Laws of Newspapers.  
Except at the option of the publisher no paper will be discontinued until all arrears are paid.

Any person who receives or takes a newspaper from a post-office, whether he has ordered it or not, or whether it is in his name or another's, is held in law to be a subscriber and is responsible for the pay.

If subscribers move to other places without notifying the publisher, and the papers are sent to the former direction they are held responsible.

The courts have decided that subscribers, in arrears, who refuse to take papers from the post-office, or removing and leaving them uncollected, are prima facie evidence of intention to defraud, and may be dealt with in the criminal courts.

If any person orders his paper discontinued, he must pay all arrears or the publisher may continue to send it until payment is made and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until payment is made in full.

## OUTCOME OF TARIFF ROBBERY.

[Chicago Globe.]

That lower wages should follow higher tariff is no surprise.

Look at this proposition:

Increased cost of goods decreases their consumption.

Decreased consumption lessens the demand.

A lessened demand diminishes the production.

Diminished production means less labor.

Less labor causes a reduction of operative wages.

The discharged employees become surplus skill.

A surplus of unemployed labor is a competitor against labor employed, and bidding against it lowers wages.

Is not this proposition tenable?

And can the fact be gotten around that the McKinley law not only increases the cost of living in this country, but also decreases the earnings of laborer?

Vote the straight Democratic ticket.—Stamp the square on the left side of the title—"Democratic Ticket."

WHY EVERYTHING GOES UP.

[Interview with Senator Carlisle.]

Correspondent.—A newspaper cited yesterday an instance where a shopkeeper put up the price of an article on the ground of the passage of the tariff bill, and it was discovered, on examination of the law, that the duty had been reduced instead of increased.

Mr. Carlisle.—There is nothing very strange in that, because, in the first place, it is the natural disposition of every man in trade to take advantage of the general rise in the price of commodities, and in the next place he is compelled to do so to a certain extent because the prices of a great many things which he is compelled to buy and to use for himself and family will be actually increased by the new tariff law; and he must also increase if he can the prices of the articles he has to sell in order to compensate himself for his additional expenditures. In other words, what I mean to say is that when you increase the prices of the commodities which the people are compelled to have, the almost inevitable effect is to raise to some extent the prices of all other articles.—All the products of labor except such as we produce in greater quantities than we need for domestic consumption, as is the case with agricultural products generally, will thus rise in price, but the wages of laborers and the compensation of persons with fixed salaries will not rise. They are always the last to feel the effect of a general increase of prices. No tariff can possibly affect the wages of labor in this country, because wages always depend on the law of supply and demand, and no artificial arrangement can affect them beneficially. All the effect that such arrangement can have is to increase the cost of the thing which the laborer has to buy with his wages—which is precisely the same thing to him as if his wages were actually reduced.

For the candidate for whom you desire to vote you will stamp the little square on the left and in line with his name.

APROTECTIONIST DENUNCIATION

[Philadelphia Telegraph (Rep.)]

A justly protective tariff, one which protects the American workman in his better wages against the worse wages of his Old World competitor, and which stops short at that, and does not foster trusts and monopolies, or which does not decrease work and wages while increasing the cost of living, would require no defense.

The whole country would approve it; but the McKinley act is not a protective tariff, it never was intended to be; it is a betrayal of the wholesome and judicious policy of real protection; it is, as it was intended to be, repayment of a political debt due to the manufacturers, and a bid for the incurrence of another similar debt in the future. It represents a vast fund returned to the manufacturers in acquittance of the most gigantic corruption fund ever used in American politics. It is a measure which makes the rich richer and the poor poorer. It increases no man's wages; it increases every man's living expenses.

You stamp what you vote.

DEMOCRATIC TICKET.

If you wish to vote the straight Democratic ticket stamp as above—on the square left side of the title—then if there is a candidate on any of the other tickets you may wish to vote for stamp the square left side of his name in like manner, and your ticket will be counted all right.

Our neighbor refers to a letter said to have been written by Dr. Patton to a soldier at Goodland, asking his vote for him because he was a soldier, and that the soldier responded by inquiring if the doctor had voted for Harrison, to which he made no reply. It is said, however, that the doctor did reply, stating that he "did not and could not vote for any man who would swear, as Harrison did, that his services were worth \$1,000 per week, and then brutally say to laboring men that \$1 per day was proper remuneration for their services, and should be sufficient for the support of their families."

GEORGE M. ROBINSON,

Auditor Jasper County, Ind.

## TOO THIN, GENTLEMEN.

The Republican this week copies an article from the Monticello Herald, which Newbold, the presiding officer of the convention at Monon which nominated Mr. Milroy, refused at the last moment to properly acknowledge the certificate of nomination, 'THO' NOTIFIED BY CLERK BREARLEY TO DO SO.' Clerk Brearley is Democratic Clerk of White county, has given very general satisfaction, and is the candidate of the party for re-election.—It is, therefore, hardly probable that Mr. Brearley found insisting upon Chairman Newbold, up to the last moment, to properly acknowledge the certificate of nomination, when it is no part of his duty to do so, and in opposition to a purported deal on hand in the interest of his party, complains that John B. Milroy's name for Congress, on the People's ticket, was not certified up to the Circuit Clerks throughout the District, and insinuates that "there is good ground for suspicion that there has been an attempt to sell the People's party out in the interest of the Democratic candidate for Congress," by Chairman Newbold. But the Herald, in the same article, knocks its theory of a "sell out," and the party in whose interest it is purported to have been made, clean out, by the admission that "no certificate of his (John B. Milroy's) nomination has been filed with the county clerks, as required by law, and the peculiar part of the case is that Chairman It is very evident, if there was a "sell out" on hands, it was in the interest of W. D. Owen.

From all over the State we hear the most cheering news. We are on the eve of an overwhelming Democratic victory. Billy Owen will be elected in this Congressional District. Jasper county will have the honor of furnishing the next Congressman.

Notwithstanding our neighbor's assertion that there is no defection in Cass county, Billy Owen will be badly snowed under there.

\$10,000 worth of fine horses were disposed of at the Rensselaer Stock Farm the other day.

Beware of false reports circulated on election day to deceive the unwary.

INSTRUCTIONS TO VOTERS.

First. You must get your ballots of the polling clerks in the election room.

Second. If you want to vote a straight ticket, stamp the square to the left of the name of the party for whose candidates you wish to vote. If you wish to vote for a candidate not on the ticket of your party, then in addition to stamping the square to the left of the title of your party, stamp the square to the left of the name of each candidate for whom you desire to vote.

Third. Do not mutilate your ballot or mark it either by scratching a name or by writing one on, or in any other way, except by the stamping on the square or squares, as before mentioned. Otherwise the ballot will not be counted.

Fourth. If you do not understand how to mark your ballots, ask the poll clerks. If you cannot read English or are physically unable to mark your ballot, on your request, the poll clerk will mark it for you.

Fifth. If, by accident or mistake, you tear, mutilate, deface or spoil your ballot, go at once to the poll clerks and explain how the accident occurred, return the ballot to them and ask for another.

Stamp on the square — to the left of the title of the ticket — DEM if you wish it straight — if a 'mix' stamp the square left of the name you desire to vote.

STAMP WHAT YOU VOTE.

"You stamp what you vote." That is all there is to the new election law touching the ticket for the voter. There is no mystery, intricacy, vagueness nor puzzlement about it. If you want to vote a "straight" ticket you "place the stamp on the square preceding the title under which the candidates for such party are grouped." [Election law, sec. 45.] That is, you simply stamp the blank space at the side of "Republican ticket," or "Democratic ticket," or "Prohibition ticket," as you may wish. If you want to vote a straight ticket, all but one man, you stamp that ticket at the head just as for a straight ticket, and then stamp the place at the name of the man on the other ticket for whom you want to vote.—Indianapolis News.

NOTICE TO TOWN TAXPAYERS.

Notice is hereby given that the tax duplicate for the year 1890 and previous years has been turned over to me with a warrant to collect the same within the next ninety days. Therefore I shall proceed to do so immediately by calling upon or notifying all of the amount of his or her taxes and trust that I will be able to collect the same at once as the town is in much need of the funds. If the same are not paid within the specified time the same will be collected by sale of property.

A. SIMPSON, Marshall.

By CHAS. G. SPITLER, Town Clerk.

ADVERTISED LETTERS.

Mrs. J. C. Chapman, Ira C. Gray, Mr. Lucien Massey, C. W. Monnies, Mr. D. A. Ridenour.

Persons calling for letters in the above list will please say they are advertised.

Ed. RHODES.

## HOWARD BURR, OF JORDAN TOWNSHIP, AND ASA TYLER, OF KEENER TOWNSHIP, HAVE BEEN AWARE FOR WEEKS THAT THEY WERE THE NOMINEES OF THE PEOPLE'S PARTY FOR COMMISSIONERS THIRD AND FIRST DISTRICTS RESPECTIVELY. NOW, AT THE TWELFTH HOUR, THEY DECLINE THE POSITIONS ON THE TICKET TENDERED THEM WITH VERY GREAT INDIGNATION. THEIR CARDS OF DECLINATION APPEAR IN THE REPUBLICAN, FOR WHICH PAPER THEY WERE SOLELY AND ALONE INTENDED. THE DECLINATIONS ARE UNDOUBTEDLY MADE IN THE INTEREST OF THE REPUBLICAN NOMINEES FOR COMMISSIONER. WE TRUST AND SUGGEST THAT THE MEMBERS OF THE PEOPLE'S PARTY, WHO WOULD HAVE, IN GOOD FAITH, VOTED FOR BURR AND TYLER, SIT DOWN ON THE LITTLE GAME AND STAMP THE LITTLE SQUARES TO THE LEFT OF THE NAMES OF THE DEMOCRATIC NOMINEES—GEORGE O. STEMBEL AND JAMES H. GREEN. IN THE LANGUAGE OF AN OLD REPUBLICAN "IT WOULD PROVE A MIGHTY FINE THING FOR THE COUNTY TO HAVE A POLITICALLY DIVIDED BOARD OF COMMISSIONERS. POLITICAL DIVISION IS MOST GENERALLY A REMEDY AGAINST WHITENESS PROCESSES."

Nat. S. Bates proved himself an accommodating, faithful and efficient postmaster. He would carry with him into the office of Auditor all these desirable characteristics.

Vote the Democratic State Ticket without a scratch—stamp on the little square to the left of the title. A better ticket has never been presented for your suffrages.

The Republican has for some time been snapping and snarling at a number of the citizens of Remington, and of Carpenter township, and this week gets of the following sneer at our beautiful little sister town:

"Dr. Patton, the Democratic candidate for Congress, is undoubtedly a good enough village doctor and also a pleasant and accommodating neighbor," etc.

All the same, Dr. Patton ranks high in his profession, is held in high esteem by the entire community in which he resides and Remington will have the honor of furnishing the next Congressman for the Tenth District.

The United States Senate, fearing the people, refused to act on the infamous Force bill which passed the lower House, but it is only waiting to rear from the people. On Tuesday next vote for Patton, and by so doing give the quietus to a measure calculated to keep one party in power in spite of the protests of the people.

Vote for Harrington for Clerk. He is a worthy young man, well qualified for the position, and, if elected, will perform the duties of the office in a satisfactory manner.

Vote for Lee E. Glaesbrook for Representative in the Legislature. He is a well informed, educated farmer. He is one of the masses, his sympathies are with them, and if elected he will devote his attention to legislation in their interest. His opponent, Mr. Parker, is a banker, his sympathies are with that class, and he will, if elected, support all measures that will have a tendency to promote the interests of the money-getters.

Honest, old Dave Culp, for Senator.—His countenance betokens that he is one of the people, and that their interests could not be entrusted to safer hands.—Vote for him!

For Judge and Prosecutor, William Darroch and Frank Davis, are presented. They are well qualified for the positions to which they have been nominated and are worthy a cheerful and hearty support.

William Ventling, for Sheriff, is most highly esteemed by those who know him best, and his immediate neighbors regard him as the proper man for the position for which he has been named. You will make no mistake in voting for him.

It is hardly necessary to say a word for Dr. Victor E. Loughridge, for Coroner.—He is a young man reared in our midst, and his professional duties have from time to time brought him in contact with most of the people. If elected, he will perform the duties of the office satisfactorily.

For Commissioners, George O. Stembel, 1st District, and James H. Green, 9d District, are presented as honest, first-class business men. There is a growing sentiment in favor of politically dividing the Board of Commissioners in the interest of county affairs. On Tuesday next an opportunity will be afforded to carry out the proposition. Stamp on the squares to the left of the names of George O. Stembel and James H. Green, and it will be all right.

All soldiers and their wives are cordially invited to attend the Dinner and Supper to be given on election day by the ladies of the W. R. C., the proceeds of which is for the relief of needy soldiers and their families. Come with baskets well filled.

A Nebraska statesman calls upon Quay "for God's sake put a stop to the mercantile circulars giving notice of advanced and advancing prices, until after the election, as it is demoralizing the Republican party in this State."

Just received a new and complete line of dress goods, including the handsomest line of plaids in Rensselaer.
