Nearly four thousand women voted during the day. A stylishly dressed lady endeavored to vote a colored woman at the Fourth Ward. She was at once surrounded by colored ward workers and so badly frightened that she fainted. Hacker was elected by from 2,000 to 5,000 majority.

WICHITA, April 3.—At the municipal election about eight hundred women voted, the number being composed mostly of the temperance women and the sporting class. Two women were on tickets for the School Board, both being defeated by a large vote. George E. Harris, a wholesale liquor dealer, was elected Mayor. Two wards elected liquor men to the Council.

COTTONWOOD FALLS, April 3.—A ticket composed entirely of ladies was placed in the field by the "bum" element of this town as an insult to those who were leaders in all good works. The better class of citizens at once voted for them, and the result was that Mrs. F. M. Smith was elected Mayor, and a full Board of Aldermen, composed of the most prominent ladies in the city, will aid her in administering the affairs of the town.

MISSOURI.
ST. LOUIS, April 3.—The weather was perfect and a heavy vote was polled. Noonan, Democrat, was elected Mayor by probably 2,000 plurality.

KANSAS CITY, April 3.—The hottest city campaign ever known here closed with the election of the entire Republican city ticket, outside of Aldermen, with the exception of Treasurer, the Democratic candidate being elected by a large majority. The Council is Republican.

OTHER STATES.
LITTLE ROCK, Ark., April 3.—The returns from the judicial election in this State indicate the election of the Democratic nominees. The vote was very small. In the Little Rock city election the whole Republican ticket was elected except the Mayor.

LINCOLN, Neb., April 3.—The entire Republican city ticket was elected and two-thirds of the Councilmen.

PLATSMOUTH, Neb., April 3.—The city election resulted in a clean sweep for the Democrats.

DENVER, Col., April 3.—The entire Republican ticket with Wolfe Londoner at its head for Mayor was elected in this city.

DUBUQUE, Iowa, April 3.—Stewart, Democrat, was elected Mayor by 359 majority over Hayden, Republican. The entire Democratic ticket was elected.

FLORIDA SOLONS.

The Speaker of the House Urges a Change in the Mode of National Election.

The Florida legislature met in regular session at Tallahassee. Gen. J. B. Wall of Tampa was chosen president of the senate and Dr. J. J. Gaskins of Starke speaker of the house. In taking his seat the latter made a brief speech, in which he said: "I cannot believe it was ever the intention of Jefferson that any man receiving a majority of the votes of the whole people should not take the position of President of the United States. Yet the startling fact confronts us that Cleveland received 93,000 more votes than his opponent and still is not President. It is the duty of the Florida Legislature to inquire into and correct this defect in the national organism in so far as it can." The sentiment was greeted by wild applause, and it is regarded in Tallahassee as the first State gun fired in behalf of the popular election of President.

BAD WRECK IN MONTANA.

Three People Killed and Three Injured in a Helena Train Collision.

A collision occurred on the Northern Pacific, near Helena, Montana, by which three people were killed and three wounded. The east-bound passenger train leaving Helena ran into a double-header freight train standing on the side track, wrecking three engines and piling them in a promiscuous mass on the track. Of the three killed only one has been identified, Charlie Green, a fireman, whose home is in Baltimore. The injured are Harry Conger, A. L. North, mail agent, and Joseph Jackson. None of the injuries are serious.

A Keen-Tested Official.

Guard (New York Elevated Railroad)—The doctor says I'm getting dyspepsia.

Superintendent (kindly)—I am sorry to hear that. What causes it?

"Why, sir, under the rules, I've got to take my meals while on duty on the train, and the doctor says eatin' so fast will kill me."

"I see. You have to swallow your meals at the rate of twenty miles an hour. Well, I'll order the engineers to reduce the speed to nineteen miles an hour at meal time."—*New York Weekly.*

In Town and Hamlet

The seeds of intermittent and bilious remittent fever germinate and bear evil fruit. No community has altogether escaped it. In populous wards of large cities had sewerage causes it, and in their suburbs stagnant pools in sunken lots breed it. There is at once a remedy and a means of prevention. Its name is Hostetter's Stomach Bitters, which is, without peradventure, the most potent antidote in existence to the malarial virus. Fortified with this incomparable, saving specific, miasmatic influences may be encountered with absolute impunity. Disorders of the stomach, liver and bowels, begotten by misadventured water, or any other cause, succumb to the beneficent corrective named, and rheumatic, kidney and bladder troubles are surely removable by its use when it is given a persistent trial.

Is Your Dander Up?

The word "dander" is a corruption of danger, and has generally been considered an Americanism, but in Halliwell's Archaic Dictionary he gives the words dander (anger) and dandy (distracted), the former common to several English counties and the latter peculiar to Somersetshire. A dandy is generally used to mean a coxcomb, a fop, and is the French word dandin (a conceited fellow).

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years Doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucus surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

'Way Beyond It.

"My friends and fellow-citizens," began the impassioned orator, "the gentlemen whom we are about to nominate is a man 'way beyond suspicion.' " "Sure that's what he is!" shouted an opposing voter. "What we've got agin him is all facts."—*Harpers.*

A TRAVELING MAN

Creates Great Excitement in the Empire House.

INDEPENDENCE, Iowa, Oct. 14, 1898. Rheumatic Syrup Co., Dear Sirs: I have been here to-night and registered as agent for Hibbard's Rheumatic Syrup, and as he did so it awakened in me an interest never before realized in a guest at my house. You will not wonder at it when I tell you the story. For years I have been greatly afflicted with inflammatory rheumatism, the pain and soreness of the joints at times being almost unbearable; could move about only with the use of crutches. In addition to this, my stomach became badly diseased, and neuralgia set in, which threatened to end my days. A traveling man stopping with me gave quite a history of your Syrup, and the peculiarities of its combination, which induced me to try it. I have taken six bottles, and no act in my life affords me greater satisfaction than in writing you that I am a well man.

It will be a pleasure for me to answer any communications, for I believe it to be the best remedy ever formulated.

A. J. BOWLEY, Proprietor
Empire House, Independence, Iowa.

AMONG the names of the mistresses of the White House have been three Marthas, two Marys, two Abigail, one Eliza, one Elizabeth one Margaret, one Sarah, one Jane, one Harriet, one Dorothy, two Julias, one Letitia, one Emily, one Angelica, one Louisa, one Lucy, one Frances, and now there is a Caroline.

MOTHERS who have delicate children can see them daily improve and gain in flesh and strength by giving them that perfect food and medicine, Scott's Emulsion of Cod Liver Oil, with Hypophosphites. Dr. W. A. Hulbert, of Salisbury, Ill., says: "I have used Scott's Emulsion in cases of Scrofula and Debility. Results most gratifying. My little patients take it with pleasure." Sold by all Druggists.

THERE is a melancholy coincidence in the fact that this is the age of scientific cookery and the age of dyspepsia.

Spring Medicine

Is a necessity with nearly everybody. The run down, tired condition at this season is due to impurities in the blood which have accumulated during the winter, and which must be expelled if you wish to feel well. Hood's Sarsaparilla thoroughly purifies and vitalizes the blood, creates a good appetite, cures biliousness and headache, gives healthy action to the kidneys and liver, and imparts to the whole body health and strength.

THE SICK FRIEND.

The robust, hale, hearty gentlemen in this picture has just received a call from his friend, who is suffering all the torments of the damned. He is a victim of that commonest of American maladies—bilious dyspepsia, or torpid liver, associated with indigestion. He feels despondent and gloomy, languid and lifeless; has a bad taste in his mouth; his tongue is coated, appetite poor; he is drowsy after meals; his sleep is disturbed by bad dreams or by horrible nightmare, and so is not refreshing, and he has a constant, indescribable feeling of dread or of impending calamity. His friend, upon whom he has called, is telling the sick man that only a few months ago he was in just that same distressed state of body and mind himself, but that he had the good fortune to learn of an unfailing remedy for all such disorders, which he found in that world-famed medicine known as Dr. Pierce's Golden Medical Discovery. It is the only medicine of its class, guaranteed to benefit or cure in all diseases for which it is recommended, or money refunded.

REMARKABLE CASE. For two years I had rheumatism so bad that it disabled me for work and compelled me to my bed for a whole year, during which time I could not even raise my hands to my head, and for 3 months could not move myself in bed, was reduced in flesh from 192 to 86 lbs. Was treated by best physicians, only to grow worse. Finally I took Swift's Specific, and soon began to improve. After a while was at my work, and for the past five months have been as well as I ever was—all from the effects of Swift's Specific.

SCROFULA.

Of all the ills that human flesh is heir to, Scrofula is most prevalent. Very few, indeed, are entirely free from some taint of Scrofula. Young people of delicate constitution are often afflicted by this disease, which manifests itself in various forms. The glands of the neck, groin, abdomen, etc., become enlarged, either persistently or with slight impairment of health.

Swellings in the Neck

frequently become so engorged with scrofulous matter that abscesses are formed. Painful running sores may also appear on the arms, legs, and feet; sometimes continuous and sometimes of an intermittent character. Occasionally the sores appear in the ears and nose, and on or about the eyes, causing deafness and blindness. Pimples, cancerous growths, swollen joints, etc., are other symptoms of the disease. It must be treated through the blood if a permanent cure is to be obtained.

What is more beautiful than a rich, soft complexion in man or woman? This can be obtained only by the eradication of all scrofulous taints from the blood by the persistent use of
