### MANY APPOINTMENTS CONFIRMED.

Closing Work of the Senate and House Before Adjournment.

In the Senate on the 21st Senator Hoar introduced a bill to establish a uniform system of bankruptcy throughout the United States. After conferring a large number of appointments in executive session the Senate adjourned to Jan. 6. In the House a resolution passed requesting the Treasurer of the United States to take into custody all moneys and other assets placed by J. P. Leedom in the safe of the Sergeant-at-Arms, and to safely keep them as a special deposit until further order of the House. The joint resolution to pay the House employees of the last Congress one month's pay was rejected. Speaker Reed then announced the House committee, and adjournment was taken to Jan. 6.

### MILLERS TO FORM A TRUST.

St. Louis Flour-Producers Think of Pooling Their Interests in One Concern.

The owners of the flour-mills of the St. Louis district are deliberating on the question of forming a trust. The millers on 'Change have been very much exercised over a report that five or six of the leading local flour-mills are to be combined into one large stock company and placed under one management. The success of the United Elevator Company, which is composed of eleven elevator companies that pooled their properties and formed a joint concern a few months ago, suggested the idea to the millers, some of whom have been earnestly at work on the scheme for several days. The estimated total value of the nineteen mills controlled in St. Louis is in the neighborhood of \$2,675,000, and a stock company composed of all of them would probably be capitalized at about \$3,000,000 in round figures.

### EATEN BY CANNIBALS.

Four of the Crew of the Ship Enterprise Killed and Roasted.

The Sydney (N. S. W.) Herald of Nov. 5 says that according to a letter received from Captain Woodhouse, of the trading schooner Elma Fisher, Boat Steerer Nelson of the schooner Enterprise, of Sydney, and three of the native crew of the Enterprise were killed and eaten by the cannibals of Solomon Islands. The Enterprise was trading among the islands, and the natives from Hammond Island, one of the Solomon group, induced Nelson and the others to go ashore to purchase some copra. Once on shore they were knocked on the head, and it is reported that the bodies were then roasted and eaten. The letter states that her Majesty's ship Royalist shelled the village on the islands when Captain Hand learned the particulars.

### MURDERED BY HIS DOUBLE.

What One of the Mollie Maguire Gang Says of Gowen's Death.

A Philadelphia dispatch says: "An ex-body master of the Mollie Maguire gang sent a letter to a Wilkesbarre paper saying that Franklin B. Gowen was murdered by his double. The Mollies, he said, had been on Gowen's track these ten years. A man who looked like Gowen was selected to do the work. He bought a pistol and watched Gowen when the latter left his hotel the day of the murder. The double went into his room and waited. Gowen came in and the Mollie threw a coat over Gowen's face and shot him, escaping afterward by the window.

### MURDERED HIS FAMILY.

Terrible Deed of an Ohio Father Who Drank Heavily.

The dead bodies of Charles Shelar and wife and three children, all with their throats cut, were found in their house at Niles, Ohio, the other day. Shelar and his wife were lying across the foot of the bed and the children were lying on the floor in different parts of the house. Shelar of late drank heavily. It is said that he and his wife did not live happily together. The theory is that Shelar cut the throats of his wife and children and then his own. He used a razor purchased of a hardware dealer the evening previous to the murder.

### Appointed to Office.

### Murderers Sentenced.

At Glenwood Springs, Colo., Robert Holmes has been sentenced to be hanged, William Chambers to a life sentence, and Joseph Holmes to ten years' imprisonment for the murder of Henry Holmes, at Cache Creek, last June.

### New Railway Shops at Chattanooga.

The Cincinnati Southern Railway will build shops at Chattanooga, Tenn., at once, and employ 500 men.

## DISCUSSING THE CRONIN VERDICT.

The Decision of the Jury Causes General Dissatisfaction.

A Chicago dispatch says public interest in the Cronin case has not abated one whit. The verdict returned is the subject of general discussion, and the comments made on it as a whole are by no means favorable to the jury. The almost universal opinion is that the result of the long trial came little short of being a gross miscarriage of justice. Everybody seems to think that the death penalty would have been all too light a sentence for men found guilty of being participants in such a brutal murder as was that of Dr. Cronin. There were not a few who advocate the propriety of the prosecution in the case not resisting the motion of a new trial, but allowing it to be granted, in the hope that the result of a second trial would be that the three men who received life sentences in the penitentiary, should be given the death penalty. The prisoners, if they secure a new trial, must be tried on the same charge of which they have been convicted, but a heavier punishment may be visited upon them if the jury before whom they are tried so decides. In the case of Kunze, on the other hand, he could only be tried for manslaughter, but he might receive a longer sentence for that crime than this jury gave him. The prisoners deport themselves as men who have been relieved of an overpowering dread of something terrible to happen.

### JEFFERSON DAVIS' WILL.

The Estate of the Confederate Leader Left to His Wife and Daughters.

The will of Jefferson Davis has been filed for probate at Mississippi City, Harrison County. It is free from political allusions and is confined entirely to the disposition of his property. After the usual formal opening the document continues:

I give and bequeath to my wife, Varina Davis, all of my personal belongings, including library, correspondence, and the Brierfield Plantation (proper), with all its appurtenances, being situated in the County of Warren, State of Mississippi, and being the same on which we lived and toiled together for many years from the time of our marriage.

Elliston Plantation is given to Mary Routh Ellis, of Philadelphia, and Limerick Plantation goes to Mary Ridgely Dorsey. The will continues:

I give and bequeath to my daughter, Varina Anne Davis, all the other property—real, personal, and mixed—which was inherited by me from Mrs. Sarah A. Dorsey, deceased, and of which I may die seized and possessed; to my wife, Varina Davis, and to my daughters, Margaret Davis Hayes and Varina Anne Davis, as residuary legatees, I give and bequeath all the property, real, personal, and mixed, of which I may die seized and possessed and which has not been disposed of by the preceding articles.

### BIG CATTLE FIRMS CONSOLIDATE.

The Hammond Company and the Munroes of Boston Unite Their Interests.

A Chicago dispatch says: It is now a settled fact that two of the biggest beef and cattle firms in the country—the Munroes of Boston and the Hammond Company of Hammond, Ind.—have united, and that in the amalgamation the livestock industry has lost one of the heaviest dealers, while the dressed-beef industry has been increased by one. The Boston dressed-beef plant has, it is understood, been turned into the new company, and it is also understood that Munroe will be one of the Eastern representatives of the Hammond Company. The Hammond concern has its plant at Hammond, Ind., and is one of the most extensive in the country. It is one of the alleged "big four."

### SHOT HER INSULTER DEAD.

A Missouri Farmer's Daughter Takes Revenge on One of Her Father's Hops.

Julius Hofer, a young German whose parents reside in Cole County, Missouri, was shot and instantly killed by Louisa, the nineteen-year-old daughter of Abraham Epperson, a Callaway County farmer. Hofer worked for the girl's father. Sunday night she had company, and next morning Hofer made some remark about her and the young man who visited her, at which she became greatly offended. At noon he repeated the remarks, and she shot him through the head with a revolver. He died instantly. The facts of the tragedy were learned from a brother of the deceased, who had just arrived in town, and the statement made is his story of the killing.

He says there are two centers of the dry districts, Miner County in the south and Faulk County in the north. Excepting a light crop in western Faulk there was almost a total failure of crops in these counties and in portions of the adjacent counties, except to the west, making in each case a dry district somewhat greater than double the area of each county. There are many cases of absolute destitution, and there would have been suffering but for the prompt assistance furnished from all other parts of the State and also adjoining States. The railroads are donating coal and hauling articles free to unlimited extent. The people are unusually healthy and in good spirits.

### The Deed of a Maniac.

"Dear Jesus, I will send you my children for a Christmas present," yelled Joseph Kracks at his home, No. 139 Avenue A, New York City. He and his wife and three children occupied the third floor. Mr. Kracks had suddenly become insane. He threw his three children, aged respectively 1.5 and 8 years, and his wife out the window, inflicting injuries from which they may die. The baby cannot recover. All would have been killed instantly but for a fire-escape breaking the force of their fall on the way down. It took several policemen to overpower and place the maniac in a strait-jacket. He is in the insane department at police headquarters. His wife and children are in the hospital.

### Oil Ablaze on the Seine.

A Paris cable says: Several explosions occurred on board the British tank steamer Ferguson, lying at her wharf at Rouen. One man was killed, four wounded and the vessel and docks were damaged to the extent of \$150,000. The Ferguson took fire and burned to the water's edge. ## DOINGS OF CONGRESS.

IMPORTANT MEASURES CONSIDERED AND ACTED UPON.

### At the Nation's Capitol—What Is Being Done by the Senate and House—Old Matters Disposed of and New Ones Considered.

MR. CHANDLER offered a resolution in the Senate, on the 17th, calling on the Secretary of the Navy for information as to whether organizations not expressly authorized by the Secretary of the Navy exist among naval officers for purposes not merely literary or scientific, and if so, what are the objects of such organizations and what officers are members of them. Whether such organizations embrace only one branch of the naval service, and are designed to protect and advance the special interests of that branch; whether any of them have been organized for the purpose of influencing Congressional legislation; whether sums of money have been paid or contracted for to influence legislation; whether such organizations are compatible with proper discipline. The resolution was laid over. Senator Reagan introduced a bill providing for the incorporation of a private body to be known as the Jornada and El Paso Reservoir and Canal Company, the objects of which are to build and operate storage reservoirs in New Mexico and Texas for irrigating purposes. The bill appropriates \$25,000, to be paid out of the national treasury, to pay the expense of the survey for the reservoirs, and directs that Maj. Powell, of the geological survey, be placed in charge of this work. Nothing of interest transpired in the House.

In the Senate on the 18th a resolution was introduced by Mr. Morgan, of Alabama, to recognize the republic of Brazil, which went over under the rules. A joint resolution to extend the maritime conference until March 1 was passed. The Senate then, after the introduction of a few bills, went into executive session and made the following confirmations: Fred Douglass, Minister to Haiti; A. L. Snowden, of Pennsylvania, Minister to Roumania, Serbia, and Greece; A. W. Bennett, of Massachusetts, Secretary of the United States Legation at Venezuela; J. J. Chew, of the District of Columbia, Secretary of the Legation at Vienna; Charles R. Pope, of St. Louis, Consul at Porto Rico; G. W. Mendenhall, of Pennsylvania, Consul at Brussels; John S. Stevens, Minister to the Hawaiian Islands; William Walter Phelps, Minister to Germany; Solomon Hirsch, of Oregon, Minister to Turkey; H. Henderson, of Ohio, Minister to Bolivia; W. L. Rice, of Massachusetts, Consul at Copenhagen; A. J. Sampson, of Colorado, Consul at Paso del Norte, Mexico; T. H. Sherman, District of Columbia, Consul at Liverpool; J. A. Tibbets, of Connecticut, Consul at Bradford; W. P. Sutton, of Illinois, Consul at Havana; At Nuevo Laredo, Mexico; Evans Blake, of Illinois, Consul at Crete; L. W. Brown, of Ohio, Consul at Glasgow; J. B. Osborne, of Pennsylvania, Consul at Ghent; A. M. Tarker, of Massachusetts, Consul at San Francisco; W. G. Pryor, of Maine, Consul General at Havana; O. Burn, of Rhode Island, Consul General at Rome; D. B. Hubbard, of Massachusetts, Consul at Annaberg; R. S. McCormick, of Illinois, Second Secretary of Legation at London; Commodore F. M. Ramsey, Chief of Bureau of Navigation; P. W. Palmer, of Illinois, Public Printer; B. H. Miller, of Massachusetts, Indian Inspector; David J. Brewer, of Kansas, Associate Justice of the Supreme Court of the United States. In the House, the Senate amendments to the House joint resolutions for the printing of the agricultural report were agreed to. Mr. McKinley, of Ohio, from the Committee on Ways and Means, reported a concurrent resolution for a holiday recess from the 21st to the 26th. Agreed to—152 to 39. On motion of Mr. Rowell, of Illinois, the Committee on Elections was granted leave to sit during the session of the House. Mr. McKinley, of Ohio, from the Committee on Rules, reported a resolution for the immediate roll-call of the States for the introduction and reference of bills. Adopted. Before the order was carried out, however, Mr. Payne, of New York, from the Select Committee, reported a resolution authorizing the Sergeant-at-Arm of the House to pay \$5,000 for the arrest and delivery to the Marshal of the District of Columbia of C. E. Silcott, the absconding cashier, the reward to be paid out of the contingent fund of the House. Adopt
