Mr. Felix Donnelly, the father of B. M. Donnelly, the photographer, died very unexpectedly Monday morning about 10 o'clock, at his home east of Norway. He was in his usual health Saturday and was in town that day, but was taken that night with a difficulty in breathing and a pain in the region of his heart. Drs. Robison & McCann were in attendance Sunday and pronounced his condition serious, though his death was not thought to be so near at hand. On Monday morning while making an effort to rise from his bed he fell back and suddenly expired. He was buried Wednesday under the auspices of the Masonic lodge at this place, of which he was a member. He was seventy-three years old, and he and his wife were making arrangements to celebrate their golden wedding next March.—Monticello Herald.
