

FRIDAY JUNE 27 1890

Entered at the post office at Rensselaer, Ind.
as second-class matter.

DEMOCRATIC CONVENTION.

The Democratic voters of Jasper county, and all other enemies of monopolies, trusts and combines, who believe that the adoption of Democratic principles are essential to the welfare of the whole people, are requested to meet in mass convention at the usual voting places, in the various townships, on

SATURDAY, JULY 26, 1890, at 2 o'clock p. m., to transact the following business:

1st. Appoint a committee of three, who, with the chairman of township committee shall prepare a complete and accurate poll of the voters of the township, the same to be delivered to the chairman of the central committee on the date of the county convention.

2d. Select such other committees as may in the judgment of the convention be necessary to a complete and thorough organization of the party in the township.

3d. Select one delegate for each ten votes, and one for each fraction over five votes cast for C. C. Matson for Governor at the November election of 1888. The above apportionment entitles the various townships to delegates as follows:

Hanging Grove	4
Walker	7
Marion	20
Newton	7
Kankakee	4
Carpenter	17
Union	8
Gilliam	4
Barkley	8
Jordan	7
Keener	3
Wheatfield	6
Milroy	3

The delegates so selected will meet in delegate convention in the Town of Rensselaer, on SATURDAY, AUGUST 2, 1890, at 1 o'clock p. m. to nominate a county ticket to be voted for at the November election, 1890, and also to appoint delegates to the various conventions.

By order of County Committee.

DAVID W. SHIELDS,

Chairman.

JAS. W. MCEWEN, Sec'y.

Our Billy Owen heard from the Farmers' alliance, and voted for free silver, but then he was satisfied his vote would not carry it.

The Republican, last week, made the following complimentary announcement of the republican candidate for representative:

"It is reported that a man named Parker, from Remington, was nominated for Representative. There must be a mistake or skullduggery."

As it has proved to be no mistake the nomination must have been accomplished by "skullduggery!" The republican party is well known for the avidity with which it resorts to extreme questionable methods to accomplish its purposes, and what may be said of it collectively, may be said of the individuals composing it. Johnson, of Newton, up to within 24 hours of the assembling of the convention was conceded a clear field, but Grant township, Newton county, backed by the entire Jasper delegation, "evoked his goose" for him.

It is reported that a man named Parker, from Remington, was nominated for Representative. There must be a mistake or skullduggery.—Rensselaer Republican.

Isn't that a sweet scented send off from "The Organ"? Has the Republican joined hands with the enemy? Carpenter township deals in no "skullduggery," her goods are "all wool and full yard wide." — Remington News.

The News editor, strikes out for recognition as 'The Organ' with all the vim of our former townsman, Horace E. James, possibly not with the same recklessness.

The Rensselaer Sentinel is of the opinion that the Democrats cannot elect a judge against Judge Hammond. The Democrats will run a candidate at any rate, even if he is defeated. They will have a full ticket, from Congressman to Coroner, and fight it out on that line if it takes another generation. This is the opinion of all with whom we have conversed.—Kentucky Democrat.

The above information causeth our heart to leap with joy. No Democrat is more uncompromisingly opposed to a 'bob-tail' ticket than ourself. We only expressed the opinion as to the probability of securing the consent of a competent Democratic attorney to if our friend Spottswood has a Democrat in view for the position we shall be too happy to have him announced.

Those who are interested in a "home market" should read the following, clipped from the republican Indianapolis News:

"The full meaning of a 'home market' is only grasped when it is known that our protected manufacturers charge our buyers from 10 to 30 per cent. more for the same goods than they do foreign buyers."

Three ship loads of ice from Norway have arrived in New York and broken the combination price. The ice-barons will have the McKinley bill amended in no time, to prevent the importation of pauper ice. It exemplifies the protection trusts get from tariff. It is barely possible that the people who are benefited like it.—Indianapolis News, rep.

The Indianapolis Sentinel will award five prizes aggregating more than \$1,000 to the five persons who guess nearest to the population of the United States, as shown by the census now being taken. The prizes are as follows:

The first prize is for the best guess on the population of the United States—a first class piano, a superb instrument, listed at \$700

The second prize is for the best guess on the population of Indiana—\$100.00 in gold.

The third prize is for the second best guess on the population of Indiana—a first-class bicycle, valued \$85.00.

The fourth prize is for the third best guess on the population of Indiana—a caligraph typewriter, value \$85.00.

The fifth prize is for the fourth best guess on the population of Indiana—a McCormick mower, No. 4, value \$65.00.

Any subscriber, old or new, is entitled to one guess on the payment of one dollar—one year's subscription—received at Sentinel office before the returns of the census are made public. The name of the subscriber remitting the money will be recorded, with the figures of his guess. A receipt will be sent him setting forth the figures of his guess, which should be laid aside by him until the end of the contest, when the names of prize-takers will be duly announced in these columns.

By the "United States" is meant all the States, the District of Columbia and all of the Territories, exclusive of Alaska.

The population of the United States by the last census, 1880, was 50,155,783.

The population of Indiana by the last census, 1880, was 1,978,301.

Yours truly,
THE INDIANAPOLIS SENTINEL CO.

Jordan B. Noble, colored, died in New Orleans on Sunday, aged ninety-two years. He was a drummer boy in the army of Jackson at the battle of Chalmette in 1814.

The farm implement makers of this country advertise in Buenos Ayres the same plough for \$9 that they advertise in the United States at \$18. This must be very interesting to the "home market" farmers of Indiana.—Lafayette Journal.

Not one word concerning the recovery of forfeited public lands has been heard during the present administration. The land pirates are happy. They should be.

By way of retaliation England is threatening to lay an embargo on American wheat. Thus is the farmer getting the black eye all along the line. But he has his reward in the glorious "Home Market."

The word "its" only occurs once in the whole of the Bible.

Michigan farmers, who sold their wool under Cleveland's administration, with the Mills bill before the country, at from 28 to 35 cents, and with the hope of bettering their condition, gave B. Harrison and protection a large plurality, are now receiving for best wool clip they ever marked, from 24 to 28 cents. They are very sore.

Summer Normal.

The Jasper County Normal will be held in the Rensselaer School Building, beginning July 14th and continue five weeks.

The common school branches will be thoroughly reviewed; and classes will be formed in algebra and latin. Book keeping will also be taught in case five or more desire to study it.

It is hoped that the teachers of Jasper County will avail themselves of this opportunity of attending the normal to better qualify themselves for the responsible work of teaching.

Because you hold a license should be no reason for not attending. If you are ambitious, energetic, and desire to rise in this profession you must embrace every opportunity afforded to qualify yourselves thoroughly. Remember it is the able, thorough, painstaking teacher that succeeds.

The tuition will be as in previous normals.

Per term advance, \$4.50
Per term not in advance, \$5.00
Per week in advance, \$1.00
