PLEASE TAKE NOTICE

And be Governed Accordingly.

Although not connected with the
Rensselaer Business Men's Asso-
ciation, I think it but just and
right that everybody should pay
their honest debts. I therefore
earnestly and respectfully beg of
my many debtors to call and settle
with me, by note or otherwise, else,
while I have no desire to expose
anybody, I am determined to have
a settlement within 30 days from
date. No blame can reasonably be
attached to me, if, after June 1st,
you find all such delinquent ac-
counts and notes in the hands of
some prominent attorney in this
town for collection.

Respectfully, Yours,
With friendly feelings toward all,
and malice toward none.
A. LEOPOLD.

Some returned Boomers who
failed to get homes in the Oklaho-
ma territory are said to be anxious
that Col. Ingersoll shall go out to
Outline and modify his views as
to the non-existence of Had's.

This is no reference to the 'New
Oklahoma—Leopold's Addition to
Rensselaer—as its boomers stick
with leech-like tenacity to the
claims they have secured.

PISO'S CURE FOR CONSUMPTION

Piso's Cure for Con-
sumption is also the best
Cough Medicine.
If you have a Cough
without disease of the

you need. But if you ne-

The Indiana State Sentinel

The Best Family Newspaper in America!

The Best State Paper in Indiana

"CREAM AND NOT SKIM MILK" IS OUR MOTTO.

The Indiana State Sentinel is walking rapidly to the lead
as one of the best family newspapers in the country. It is so
large and full of news that people wonder at the low price at
which it is published. Its merits as a family paper will be
told to you by every one of its numerous readers. They will
tell you that every week they find notes and news from every
county in the State and from every locality in the United
States and the Old World. They will tell you that every
week they find articles from people in every calling of life—
how this farmer prospered, how that one failed; the cost and
profit of crops last raised; the management of cattle and live
stock of all kinds; the treatment of orchards, farms, fields
and a thousand and one other matters in which people are
interested. The Farmer's Household is well and ably repre-
sented by his wife and daughters, who take you into their
parlors and kitchens, gardens and dairies, and tell you each
occupy their time for their own profit and the good of others.
They contribute thousands of recipes for preparing food, cur-
ing meats, making all kinds of cakes, ornaments, for the house
and personal adornments, all having a tendency to increase
and improve the comforts of home and fireside. Other fea-
tures of The State Sentinel are its leading and fearless edi-
torials; its home correspondence; its telegraphic markets; its
humorous, commercial and financial departments—all com-
bining to make it what is required for a No. 1 family journal.

per month.

The Sunday Sentinel will be sent to any address for \$2.00

COEN & PAXTON.

THE CHAMPION BINDER.

The most successful and most durable of all harvesting machines.

Contains every device needed to make a machine perfect.

Made of the best material and in the best way.

Light draft and easy work for driver and horses.

Easiest raised and lowered of any harvester.

There is no weight on the horses' necks; no tearing of canvas or straps,
for there are springs to relieve the strain caused by shrinkage; no choking at
front of elevators, for there is a relief rake to prevent it. No other Binder has
this valuable device. Everything on the CHAMPION has been made as simple
and substantial as possible. No other Harvester has as good cutter bar and
guards, or as many and as good knives, or as strong and adaptable reel, or as sim-
ple a method of driving the Binder, nor as good plan for squaring the butts of
the bundles. The CHAMPION Binder is unlike any other, and is superior to
them all.

The CHAMPION will cut all kinds of small grain that grow no matter in what
condition; it is lighter draft than any other Harvester doing the same work; it is
easily managed by any farmer; it will cause less trouble and expense for repairs,
it will make less delay in harvest time, and it will do more work and be more
durable than any other Harvester and Binder that is made.
