church every evening next week,
beginning Tuesday, preparatory to
communion the following Sunday.
Rev. Mr. Rice, of Chenoa, Ill.,
will assist.

At Wright's old furniture stand,
you will now find a complete and
fresh stock of Drugs.

B. F. Fendig & Co.

Our old friend John W. Roberts,
of San Bernardino, California,
(some years ago a student in the
law office of Thompson & Bro., at
this place) is visiting friends in
this and Newton counties. John
is a Democrat without guile, de-
serves to prosper, and we are glad
to learn is doing well in his new
home.

Everything new, everything
clean and everything unadulterated
at the new pharmacy.

Mrs. Mary Parkison, of Bark-
ley township, visited friends in
Rensselaer the present week.

At an early day a "Ban Ban" en-
tertainment will be given by the
ladies of the Presbyterian church.

W. W. Kenten starts this eve-
ning for Terre Haute, where he
has a contract on hand to dehorn
a large number of cattle. From
there will proceed to Peru on the
same errand. He expects to de-
horn several thousand head this
trip.

Our sturdy old Democratic
friend, Uncle Tom Barker, of New-
ton county, is visiting in Rensselaer
this week. His age is 77 yrs.,
but his interest in all that is Dem-
ocratic burns with increased vigor
as age advances. May he live
long and prosper.

588 tickets were sold for the
races Thursday, and up to 2 o'-
clock, for to-day nearly 1100 were
sold.

We had the pleasure to day of
greeting our old time friends, Dr.
R. J. Clark, Dr. Cowger, Jas. H.
McCollum, David Roach and Geo
Crouch, of Monticello, and ex-
commissioner Cowger and S. Mil-
ler Ward, of Monon. They came
to take in the races.

At Franksville fair C. P. Wright
took nearly everything that was
to be taken in the speed ring. He
took first money in the 2 & 3 year
old trot with his colt, Frank Lam-
bert; first money with Dr. Alter's
horse, Ralston, in the green trot,
in the excellent time of 2:42; first
money in the free for all trot with
his horse, Drug; first money in the
running race with Josiah.

We were licensed \$2 per day.
Our goods were called "Jim Crow"
and "auction stuff" because we
sold cheap, but our goods gave
entire satisfaction, as our business
is double what it was, and now we
have the largest stock in town, and
our prices are lower than ever, as
goods are cheaper, and we will re-
main permanently and always give
you bargains in everything at the
lowest one price for cash.

THE NEW DISCOVERY.

You have heard your friends any-
neighbors talking about it. You may
know from personal experience just
how good a thing it is. If you have
ever had it you are one of its staunch
friends. Because the wonderful think
it is, that when once given
trial, Dr. King's New Discovery eve-
nigh finds a place in the house. If
you have never used it and should be
afflicted with a cough, cold or any
Throat, Lung or Chest trouble, se-
cure a bottle at once and give it a
fair trial. It is guaranteed every

Progress of Inventions Since 1845.

In the year 1845 the pres-
towners of the SCIENTIFIC AMERICAN
newspaper commenced its publication, and
soon after established a bureau for
procuring of patents for inventions
at home and in foreign countries.—
During the year 1845 there were only
502 patents issued from the U. S.
Patent Office, and the total issue from
the establishment of the Patent Office,
up to the end of that year, numbered
only 4,437.

Up to the first of July this year
there have been granted 406,413.—
Showing that since the commence-
ment of the publication of the SCIE-
NTIFIC AMERICAN, there have been is-
sued from the U. S. Patent Office 402,
166 patents, and about one-third more
applications have been made than
have been granted, showing the in-
genuity of our people to be phenom-
enal, and much greater than ever the
enormous number of patents issued
indicates. Probably good many of
our readers have had business trans-
acted through the offices of the SCIE-
NTIFIC AMERICAN, in New York or
Washington, and are familiar with
Munn & Co.'s mode of doing business,
but those who have not will be in-
terested in knowing something about
this, the oldest patent soliciting firm
in this country, probably in the
world.

Persons visiting the offices of the
SCIENTIFIC AMERICAN, 361 Broadway,
N. Y., for the first time will be sur-
prised on entering the main office,
to find such an extensive and elegant-
ly equipped establishment, with its
walnut counters, desks, and chairs to
correspond, and its enormous safes,
and such a large number of draughts
men, specification writers, and clerks,
all busy as bees, reminding one of a
large banking or insurance office,
with its hundred employees.

In conversation with one of the
firm, who had commenced the busi-
ness of soliciting patents in connec-
tion with the publication of the SCIE-
NTIFIC AMERICAN, more than forty
years ago, I learned that this firm
had made application for patents for
upward of one hundred thousand in-
ventors in the United States, and
several thousand in different foreign
countries, and had filed as many cases
in the Patent Office in a single month
as there were patents issued during
the entire first year of their
business career. This gentleman had
seen the Patent Office grow from a
sapling to a sturdy oak, and he modestly
hinted that many thought the SCIE-
NTIFIC AMERICAN, with its large
circulation, had performed no mean
share in stimulating inventions and
advancing the interests of the Patent
Office. But it is not alone the patent
soliciting that occupies the attention
of the one hundred persons employed
by Munn & Co., but a large number
are engaged on the four publications
issued weekly and monthly from their
office, 361 Broadway, N. Y., viz: The
SCIENTIFIC AMERICAN, the SCIE-
NTIFIC AMERICAN SUPPLEMENT, the Ex-
port Edition of the SCIENTIFIC AMER-
ICAN, and the Architect's and Builders
Edition of the SCIENTIFIC AMER-
ICAN.

The first two publications are issued
every week, and the latter two, the
first of every month.

The Indianapolis Sentinel Co. is
offering as a premium with the
Indiana State Sentinel, a magnifi-
cent engraving of Munkacy's
"Christ before Pilate," Ross Bon-
heur's "Horse Fair" and the "Li-
on at Home," by the same artist.
Subscribers can obtain any one of
these by paying a nominal sum to
cover the cost of putting up and
forwarding the picture. The en-
gravings are readily sold at \$1, but
it is proposed to ask an advance of
little more than one-tenth of that
amount over the regular subscrip-
tion price for the weekly Sentinel
and the picture. The Sentinel Co.
will send any one of the pictures
to new subscribers, or old sub-
scribers renewing their subscriptions,
and the weekly one for \$1.15. This
is only 15c to cover express
charges from New York, postage,
wrapper, clerical work and other
incidents. The picture is given
free. It is a remarkable offer.

A Mystery Solved.

For several years boatmen and
others along the Susquehanna river,
between the villages of Susquehanna
and Red Rock, have been interested,
not to say disturbed, by a creature in
the water at the latter point. The
strange animal has always made its
appearance at night, and an unearthly,
weird noise accompanied by heavy
splashing often wakened the people
from their slumbers. Early after sun-
down a dark object has frequently been
seen moving slowly across the river,
and boat after boat has been upset by
it. It was killed recently and proved
to be a big alligator. It is supposed
to have escaped from its owners years
ago. The creature weighed over 500
pounds, and it took half the population
of the neighborhood to kill it.

A Horse's Tasteful Tastes.

Judge Charles Ridgely, of Mineral
county, West Virginia, owns a horse
that eats anything a man will eat,
except a lemon. He is especially
found of sauerkraut and plug chewing
tobacco. He will take 10 cents worth
of plug tobacco from the hand of the
owner, chew it up, swallow it with a
relish, and then, though hitched to the
buggy, follow the judge on the side-
walk and beg for more.

A Noteworthy Invention.

An invention has been made which
promises to revolutionize completely
the industry of china decoration. By
a process discovered it is possible to
obtain in a few minutes the same
artistic effects which cost the hand-
painter on china days of labor. Land-
scapes, groups of figures, and portraits
are produced by this means on vases,
plates, and plaques in their natural
colors, even to the most delicate
shades.

POCH.

The transition from long, lingering
and painful sickness to robust health
marks an epoch in the life of the individual.
Such a remarkable event is
treasured in the memory and the
agency whereby the good health has
been attained is gratefully blessed.
Hence it is that so much is heard in
praise of Electric Bitters. So many
feel they owe their restoration to
health to the use of the Great Alter-
native and Tonic. If you are troubled
with any disease of Kidneys, Liver or
Stomach, of long or short standing,
you will surely find relief by use of
Electric Bitters. Sold at 50c and \$1
per bottle at F. B. Meyer's Drug
Store.
