The alarm of fire last Sunday morning proceeded from the residence of Burgess Dillon, in the northwest limits of the town. The fire started from a defective flue, but was gotten under control before the arrival of the fire department. The damage sustained was small.

The "truly loyal" republican council of Rensselaer last week passed an ordinance taxing transient stores at the rate of \$10 per week. The person at whom the ordinance is aimed is B. Forsythe, who went from here to that place some time since. \* \* \* The ordinance \* \* \* has only served to advertise Forsythe, who has rented his room for a year and expects to sell goods right along. The ordinance is simply foolishness put on paper. This is a free country, if it is walled in by a protective tariff. A man has a right to buy where he pleases and to sell to whom he pleases.—White County Democrat.

A barn on the farm of Andrew Bukowsky, 4 1/2 mile north of Remington, was discovered to be on fire last Sunday morning about 2 o'clock, by the family living on the farm of the name of Balser. Mr. B. had retired to the barn to sleep—had been occupying it as a sleeping apartment for some time. Upon the discovery that the barn was on fire members of the family made a rush for it, found the doors fastened on the inside and large stones piled against them on the outside, and that the horses, which were turned to pasture the evening before had been brought up and put in the stables, and a wagon standing out in the yard had been run into the barn and doors secured as above stated. All the farm implements belonging to the Balser family were in the barn. Two sons and a daughter of Mr. B. succeeded in forcing open the stable door and rescued two of the horses, though not undamaged. One horse perished in the flames. Mr. Balser could not be found at the time of the fire nor since, though diligent search has been made by Sheriff Blue and many citizens. There has been a rumor that Mr. Balser returned to the house Monday afternoon, but it is not credited. **X.**

Since the above was put in type Balser has been captured and lodged in jail at this place. He was found in a corn field, near his home, his throat badly cut. He denies any knowledge of the firing of the premises. Waved a hearing and was committed to October term circuit court in default of \$500.

The Lansing (Mich.) Republican is making a heroic effort to collect accounts from delinquent subscribers. The names and amounts are given and advertised from day to day for sale. The Kalamazoo Gazette is authority for the statement that "in Ohio recently a newspaper brought suit against forty three men who would not pay for their subscription, and obtained judgment in each claim. Of these twenty-eight made affidavit that they owned no more than the law allowed, thus preventing an attachment. Then un-

der the decision of the supreme court they were arrested for petit larceny and bound over in the sum of \$300 each. All but six gave bonds, while six went to jail. It is a peculiar condition of things that so many people believe they have a right to exercise their own pleasure as to paying or not paying for a newspaper. Even well-to-do and passably good people get the notion into their heads that it doesn't make any difference whether they pay once a year or once in six years, and some of them become wrathful if the publisher, after patiently waiting four or five years, finally resorts to the law to collect what ought to have been paid voluntarily long before.

Abraham Hare, Druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters."—Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood.
