### PLEASE TAKE NOTICE.

#### And be Governed Accordingly.

Although not connected with the Rensselaer Business Men's Association, I think it but just and right that everybody should pay their honest debts. I therefore earnestly and respectfully beg of my many debtors to call and settle with me, by note or otherwise, else, while I have no desire to expose anybody, I am determined to have a settlement within 30 days from date. No blame can reasonably be attached to me, if, after June 1st, you find all such delinquent accounts and notes in the hands of some prominent attorney in this town for collection.

Respectfully, Yours,  
 With friendly feelings toward all, and malice toward none.

A. LEOPOLD.

#### Memorial Day Notice.

Memorial day will be observed in Rensselaer as usual. The Ladies of Rensselaer and vicinity are requested to participate by contributing flowers and assist in making bouquets to be placed on soldiers' graves. We trust everybody will take a personal interest in these matters.

By order of  
 Committee of W. R. C.

The newly elected Trustees entered upon their duties last Monday night.

The Marshal was directed to see that the alley through the middle of block 13 be opened up within 30 days.

Some returned Boomers who failed to get homes in the Oklahoma territory are said to be anxious that Col. Ingersoll shall go out to Guthrie and modify his views as to the non-existence of Had's.

This is no reference to the 'New Oklahoma'—Leopold's Addition to Rensselaer—as its boomers stick with leech-like tenacity to the claims they have secured.

## The Indiana State Sentinel

The Best Family Newspaper in America!

The Best State Paper in Indiana

"CREAM AND NOT SKIM MILK" IS OUR MOTTO.

The Indiana State Sentinel is walking rapidly to the lead as one of the best family newspapers in the country. It is so large and full of news that people wonder at the low price at which it is published. Its merits as a family paper will be told to you by every one of its numerous readers. They will tell you that every week they find notes and news from every county in the State and from every locality in the United States and the Old World. They will tell you that every week they find articles from people in every calling of life—how this farmer prospered, how that one failed; the cost and profit of crops last raised; the management of cattle and live stock of all kinds; the treatment of orchards, farms, fields, and a thousand and one other matters in which people are interested. The Farmer's Household is well and ably represented by his wife and daughters, who take you into their parlors and kitchens, gardens and dairies, and tell you each occupy their time for their own profit and the good of others. They contribute thousands of recipes for preparing food, curing meats, making all kinds of cakes, ornaments for the house and personal adornments, all having a tendency to increase and improve the comforts of home and fireside. Other features of The State Sentinel are its leading and fearless editorials; its home correspondence; its telegraphic markets; its humorous, commercial and financial departments—all combining to make it what is required for a No. 1 family journal. ## Improved Champion Mower.

THE CHAMPION is the only Mower on which the pitman never wears out, the knife heel never breaks, the gears never wear out nor break; the only Mower on which the gears run slowly and make no noise; the bar can be stood straight up and the knife will run freely even in that position; the only Mower on which all lost motion can be taken up on pitman, gearing and boxing; the only Mower on which the guards will outwear three sets of the cheap guards used on other mowers, and never break nor get out of line; the only Mower on which the slightest forward motion of the master wheel starts the knife; the only Mower on which the motion is transmitted directly from the master wheel to the knife pitman without any joints to wear loose and rattle, and where ALL THE POWER is applied to cutting the grass, none being wasted on loose joints or fast running gearing; the only Mower that has no frame work or pitman hanging down in front to run into obstructions or interfere with the cut grass; the only Mower that has no clutches to bother by slipping out of gear, and it can be put in gear at any point without backing.

THE IMPROVED CHAMPION has less than one-third the amount of gearing that other Mowers have, and the pitman and its connections are warranted not to break or wear out. This Mower is so novel and so superior to all others that an examination will convince any farmer that it is worth much more money than any other.
