"Some lives are like Horse shoes the more worn the brighter!"  
 Busy wives who use SAPOLIO never seem to grow old. Try a cake...

A complete wreck of domestic happiness has often resulted from badly washed dishes, from an unclean kitchen, or from trifles which seemed light as air. But by these things a man often judges of his wife's devotion to her family, and charges her with general neglect when he finds her careless in these particulars. Many a home owes a large part of its thrifty neatness and its consequent happiness to SAPOLIO.

Grocers often substitute cheaper goods for SAPOLIO, to make a better profit. Send back such articles, and insist on having just what you ordered.
