Brother Marshall is visiting relatives and friends in Will county, Ill. Wouldn't be surprised if during his absence his "wealthy, but sinful" old gentleman, and the friends of the lazy Le refer to in his statement of the torn up condition of Remington, would call for an explanation and suffer disappointment at his absence. It is claimed that Bro Marshall must have been either grossly misinformed, or drew heavily upon his imagination.

### PLEASE TAKE NOTICE,

And be Governed Accordingly.

Although not connected with the Rensselaer Business Men's Association, I think it but just and right that everybody should pay their honest debts. I therefore earnestly and respectfully beg of my many debtors to call and settle with me, by note or otherwise, else, while I have no desire to expose anybody, I am determined to have a settlement within 30 days from date. No blame can reasonably be attached to me, if, after June 1st, you find all such delinquent accounts and notes in the hands of some prominent attorney in this town for collection.

Respectfully, Yours,  
With friendly feelings toward all, and malice toward none.

A. LEOPOLD.

Some returned Boomers who failed to get homes in the Oklahoma territory are said to be anxious that Col. Ingersoll shall go out to Guthrie and modify his views as to the non-existence of Hades.

This is no reference to the 'New Oklahoma—Leopold's Addition to Rensselaer—as its boomers stick with leech-like tenacity to the claims they have secured.

All persons having cattle to let in pasture for the season of 1889, will find it to their interest to address us at this place.

## The Indiana State Sentinel

The Best Family Newspaper in America!

The Best State Paper in Indiana

"CREAM AND NOT SKIM MILK" IS OUR MOTTO.

The Indiana State Sentinel is walking rapidly to the lead as one of the best family newspapers in the country. It is so large and full of news that people wonder at the low price at which it is published. Its merits as a family paper will be told to you by every one of its numerous readers. They will tell you that every week they find notes and news from every county in the State and from every locality in the United States and the Old World. They will tell you that every week they find articles from people in every calling of life—how this farmer prospered, how that one failed; the cost and profit of crops last raised; the management of cattle and live stock of all kinds; the treatment of orchards, farms, fields and a thousand and one other matters in which people are interested. The Farmer's Household is well and ably represented by his wife and daughters, who take you into their parlors and kitchens, gardens and dairies, and tell you each occupy their time for their own profit and the good of others. They contribute thousands of recipes for preparing food, curing meats, making all kinds of cakes, ornaments, for the house and personal adornments, all having a tendency to increase and improve the comforts of home and fireside. Other features of The State Sentinel are its leading and fearless editorials; its home correspondence; its telegraphic markets; its humorous, commercial and financial departments—all combining to make it what is required for a No. 1 family journal. The Daily Sentinel will be sent to any address for 50 cents per month.

The Sunday Sentinel will be sent to any address for \$2.00 per year.

## THE CHAMPION BINDER.

The most successful and most durable of all harvesting machines.

Contains every device needed to make a machine perfect.

Made of the best material and in the best way.

Light draft and easy work for driver and horses.

Easiest raised and lowered of any harvester.

There is no weight on the horses' necks; no tearing of canvas or straps, for there are springs to relieve the strain caused by shrinkage; no choking at front of elevators, for there is a relief rake to prevent it. No other Binder has this valuable device. Everything on the CHAMPION has been made as simple and substantial as possible. No other Harvester has as good cutter bar and guards, or as many and as good knives, or as strong and adaptable reel, or as simple a method of driving the Binder, nor as good plan for squaring the butts of the bundles. The CHAMPION Binder is unlike any other, and is superior to them all.

The CHAMPION will cut all kinds of small grain that grow no matter in what condition; it is lighter draft than any other Harvester doing the same work; it is easily managed by any farmer; it will cause less trouble and expense for repairs, it will make less delay in harvest time, and it will do more work and be more durable than any other Harvester and Binder that is made.
